Against Critical Thinking

in Health, Social Care and Social Work Tom Grimwood, 2023-09-08 This book stages a provocative dialogue between social work health and social care and contemporary philosophy in order to inform theory and practice in a complex and challenging world Today the social world is marked by deep rooted complexities tensions and challenges Health workers and social workers are constantly reminded to employ critical thinking to navigate this world through their practice But given how many of these challenges pose significant problems for the theories that these subjects have traditionally drawn upon should we now be critical of critical thinking its assumptions its basis and its aspirations itself Arguing that health and social work theory must reconsider its deep rooted assumptions about criticality in order to navigate complex neoliberalism post truth and the relationship between language and late capitalism it examines how the fusion of theory and practice can re imagine critical thinking for health social care and social work It will be of interest to all scholars students and professionals of social work and health and social care
