Volume 2**

Harriet Martineau,2019-10-05 The British scholar Harriet Martineau spent two years travelling throughout the United States before writing her three volume commentary *Society in America* in 1837 Her lengthy journey began in New York in the autumn of 1834 less than sixty years after the birth of the United States and she immersed herself in the politics economics civilisation and religions of the country before returning to England in the summer of 1836 Her travels took her to the nation s capital where she enjoyed the hospitality of the president witnessed Supreme Court proceedings and visited both houses of Congress She also went to prisons hospitals and mental institutions literary and scientific foundations factories plantations and farms around the land lived in farmhouses and log cabins and travelled by horse stagecoach and steamboat This second volume is devoted to the United States economy of the 1830s examining American agriculture transportation manufacturing and commerce      *Society in America* Harriet Martineau,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1837 edition Excerpt 155 PART II ECONOMY That thou givest them they gather Thou openoat hand they are filled with good thine 104th Psalm The traveller from the Old World to the New is apt to lose himself in reflection when he should be observing Speculations come in crowds in the wilderness He finds himself philosophizing with every step he takes as luxuriously as by his study fireside or in his rare solitary walk at home In England everything comes complete and finished under notice Each man may be aware of some one process of formation which it is hia business to conduct but all else is presented to him in its entireness The statesman knows what it is to compose an act of parliament to proceed from the first perception of the want of it through the gathering together of facts and opinions the selection from these the elaborating adjusting moulding specifying excluding consolidating till it becomes an entire something which he throws down for parliament to find fault with When it is passed the rest of society looks upon it as a whole as a child does upon a table or a doll without being aware of any process of formation The shoemaker thus takes his loaf of bread and the clock that ticks behind his door as if they came down from the clouds as they are in return for so much of his wages and he analyzes nothing but shoes The baker and watchmaker receive their shoes in the same way and analyze nothing but bread and clocks Too many gentlemen and ladies analyze nothing at all If better taught and introduced at an early age into the world of analysis

nothing in the whole course of education is probably so striking to their minds They begin a fresh existence from the day when they first obtain a glimpse into this new      *Society in America, Vol. 1 of 2 (Classic Reprint)* Harriet Martineau,2017-09-17 Excerpt from Society in America Vol 1 of 2 In working according to this method my principal dangers are two I am in danger of not fully apprehending the principles on which society in the United States is founded and of erring in the application to these of the facts which came under my notice In the last respect I am utterly hopeless of my own accuracy It is in the highest degree improbable that my scanty gleanings in the wide field of American society should present a precisely fair sample of the whole I can only explain that I have spared no pains to discover the truth in both divisions of my task and invite correction in all errors of fact This I earnestly do holding myself of course an equal judge with others on matters of Opinion About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **Proceedings of the Huguenot Society of America** Huguenot Society of America,1891      **Society in America; Volume 1** Harriet Martineau,C C Walker,Reinhard S Speck,2022-10-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      **Proceedings of the Casualty Actuarial and Statistical Society of America** Casualty Actuarial Society,Casualty Actuarial and Statistical Society of America,1919 List of members for the years 1914 20 are included in v 1 7 after which they are continued in the Year book of the society begun in 1922      *Bulletin of the Seismological Society of America* Seismological Society of America,1923      **Society in America; Volume 3** Harriet Martineau,2022-10-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      *Society in America, Vol. 3 of 3 (Classic Reprint)* Harriet
