Social Networks And Organizations:

The Hidden Power of Social Networks Robert L. Cross, Andrew Parker, 2004-06-02 A powerful visual framework helps managers discover how employees really communicate and collaborate to get work done and helps them identify ways they can influence these social networks to improve performance and innovation In *The Hidden Power of Social Networks* Cross and Parker experts in social network analysis a technique that visually maps relationships between people in large distributed groups apply this powerful tool to management for the first time Based on their in depth study of sixty informal employee networks in well known companies around the world Cross and Parker show managers how to conduct a social network analysis of their organization

Social Networks and Organizations Martin Kilduff, Wenpin Tsai, 2003-08-15 The authors should be congratulated for not only offering an excellent tour de force of cutting edge work in social network analysis but also charting some new possible territories for future organizational research Environment and Planning Social Networks and Organizations provides a compact introduction to major concepts in the area of organizational social networks The book covers the rudiments of methods explores major debates and directs attention to theoretical directions including a vigorous critique of some taken for granted assumptions The book is aimed at all of those who seek a lucid and lively treatment of social network approaches to organizational research with a particular emphasis on the neglected area of interpersonal networks in organizations In this book Martin Kilduff and Wenpin Tsai offer new insights to those already familiar with network analysis and motivate those interested in pursuing network research to embark on journeys of discovery This book is extremely timely It provides a wonderful synthesis of the recently burgeoning literature in the area of organizations and social networks It should be relevant at once for both the experienced network scholar as well as those entering this growing area Ranjay Gulati Kellogg School of Management Northwestern University Martin Kilduff and Wenpin Tsai have done a marvellous job of not only reviewing and integrating the diverse streams of literatures on social networks but also of showing the enormous potential of this research approach that still lies untapped Overall this book will prove to be an invaluable resource for interested graduate students as well as for established scholars in the field Sumantra Ghoshal Professor of Strategic and International Management London Business School Research on social networks is already one of the most vibrant areas of organizational inquiry How can it possibly become any more so This book by Kilduff and Tsai opens up many new avenues for network research and theory building Whether you re newly interested in social networks or a veteran of the topic you will benefit from Kilduff and Tsai s marvellous contribution Donald C Hambrick Smeal College of Business Administration The Pennsylvania State University

Contemporary Perspectives on Organizational Social Networks Daniel Brass, Giuseppe Labianca, Ajay Mehra, Daniel Halgin, Stephen P. Borgatti, 2014-02-07 Social network analysis has transformed the study of organizations over the past 30 years

Hidden Power of Social Networks Rob Cross, 2004

Social Networks at Work Daniel J. Brass, Stephen P. Borgatti, 2019-11-26 Social Networks at Work provides

the latest thinking from top notch experts on social networks as they apply to industrial and organizational I O psychology Each chapter provides an in depth review along with discussions of future research and managerial implications of the social network perspective Altogether the volume illustrates the importance of adding a social capital perspective to the traditional human capital focus of I O psychology The volume is organized into two groups of chapters the first seven chapters focus on specific network concepts such as centrality affect negative ties multiplexity cognition and structural holes applied across a variety of topics The remaining eight chapters focus on common I O topics such as personality creativity turnover careers person environment fit employment teams and leadership and examine each from a network perspective applying a variety of network concepts to the topic This volume is suited for students and academics interested in applying a social network perspective to their work as well as for practicing managers Each topic area provides a useful review and guide for future research as well as implications for managerial action A Connected World Martin Kilduff,Lei Liu,Stefano

Tasselli,2023-06-30 This Element synthesizes the current state of research on organizational social networks from its early foundations to contemporary debates It highlights the characteristics that make the social network perspective distinctive in the organizational research landscape including its emphasis on structure and outcomes It covers the main theoretical developments and summarizes the research design questions that organizational researchers face when collecting and analyzing network data Then it discusses current debates ranging from agency and structure to network volatility and personality Finally the Element envisages future research directions on the role of brokerage for individuals and communities network cognition and the importance of past ties Overall the Element provides an innovative angle for understanding organizational social networks engaging in empirical network research and nurturing further theoretical development on the role of social interactions and connectedness in modern organizations **Driving Results Through Social Networks**

Robert L. Cross,Robert J. Thomas,2009-01-09 Driving Results Through Social Networks shows executives and managers how to obtain substantial performance and innovation impact by better leveraging these traditionally invisible assets For the past decade Rob Cross and Robert J Thomas have worked closely with executives from over a hundred top level companies and government agencies In this groundbreaking book they describe in depth how these leaders are using network thinking to increase revenues lower costs and accelerate innovation *Interpersonal Networks in Organizations* Martin Kilduff,David

Krackhardt,2008-09-01 This book brings a social networks perspective to bear on topics of leadership decision making turnover organizational crises organizational culture and other major organizational behavior topics It offers a new direction for organizational behavior theory and research by drawing from social network ideas Across diverse research topics the authors pursue an integrated focus on social ties both as they are represented in the cognitions of individuals and as they operate as constraints and opportunities in organizational settings The authors bring their 20 years worth of research experience together to provide a programmatic social network approach to understanding the internal functioning of

organizations By focusing a distinctive research lens on interpersonal networks they attempt to discover the keys to the whole realm of organizational behavior through the social network approach

Driving Results Through Social Networks Robert L. Cross,2009 *Networks and Organizations* Nitin Nohria,Robert G. Eccles,1992 Colección de artículos académicos sobre la teoría de las organizaciones y el análisis de redes que proporciona un excelente balance del desarrollo de estas aplicaciones y las últimas investigaciones destinado sobre todo a sociólogos *Driving Results Through Social Networks* Robert L. Cross,2017-08-09 Driving Results Through Social Networks How Top Organizations Leverage Networks for Performance and Growth By Robert L Cross

Women Organizations And Social Networks Neerja Ahlawat, *Assessing the Benefits of Social Networks for Organizations* ,2013 *The Network Organization* Anna Moretti,2017-06-22 This book explores the basic traits of inter organizational networks examining the interplay between structure dynamics and performance from a governance perspective The book assumes a novel theoretical angle based on the interpretation of networks as multiple systems and advances the theory in the realm of network effectiveness and failure Composed of two parts theoretical and empirical The Network Organization clarifies the literature on networks offering a systematic review and provides a new perspective on their integration with other streams of research focusing on understudied issues such as agency micro dynamics and network effectiveness The second part proposes the analysis of the tourism destination of Venice with a specific focus on the network between the Venice Film Festival the hospitality system and the local institutions By exploring the pervasion of networks in modern social and economic life this book will be valuable to students researchers practitioners and policy makers

The Organizational Network Fieldbook Robert L. Cross, Jean Singer, Sally Colella, Robert J.

Thomas, Yaarit Silverstone, 2010-06-15 The Organizational Network Fieldbook This is the ultimate resource for practitioners who want to implement insights from organizational network analysis and thinking Dozens of concrete examples interventions and practical advice from network experts show you what you can do to strengthen networks and boost performance This book is essential for anyone in business government or consulting who wants to get network thinking from analysis to action in organizations WAYNE BAKER professor of management and organizations Stephen M Ross School of Business University of Michigan What a great idea this book is The Organizational Network Fieldbook will demand to be read by anyone undertaking any social network efforts in their organization It is not only a unique book but it is also very well thought out finely written and exceptionally pragmatic It s a great achievement for the authors and a great boon to all practitioners LARRY PRUSAK researcher and consultant and the founder and former director of the Institute for Knowledge Management In this practical companion to the best selling Driving Results Through Social Networks the authors draw on their network building activities in organizations such as ConocoPhillips 3M and the United States Department of Defense in order to provide a compilation of highly practical approaches to help leaders shift their focus from formal organizational structures to a better understanding of flexible networks

Orchestration of the Global Network Organization Laszlo

Tihanyi, Timothy M. Devinney, Torben Pedersen, Markus Venzin, 2014-07-09 Multinational Corporations are meeting new challenges by focusing on core activities value chain disaggregation relocation of activities to emerging markets industry consolidation technological change and market volatility In this volume we scrutinize different models to examine how MNCs can cope and orchestrate a global network organization

Organizational Networks and Networking Competence Marzena

Fryczyńska, 2021-02-22 Networks and networking are essential concepts that transform organizational economic and social practices Human capital is both a source of competitive advantage and a value that allows individual employees to develop their careers and find satisfaction in their employment The book addresses the vital issue of changes occurring in management and employment with the growing career individualization focus on future professional challenges importance of knowledge workers and possibilities of functioning in social and organizational networks Workers networking competence is the main theme of this book Much attention is put on differentiating it from other types of competence and other network objects and identifying its behavioral manifestations as the frequency of such behaviors can be used as a measure of an individual s networking competence level Employment related variables and characteristics that affect networking

competence are analyzed in depth as is the impact of networking competence on career success and employability thus laying a foundation for transformation in network organization management employee relations and individual career development It will be of interest to researchers and students alike as it clearly demonstrates a way to solve research problems in management science and provides new instruments for further research on networks and networking and to organization managers and employees as it offers insights into management and employment related trends as well as guidelines for managing network organizations and building one s career within social and organizational networks

Social Networks And Organizations: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Social Networks And Organizations : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
