Sixty Miles From Contentment Traveling The Nineteenth Century American Interior:

Sixty Miles From Contentment M. H. Dunlop, 2019-07-11 *Sixty Miles from Contentment* is a revitalization of a pulsating American scene in the nineteenth century Drawing on the work of travel writers from America's own East Coast and from fourteen other countries it offers a witty and irreverent look at the wild Midwest in its heyday *Sixty Miles from Contentment* M H Dunlop, 2021-06-02 *Sixty Miles from Contentment* is a revitalization of a pulsating American scene in the nineteenth century Drawing on the work of travel writers from America's own East Coast and from fourteen other countries it offers a witty and irreverent look at the wild Midwest in its heyday *Sixty Miles from the Contentment* M. H.

Dunlop, 2019 **Nineteenth-Century Visions of Race** Justyna Fruzińska, 2021-11-29 *Nineteenth Century Visions of Race* British Travel Writing about America concerns the depiction of racial Others in travel writing produced by British travelers coming to America between 1815 and 1861 The travelers' discussions of slavery and of the situation of Native Americans constituted an inherent part of their interest in the country's democratic system but it also reflected numerous additional problems 19th century conceptions of race the writers' own political agendas as well as their like or dislike of America in general which impacted how they assessed the treatment of the subaltern groups by the young republic While all British travelers were critical of American slavery and most of them expressed sympathy for Native Americans their attitude towards non whites was shaped by prejudices characteristic of the age The book brings together descriptions of blacks and Native Americans showing their similarities stemming from 19th century views on race as well as their differences it also focuses on the depiction of race in travel writing as part of Anglo American relations of the period *American Masculinities: A Historical Encyclopedia* Bret Carroll, 2003-10-14 This is a highly recommended purchase for undergraduate medium sized and large public libraries wishing to provide a substantial introduction to the field of men's studies Reference User Services Quarterly Pleasing layout and good cross references make Carroll's compendium a welcome addition to collections serving readers of all ages Highly recommended CHOICE An excellent index well chosen photographs and illustrations and an extensive bibliography add further value *American Masculinities* is well worth what would otherwise be too hefty a price for many libraries because no other encyclopedia comes close to covering this growing field so well *American Reference Books Annual American Masculinities: A Historical Encyclopedia* is a first of its kind reference detailing developments in the growing field of men's studies This up to date analytical review serves as a marker of how the field has evolved over the last decade especially since the 1993 publication of Anthony Rotundo's *American Manhood* This seminal book opened new vistas for exploration and research into American History society and culture Weaving the fabric of American history *American Masculinities* illustrates how American political leaders have often used the rhetoric of manliness to underscore the presumed moral righteousness and ostensibly protective purposes of their policies Seeing U S history in terms of gender archetypes readers will gain a richer and deeper understanding of America's democratic political system domestic and

foreign policies and capitalist economic system as well as the private sphere of the home and domestic life The contributors to American Masculinities share the assumption that men's lives have been grounded fundamentally in gender that is in their awareness of themselves as males Their approach goes beyond scholarship which traditionally looks at men and women in terms of what they do and how they have influenced a given field or era Rather this important work delves into the psychological core of manhood which is shaped not only by biology but also by history society and culture Encapsulating the current state of scholarly interpretation within the field of Men's Studies American Masculinities A Historical Encyclopedia is designed to help students and scholars advance their studies develop new questions for research and stimulate new ways of exploring the history of American life Key Features Reader's Guide facilitates browsing by topic and easy access to information Extensive name place and concept index gives users an additional means of locating topics of interest More than 250 entries each with suggestions for further reading Cross references direct users to related information Comprehensive bibliography includes a list of sources organized by categories in the field Topics Covered Arts Literature and Popular Culture Body Health and Sexuality Class Ethnic Racial and Religious Identities Concepts and Theories Family and Fatherhood General History Icons and Symbols Leisure and Work Movements and Organizations People Political and Social Issues About the Editor Bret E Carroll is Associate Professor of History at California State University Stanislaus He received his Ph D from Cornell University in 1991 He is author of The Routledge Historical Atlas of Religion in America 1997 Spiritualism in Antebellum America 1997 and several articles on nineteenth century masculinity

Doing the Town Catherine Cocks, 2001-09-19 This fascinating cultural history studded with vivid details bringing the experience of Victorian era travel alive explores the beginnings of urban tourism and sets the phenomenon within a larger cultural transformation that encompassed fundamental changes in urban life and national identity

Currents in Transatlantic History Steven G. Reinhardt, 2017-06-07 Transatlantic historians are dedicated to analyzing the dynamic process of encounter interchange and creolization that was initiated when peoples on different sides of the Atlantic Basin first made contact and continues until the twenty first century The forty ninth annual Walter Prescott Webb Memorial Lecture Series Currents in Transatlantic Thought was organized to commemorate the fifteenth anniversary of the University of Texas at Arlington's doctoral program in transatlantic history Six alumni of the program were invited to return and present their ongoing research in this new approach to history that focuses on the complex process of interchange and adaptation that began when Africans Amerindians and Europeans first came into contact The essays stemming from those lectures cover a variety of topics grouped around three unifying themes encounters commodities and identities that illustrate the potentiality of transatlantic history

Out of Bounds Lisa Philips, Johanna Burton, Alicia Ritson, Kate Wiener, 2019-07-16 The first anthology to assemble the writings of the groundbreaking art historian critic and curator Marcia Tucker These influential hard to obtain texts many of which have never before been published by Marcia Tucker founding director of New York's New Museum showcase her

lifelong commitment to pushing the boundaries of curatorial practice and writing while rethinking inherited structures of power within and outside the museum The volume brings together the only comprehensive bibliography of Tucker s writing and highlights her critical attention to art s relationship to broader culture and politics The book is divided into three sections monographic texts on a selection of the visionary artists whom Tucker championed among them Bruce Nauman Joan Mitchell Richard Tuttle and Andres Serrano exhibition essays from some of the formative group shows she organized such as Anti Illusion Procedures Materials 1969 and Bad Girls 1994 which expanded the canons of curating and art history and other critical works including lectures that interrogated museum practice inequities of the art world and institutional responsibility These texts attest to Tucker s tireless pursuit of questions related to difference marginalization access and ethics illuminating her significant impact on contemporary art discourse in her own time and demonstrating her lasting contributions to the field

Adventure Journalism in the Gilded Age Katrina J. Quinn, Mary M. Cronin, Lee Jolliffe, 2021-07-12 These new essays tell the stories of daring reporters male and female sent out by their publishers not to capture the news but to make the news indeed to achieve star billing and to capitalize on the Gilded Age public s craze for real life adventures into the exotic and unknown They examine the adventure journalism genre through the work of iconic writers such as Mark Twain and Nellie Bly as well as lesser known journalistic masters such as Thomas Knox and Eliza Scidmore who took to the rivers and oceans mineshafts and mountains rails and trails of the late nineteenth century shaping Americans perceptions of the world and of themselves Buyways Catherine Gudis, 2004 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company
