Society And Population

**Clare Holdsworth, Nissa Finney, Alan
Marshall, Paul Norman**

Society And Population:

Population and Society Gregg Lee Carter, 2016-04-29 This exciting new book presents the field of social demography animating the study of population with a vibrant sociological imagination Gregg Lee Carter provides multiple demonstrations of how taking a demographic perspective can give us a better understanding of social phenomena once thought to be largely the products of culture politics or the economy Five key chapters concentrate on 1 the social and individual determinants of fertility mortality and migration 2 the social and individual impacts of changing levels of fertility mortality and migration and 3 the impacts of overpopulation on the environment and how changes in the environment in turn impact the human condition especially regarding migration What gives these analyses coherence is how each emphasizes the ways in which demographic forces both reflect and limit individual choices Written in a straightforward and engaging style and without getting bogged down in academic debates this concise book is the ideal introduction and primer for courses in social demography and population and society

Population and Society Dudley L. Poston, Jr., Leon F. Bouvier, 2010-04-07 *Population and Society* An Introduction to Demography is an ideal text for undergraduate as well as graduate students taking their first course in demography It is sociologically oriented although economics political science geography history and the other social sciences are also used to inform the materials Although the emphasis is on demography the book recognizes that at the individual level population change is related to private decisions especially in relation to fertility but also to mortality and migration The text thus considers in some detail the role of individuals in population decision making At the level of countries and even the world changes in population size have an important effect on the environmental and related challenges facing all of the world's inhabitants Therefore attention is paid to the broad implications of population growth and change

Society and Population David M. Heer, 1968

Population and Society Clare Holdsworth, Nissa Finney, Alan Marshall, Paul Norman, 2013-02-01 An excellent introduction to the study of population and its significance for many of the key social political cultural and environmental issues facing the world today It covers population growth ageing migration and mobility parenting health inequalities and much more The authors do not shy away from areas of continuing debate providing both sides of an argument and encouraging readers to follow up the original sources Tony Champion Emeritus Professor of Population Geography Centre for Urban Regional Development Studies Newcastle University and Vice President British Society for Population Studies 2011 2013 *Population and Society* is an undergraduate introduction to population that explains the latest trends in population studies The text provides a detailed and completely accessible overview that situates demographic events fertility mortality and migration within the context of broader social impacts and theorisations like social inequalities individualisation and life course analysis uses global illustrative examples to demonstrate the importance of data and data interpretation in population studies is illustrated throughout with pedagogic features like chapter opening summaries suggestions for further readings and case study examples This text will be widely used as the standard and most

up to date text on population and society for courses across the social sciences **Population and Society** A. K. Sharma,2012 **Population and Society in the Arab East** Gabriel Baer,2016-03-22 This book first published in English in 1964 examines a wide range of topics concerning society in the Arab East Chapters are concerned with woman and the family religious and linguistic communities bedouins fellas and townsmen and the various social and economic classes and strata While there are no special sections devoted to geography economics culture trends of thought and the historical and political developments of the Arab Eastern countries there is scarcely a page which does not touch on one or another of them

Population, Family and Society in Pre-Modern Japan Akira Hayami,2010-01-01 Doyen of demography studies in Japan at the University of Tokyo this collection of Akira Hayami s writings in English brings together for the first time an invaluable resource of comparative primary data on the demographic history of Japan Containing twenty key essays the volume is divided into five parts Tokugawa Japan Demography through Telescope Demography through Microscope Family and Household Afterwards It begins with Philip II of Spain and Toyotomi Hideyoshi in the sixteenth century and concludes with Koji Sugi and the emergence of modern population studies in the twentieth century **Population and Society in Western European Port Cities, C.1650-1939** Richard Lawton,W. Robert Lee,2002-01-01 This volume brings together ten original papers on the population dynamics and development of Western European port cities In a substantial overview chapter Lawton and Lee examine Port Development and the Demographic Dynamics of European Urbanisation setting in context the individual case studies that follow These studies of Bremen Cork Genoa Glasgow Hamburg Liverpool Malm Nantes Portsmouth and Trieste provide an important enhancement of our understanding of the particular socio economic and demographic characteristics of port cities and point to the existence of a particular port demographic regime They emphasize the central importance of the high proportion of unskilled and casual labor the susceptibility of cyclical employment the inflated risk of epidemic infection and other demographic and economic factors specific to port cities **Population and Society in Norway 1735-1865** Michael Drake,1969 *Population Change and Rural Society* William A. Kandel,David L. Brown,2006-02-08 This book contains the latest research on social and economic trends occurring in rural America It provides a unique focus on rural demography and the interaction between population dynamics and local social and economic change It is also the first volume on rural population that exploits data from Census 2000 The book highlights major themes transforming contemporary rural areas and each is examined with an expanded overview and case study *Population and Society in Contemporary Tibet* Rong Ma,2011-01-01 This extensive survey documents Tibetan society over five decades including population structure in rural and urban areas marriage and migration patterns the maintenance of language and traditional culture economic transitions relating to income and consumption habits educational development and the growth of civil society and social organizations In addition to household surveys completed over twenty years the book provides a systematic analysis of all available social and census data released by the Chinese government and a thorough review of

Western and Chinese literature on the topic It is the first book on Tibetan society published in English by a mainland China scholar and covers several sensitive issues in Tibetan studies including population changes Han migration into Tibetan areas intermarriage patterns and ethnic relations Ma Rong is a widely respected demographer and professor of sociology at Peking University He spent five years in Inner Mongolia during the Cultural Revolution and was one of the first Chinese students to study in the US after Deng Xiaoping's reforms receiving his doctorate degree from Brown University The academic study of Tibet still suffers from a lack of accurate data and restrictions on access to Tibet for research This very useful analysis will increase the quality of the discussion and help to correct many inaccurate Western impressions of Tibet Gerard Postiglione University of Hong Kong

Aging, Society and the Life Course Leslie A. Morgan, 2007 As our aging population grows ever larger it is increasingly important to understand how adults age and what we can do to provide up to date care to ensure their well being as an integral part of society Leslie Morgan and Suzanne Kunkel understand that this phenomenon is about much more than just the physical or biological aspects of growing older and have put together a comprehensive text on the impact of society and sociology on the aging process Use this text to explore the diversity of the aging population and dispel the major stereotypes surrounding the elderly Learn about aging through all the layers of social context from family life to politics and economics And through this approach come to see how aging is more than just an individual process it is a process that effects the direction of our society as a whole For the Student Web sites of interest and key terms defined at the end of each chapter Real life stories and essays on love sex music medicine and crime For the Professor Assignment ready reading in a One Chapter a Week format Questions for discussion and review at each chapter end Applying Theory sections place the lesson of each chapter in a clear real world setting Instructor's Guide Now Available An Instructor's Manual for this textbook is available for those professors who have adopted Aging Society and the Life Course Third Edition and can verify a bookstore order of 7 or more copies Please email our Marketing Department at marketing.springerpub.com if you have adopted this text as you will need a password to download the guide Please provide the name and telephone number of the bookstore that ordered the textbooks A print version of the Instructor's Manual is also available

Population and Society Clare Holdsworth, William Gould, Nissa Finney, Alan Marshall, Paul Norman, 2013-02-01 An excellent introduction to the study of population and its significance for many of the key social political cultural and environmental issues facing the world today It covers population growth ageing migration and mobility parenting health inequalities and much more The authors do not shy away from areas of continuing debate providing both sides of an argument and encouraging readers to follow up the original sources Tony Champion Emeritus Professor of Population Geography Centre for Urban Regional Development Studies Newcastle University and Vice President British Society for Population Studies 2011 2013 Population and Society is an undergraduate introduction to population that explains the latest trends in population studies The text provides a detailed and completely accessible overview that situates demographic events fertility mortality and migration within the context of

broader social impacts and theorisations like social inequalities individualisation and life course analysis uses global illustrative examples to demonstrate the importance of data and data interpretation in population studies is illustrated throughout with pedagogic features like chapter opening summaries suggestions for further readings and case study examples This text will be widely used as the standard and most up to date text on population and society for courses across the social sciences

Society And Population Introduction

In the digital age, access to information has become easier than ever before. The ability to download Society And Population has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Society And Population has opened up a world of possibilities. Downloading Society And Population provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Society And Population has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Society And Population. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Society And Population. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Society And Population, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves,

individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Society And Population has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Society And Population Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.
