**Genocide Prophecy** Dr. Brian Haack, 2023-05-05 What if modern bureaucrats led our country toward a genocidal end which rivaled history's most wicked regimes What if Christians helped them do it And what does any of this have to do with autism This book demonstrates how U S policy and social evolution has followed a trajectory eerily like the one which seated the Nazis and how Germany's most notorious human rights abuses began with violating the human rights of children with disabilities like autism Evidence suggests that Germany's Christians unwittingly contributed to their catastrophic outcomes by remaining silent when speaking out might have made a difference Today we see a growing trend of abuse against vulnerable people in the USA and like Germany's Christians we are not speaking out It seems that without intelligent Christian opposition the creep toward genocide in the USA has begun We are now seeing the first indications of a genocidal tyranny which infected Germany now appearing in the USA It could soon grow up to overshadow the world's memory of Nazi Germany but there is hope This book offers biblically sound research based evidence which intelligently refutes popular anti biblical views on history philosophy and science It also offers new possibilities for the discovery and defeat of prejudicial attitudes that have divided human populations for centuries In these pages the reader will find renewed confidence in the reliability of the scriptures while discovering the Bible's relevance to topics like genetics and DNA the origins of human life and the seat of human rights Finally the reader will understand why these Christian perspectives matter to all people everywhere regardless of their personal religious inclinations
