Socialism With A German Face The State That Came In From The Cold

Franz Oswald

Socialism With A German Face The State That Came In From The Cold:

John le Carré and the Cold War Toby Manning, 2018-01-25 John le Carré and the Cold War explores the historical contexts and political implications of le Carré's major Cold War novels. The first in depth study of le Carré this century, this book analyses his work in light of key topics in 20th century history including containment of Communism, decolonization, the Berlin Wall, the Cuban missile crisis, the Cambridge spy ring, the Vietnam War, the 70s oil crisis and Thatcherism. Examining *The Spy Who Came in from the Cold* 1963, *Tinker Tailor Soldier Spy* 1974, *Smiley's People* 1979 and other novels, this book offers an illuminating picture of Cold War Britain while situating le Carré's work alongside that of George Orwell, Graham Greene and Ian Fleming. Providing a valuable contribution to contemporary understandings of both British spy fiction and post-war fiction, Toby Manning challenges the critical consensus to reveal a considerably less radical writer than is conventionally presented.

Eastern Europe in the Twentieth Century - And After R. J. Crampton, 2002-04-12 Covering all key Eastern European states and their history right up to the collapse of communism, this second edition of *Eastern Europe in the Twentieth Century And After* is a comprehensive political history of Eastern Europe taking in the whole of the century and the geographical area. Focusing on the attempt to create and maintain a functioning democracy, this new edition now examines events in Bosnia and Herzegovina, includes a new consideration of the evolution of the region since the revolutions of 1989-91, surveys the development of a market economy, analyzes the realignment of Eastern Europe towards the West, details the emergence of organized crime, discusses each state individually, includes an up-to-date bibliography. *Eastern Europe in the Twentieth Century And After* provides an accessible introduction to this key area which is invaluable to students of modern and political history.

Recasting East Germany Chris Flockton, Eva Kolinsky, 2012-11-12 The transformation of east Germany since unification has wrought vast changes in the economy and in society and left deep scars as the types of social protection offered by the centralised socialism of the previous regime gave way to uncertainties and individualised life chances. *Social Transformation in Eastern Germany* investigates the deep economic and social processes which east Germany has undergone, highlighting the restructuring, the social impacts and the stresses of adjustment experienced by key social groups whose workplace and social context has been recast almost out of recognition since 1990.

Friendly Enemies Stefan Berger, Norman Laporte, 2010 During the Cold War Britain had an astonishing number of contacts and connections with one of the Soviet Bloc's most hard-line regimes, the German Democratic Republic. The left wing of the British Labour Party and the Trade Unions often had closer ties with communist East Germany than the Communist Party of Great Britain (CPGB). There were strong connections between the East German and British churches, women's movements and peace movements; influential conservative politicians and the Communist leadership in the GDR had working relationships; and lucrative contracts existed between business leaders in Britain and their counterparts in East Germany. Based on their extensive knowledge of the documentary sources, the authors provide the first comprehensive study of Anglo-East German relations in

this surprisingly under researched field They examine the complex motivations underlying different political groups engagement with the GDR and offer new and interesting insights into British political culture during the Cold War

Socialism with a German Face Jonathan Steele,1977 **Behind the Berlin Wall** Patrick Major,2010 On 13 August 1961 eighteen million East Germans awoke to find themselves walled in by an edifice which was to become synonymous with the Cold War the Berlin Wall Patrick Major explores how the border closure affected ordinary East Germans from workers and farmers to teenagers and even party members caught out by Sunday the Thirteenth **The GDR Under Honecker, 1971-1981** Ian Wallace,1981 **Germany and the Germans** John Ardagh,Katharina Ardagh,1988 On East Germany

Bridging the East-West Divide ,1984 Holocaust Memory and the Cold War Anna Koch,Stephan Stach,2024-10-21 Even before World War II had ended survivors historians writers and artists tried to make sense of the Holocaust To do so they relied on belief systems and narratives that as the bloc confrontation intensified were increasingly shaped by Cold War thinking Foregrounding the Cold War s role in shaping Holocaust memory this book highlights how the global conflict between East and West influenced research legal proceedings and collective as well as individual memories of the murder of European Jews Contributions focusing on different parts of the world reveal commonalities differences and entanglements between Eastern and Western memories of the Holocaust Examining Holocaust memory from various disciplinary perspectives the authors highlight the many ways in which scholars writers artists and survivors both countered and contributed to dominant narratives shaped by oppositional ideological stances While such distinct ideological positions often mattered greatly at other times a shared interest in bringing perpetrators to justice commemorating victims and providing testimony to the atrocities committed against Europe s Jews led to cooperation and exchange across the Iron Curtain

Eastern Europe in the Twentieth Century R. J. Crampton,1994 Intended for the student and general reader alike this book offers a comprehensive examination of Eastern Europe providing a summary of the political evolution of the area

The American Bibliography of Slavic and East European Studies ,1977 *Culture and Society in the GDR* Graham Bartram,Anthony Edward Waite,1984 *Hammer Or Anvil?* Holger H. Herwig,1994 Hammer or Anvil explores the major forces shaping Germany during the modern era the ongoing Austro Prussian rivalry the building of a nation state industrial and urban growth and the formation of the modern bureaucratic and military state **Subject Catalog** Library of Congress,

Quarterly Economic Review of East Germany ,1982 *GDR Monitor Special Series* ,1981 **Subject Catalog, 1978** Library of Congress,1978 **The Transition from Capitalism to Socialism** John D. Stephens,1979-09-19 The Party That Came Out of the Cold War Franz Oswald,2002-10-30 The Party of Democratic Socialism is wrongly stigmatized as polarizing German politics on the left In fact Oswald argues the PDS is East Germany s contribution to the regionalized pluralism of united Germany s party system Although initially marginalized as the successor of East Germany s SED the PDS legitimized itself by combining eastern regionalism a left socialist identity and political ambition The PDS has become an

acceptable partner in center left parties in eastern state governments in stark contrast to its continuing irrelevance in West Germany While its earlier exclusion was justified by portraying the PDS as crypto communist the integration strategies of the late 1990s were supported by modernization theorists recognizing the party's contribution to the integration of post unification Germany An executive summary of the first decade of post unification German politics Oswald's book offers a precise interpretation of the learning processes within the PDS It also provides a close analysis of the disputes within the PDS characterizing the party as a political subculture in which East Germans could come to terms with the ruptures of their history and their biographies while at the same time finding a role in the politics and society of united Germany
