She gives little weight to her dying mother's fairy tales about how her father will rescue Trina and her twin sister taking them away from this planet. Yet the stars catch her attention every time she goes to the surface. Trina is the protector, a role she created more from heroic tales in books her father gave them than anything in a shifter's life. When she sees drunken aristocrats harassing laborers, she can't turn away even though attacking them carries a death sentence. Her paternal grandfather discovers Trina before the enforcers can and offers everything she has ever desired: safety for her family and a way off Ceri. Can she trust their family connection or will the price of her dreams be more than Trina is willing to pay. *I Know A Blessing When I See One* Jr. Clifton

It provides a tool to help both students and qualified professionals develop and enhance a framework for their practice that supports all individuals and settings in a holistic and inclusive way. Much of the book is organized as a work book based around a single case study. It includes theory related to life span development and managing change and also exercises for readers to complete in order to apply the theory to practice. Chapters span such key topics as the client in context, life events, transition and loss, the management of stress and planful decision making. The book emphasises how issues of life course development are as relevant to health and social care professionals as they are to their clients. A number of exercises invite readers to reflect on their own life course and their chapters both on becoming and belonging as an occupational therapist and on developing professional practice.
