Laws of the State of New York New York (State), *New Jersey Environmental Law Handbook* Albert I. Telsey, 2025-09-04 This

thoroughly revised edition of the New Jersey Environmental Law Handbook provides a comprehensive reference work that the reader can rely on for up to date and accurate information on New Jersey's environmental law. Each chapter incorporates both a theoretical and practical approach to ensure that you get the best and most actionable information possible. The author and the contributors are all respected attorneys, consultants and professionals and all are experts in their fields. They come together in this book to provide the most in depth and up to date guide for New Jersey's environmental regulations and policies all while maintaining an accessible and engaging writing style. The New Jersey Environmental Law Handbook begins with an overview of the environmental law program in New Jersey and discusses a variety of topics including the Meadowlands, water quality and supply, contaminated property, finance and insurance and litigation. Other chapters include topics such as wildlife protection, air quality regulation, flood hazard control and redevelopment. Statutes of California and Digests of Measures California, 2000 **Enforcement of European Union Environmental Law** Martin

Hedemann-Robinson, 2015-05-15 Offering a detailed account of the various legal arrangements at European Union level, this book is an ideal reference tool for practitioners and legal scholars. As well as examining the principal sources of EU environmental law enforcement, it also contributes to the legal and political debates that surround the subject. Spanning three parts, the author examines the practical impact of the legal arrangements at Union level that are used to uphold EU environmental norms. Offering a comprehensive account of the current state of EU environmental law enforcement and the developments affecting it, Martin Hedemann Robinson explores the role of the European Commission, the possibilities for private law enforcement and the responsibilities of member state national authorities. Key legal developments that have occurred since the first edition have been incorporated, including new statutory developments and case law. Particular attention is paid to the impact of the 2007 Lisbon Treaty on foundational EU treaty provisions enabling the European Commission to take legal action against EU member states infringing Union environmental law, the establishment of a new legal architecture at Union level on the topic of environmental criminal policy as well as increased EU legislative intervention in the area of environmental inspections. The impact of the 1998 Aarhus Convention on EU environmental law enforcement is also addressed in detail, including the influence of recommendations of the Aarhus Convention's Compliance Committee. An Introduction to International Criminal Law and Procedure Robert Cryer, Håkan Friman, Darryl Robinson, Elizabeth Wilmshurst, 2007-06-14 International criminal law has developed considerably in the last decade and a half, resulting in a complex and reinvigorated discipline. This has impacted directly on the popularity of the study of the subject, particularly on postgraduate law degrees. This textbook serves these courses by providing an introduction to the principles of international criminal law and processes. Written by four international lawyers with experience of teaching international criminal law, it is accessible yet sophisticated in its approach. It covers substantive international criminal law, the institutions designed to enforce it and their procedures and the international law applicable to domestic prosecutions of international crimes. It will

be essential reading for students and teachers of international criminal law In addition practitioners and researchers in the field and in related fields such as criminal law students of international law and international relations will find this introduction invaluable
