Socialist Economics Selected Readings Penguin Education:

Socialist Economics Alec Nove, Domenico Mario Nuti, 1974 *Socialist Economics* Alec Nove, 1976 **The Contradictions of "Real Socialism"** Michael A. Lebowitz, 2012-08-01 What was real socialism the term which originated in twentieth century socialist societies for the purpose of distinguishing them from abstract theoretical socialism In this volume Michael A Lebowitz considers the nature tendencies and contradictions of those societies Beginning with the constant presence of shortages within real socialism Lebowitz searches for the inner relations which generate these patterns He finds these in particular in what he calls vanguard relations of production a relation which takes the apparent form of a social contract where workers obtain benefits not available to their counterparts in capitalism but lack the power to decide within the workplace and society While these societies were able to claim major achievements in areas from health care to education to popular culture the separation of thinking and doing prevented workers from developing their capacities as fully developed human beings The relationship within real socialism between the vanguard as conductor and a conducted working class however did not only lead to the deformation of workers and those elements necessary for the building of socialism it also created the conditions in which enterprise managers emerged as an incipient capitalist class which was an immediate source of the crises of real socialism As he argued in *The Socialist Alternative Real Human Development* Lebowitz stresses the necessity to go beyond the hierarchy inherent in the relation of conductor and conducted and beyond the vanguard Marxism which supports this to create the conditions in which people can transform themselves through their conscious cooperation and practice i e a society of free and associated producers *Economies in Transition* Allan E. Young, Ivan Teodorovi?, Peter Koveos, 2002 To date the record of economic transition has decidedly been mixed The worldwide political climate is still in favor of economic reform and the process continues to have considerable momentum On the other hand this process now faces a number of formidable obstacles There appears to be general agreement that in many countries the promise of a better standard of living which economic transition offers to the mass of the citizenry has failed to produce the rapid and dramatic results hoped for There is an increasing conflict of interest between multinational firms and the national business community Moreover many transition economies have experienced a slowing of economic growth in real terms and social services have been severely cut This book deals with the development of those forces that have played a major role in the successes and failures of economic transition Its distinctive feature is that it does this from the perspective of economic political and social analysis taking into account both theoretical constructs and economic realities for those countries which have attempted the grand experiment with economic transition **The Legacy of Janos Kornai** Mehrdad Vahabi, 2025-08-03 This book examines the intellectual legacy of economist Janos Kornai and explores his unique contribution to economics It addresses the key themes within Kornai s work and shows how his ideas relate to the leading figures within economics After highlighting the influence of Marx and Hayek on Kornai his major contribution to comparative economics

and analysis of capitalist and socialist economic systems is examined How they fed into his conceptualization of hard and soft budget constraints and complemented his work on economic theory in particular debates around Walrasian and Marshallian equilibrium theory is also discussed This book offers insight into the work of Janos Kornai and his impact upon economics It will be of relevant to students and researchers interested in the history of economic thought and comparative economics

Historians of Economics and Economic Thought Steven G Medema, Warren J. Samuels, 2001-08-16 This collection summarizes the work of key historians of economics and attempts to quantify their impact The collection is authored by an impressive list of contributors many of whom are themselves well known in this field Chinese Business Under Socialism

Dorothy J. Solinger, 1987 **Socialist Economics** Alec Nove, D. M. Nuti, 1972 **Central Europe** Lonnie Johnson, 1996-10-31 Throughout the Cold War era the Iron Curtain divided Central Europe into a Communist East and a democratic West and we grew accustomed to looking at this part of the world in bipolar ideological terms Yet many people living on both sides of the Iron Curtain considered themselves Central Europeans and the idea of Central Europe was one of the driving forces behind the revolutionary year of 1989 as well as the deterioration of Yugoslavia and its ensuing wars Central Europe provides a broad overview and comparative analysis of key events in a historical region that encompasses contemporary Germany Poland the Czech Republic Slovakia Austria Hungary Slovenia and Croatia Starting with the initial conversion of the pagan peoples of the region to Christianity around 1000 A D and concluding with the revolutions of 1989 and the problems of post Communist states today it illuminates the distinctive nature and peculiarities of the historical development of this region as a cohesive whole Lonnie R Johnson introduces readers to Central Europe s heritage of diversity the interplay of its cultures and the origins of its malicious ethnic and national conflicts History in Central Europe he shows has been epic and tragic Throughout the ages small nations struggled valiantly against a series of imperial powers Ottoman Turkey Habsburg Austria imperial Germany czarist Russia Nazi Germany and the Soviet Union and they lost regularly Johnson s account is present minded in the best sense in describing actual historical events he illustrates the ways they have been remembered and how they contribute to the national assumptions that still drive European politics today Indeed the constant interplay of reality and myth the processes of myth making and remembrance animates much of this history Since the fall of the Iron Curtain in 1989 the unanticipated problems of transforming post Communist states into democracies with market economies the wars in the former Yugoslavia and the challenges of European integration have all made Central Europe the most dynamic and troubled region in Europe In Central Europe Johnson combines a vivid and panoramic narrative of events a nuanced analysis of social economic and political developments and a thoughtful portrait of those myths and memories that have lives of their own and consequences for all of Europe Collected Works of Domenico Mario Nuti, Volume I Saul Estrin, Milica Uvalic, 2023-05-20 This book the first of two volumes brings together the work of Domenico Mario Nuti to highlight his significant and varied contribution to economics Bringing together works from across Nuti s

career his distinctive intellectual framework is exemplified in relation to discussions on the drivers of economic growth and development the most efficient economic system the organisation of firms and how economies should be managed This volume gives particular attention to socialist economic systems and the transition of former socialist countries to market economies This book through the inclusion of an introduction aims to contextualise his ideas and illustrate their continued relevance It will be of wide interest to students and researchers

Stewardship Economy 7: Series bibliography and further economics Julian Pratt, Some economics explained economic terms and bibliography This book provides an introduction for the Stewardship Economy series to some key economic concepts for the non specialist and lists the references as far as they are available *Bibliographie der Staats-und Wirtschaftswissenschaften* ,1976 **Collected Works of Domenico Mario Nuti, Volume II** Saul Estrin,Milica Uvalic,2023-08-10 This book the second of two volumes brings together the work of Domenico Mario Nuti to highlight his significant and varied contribution to economics Bringing together works from across Nuti s career his distinctive intellectual framework is exemplified in relation to discussions on the drivers of economic growth and development the most efficient economic system the organisation of firms and how economies should be managed This volume gives particular attention to Nuti s views about how economic systems evolve about the possibilities for various forms of economic democracy and his analysis of East West integration and globalization The volume also contains a bibliography of his works

Monthly Labor Review ,1972 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews *Vietnamese Society in Transition* John Kleinen,2001 In this bilingual publication English and French academics from various disciplines and countries including Vietnam have been brought together to discuss agricultural engineering economic development religion education and gender in colonial and post colonial Vietnam Most of them are taking an insiders position The emphasis of the book lies on the postwar societal and cultural transformations in the country A better understanding of new social and cultural ways in contemporary Vietnam entails excursions into the past and sound comparison For the first time in the history of Vietnamese studies chapters are devoted to the position of women in colonial and post colonial settings and on the legitimacy of state intervention in women s bodies under different regimes on the one hand and on religion and religious revival on the other What makes this book special is the way the authors stemming from such heterogeneous domains provide an in depth analysis of the development of this modern socialist state Their approach and analysis of Vietnamese society can only be called unparalleled

[Varieties of Post-communist Capitalism](#) Iván Szelényi,Péter Mihályi,2019-11-26 This book intends to be a contribution to the varieties of capitalism paradigm The theoretical background is Weber s theory of legitimacy Was communism ever legitimate What kind of legitimacy claims were made in the transition from communism to capitalism Central Europe was closer to the Western liberal model Russia built capitalism in a patrimonial way China followed its own unique way some called it socialism with Chinese characteristics Putin experiments with an innovation for

post communist capitalism He confronts the oligarchs and reallocates property from those who challenge his political authority to old and new loyal ones In conclusion the central question is to what extent is Putinism a generic model for post communist capitalism **Neo-Liberal Ideology** Rachel S Turner,2011-06-07 An original account of neo liberalism s

intellectual foundations development and conceptual configuration as an ideology Newly available in paperback

Education and Public Policy in Australia Simon Marginson,1993 This book summarises and analyses the major issues in Australian education policy today Postcollectivity ,2024-05-21 Most of the phenomena described in this book have arisen as a result of various crises disasters threats and forms of violence such as wars refugee crises and political regimes but also devastating practices of the anthropogenic drive and environmental pollution Others are a form of response to new political social and cultural changes that we are experiencing due to the rapid development of technology or progressive economic stratification The research perspective proposed in Postcollectivity draws on the authors approaches combining academic and theoretical discourse with social engagement and artistic practice with critical thought Contributors are Harshavardhan Bhat Stephen Dersley Adela Goldbard Carly E Gray Agnieszka Jelewska Peter H Kahn Jr Micha Krawczak Grant Leuning Ania Malinowska Anna Nacher Andrzej W Nowak Julian Reid Pepe Rojo Sarena Sabine Jens Schr ter Jan Stasieko and Brett Zehner **Entre Le Neo-liberalisme Et Le Neo-marxisme** Arthur Fridolin Utz,1976
