*The greatest tragedy of Capitalism is the suffering of its living victims*

## CAPITALISM — THE SICK SOCIETY

“ I WANT to be left alone: I want to dream my dreams, to believe as I once believed that life is good and beautiful and that men can live with one another in peace and plenty. No son of a bitch on earth can tell me that to make life better you have to kill a million or ten million men in cold blood.”

Rice, 2013 This book presents Reinhold Niebuhr the prominent American theologian in dialogue with seven individuals who each had a major influence on American life      **The Sick Society** Michael Tanzer, 1971 Economic analysis of the interrelationship of the drive of large enterprise particularly monopolies and multinational enterprise for profit maximization and political power with the current social problems in the USA which precludes reformers hopes for socially responsible behaviour shows how the expansionist role of USA overseas culminated in the Vietnam war how American affluence has failed to alleviate Black poverty and widespread alienation and youth unrest etc and prophesizes that these problems will lead to a major economic breakdown References      **Economic history pamphlets** ,1911      **Miscellaneous Bulletins on the Currency Question in the United States** ,1923      Catalog of Copyright Entries. societal implications His Jewish immigrant background coupled with his experiences in progressive educational movements informed his perspectives on the need for educational environments that encourage autonomy and mature decision making His academic work and activism laid the groundwork for understanding education as a transformative experience one that could either advance societal progress or conversely hinder personal growth Readers seeking to challenge conventional notions of higher education will find Kallen s arguments both enlightening and provocative This book serves as an essential reflection for educators policymakers and students alike prompting a reevaluation of the college experience s true impact on individual development and societal advancement      Congressional Record United States.
