The chief function of the University of Missouri Studies is to publish the results of original research by members of the faculty and graduate students. It is devoted to the publication of extensive papers now published under the general and divisional bulletins. Papers of exceptional merit from sources other than the faculty and students of the University will, however, be considered for publication provided that they deal with a subject of particular interest to Missouri.

Social Criticism In The Early Works Of:

Routledge Revivals: Anthony Elliott: Early Works in Social Theory Anthony Elliott, 2021-02-25 The volumes in this set originally published between 1999 and 2003 draw together early works in social theory by leading sociologist Anthony Elliott. The collection covers some of his major works in the field of social theory with a particular focus on psychoanalysis and social theorists within the area of sociology. The works in this set make accessible previously unavailable works from the early stages of Anthony Elliott's ongoing and prolific career to date.

Sociology as Social Criticism (Routledge Revivals)

Tom B. Bottomore, 2012-09-10 First published in 1975 this collection of essays embodies a conception of sociological thought as a critical analysis of social theories and doctrines of social institutions and political regimes of recent social movements. They deal in particular with some conservative versions of sociology and with attempts to develop more radical theories; they extend the author's previous writings on classes, elites and politics and they analyse some of the problems of socialism in the late twentieth century. There is a close unity of theme throughout the book in its critical attempt to formulate new intellectual bases for future radical and egalitarian politics. It is written with that quiet wisdom and impressive command of sources which readers have come to associate with Professor Bottomore's work.

Critical Issues in Social Studies Research for the 21st Century William B. Stanley, 2001-06-01 The authors of the nine other chapters in this book have struggled with the issues discussed above in several different ways. The chapter authors represent a wide range of views and expertise within the field of social studies. Some have been leading social studies scholars for three or four decades. Other authors represent new voices that have begun to shape the direction social studies will take in the future. The topics examined here include the debate over how to define social studies, social studies and the impact of the standards accountability movement, the contextual constraints/restraints on teaching social studies education for democracy, rationales for teaching history, multicultural education, global education, social studies and educational technology and the nature and effectiveness of social studies research.

Vance Packard and American Social Criticism Daniel Horowitz, 2000-11-09 Vance Packard's bestselling books *Hidden Persuaders* 1957, *Status Seekers* 1959 and *Waste Makers* 1960 taught the generation that came of age in the late 1950s and early 1960s about the dangers posed by advertising, social climbing and planned obsolescence. Like Betty Friedan and William H. Whyte Jr, Packard 1914 was a journalist who played an important role in the nation's transition from the largely complacent 1950s to the tumultuous 1960s. He was also one of the first social critics to benefit from and foster the newly energized social and political consciousness of this period. Based in part on interviews with Packard, Daniel Horowitz's intellectual biography focuses on the period during which Packard left magazine writing to author his most famous works of social criticism. Horowitz traces the influence of Packard's education and early years in rural Pennsylvania, providing a deeper understanding of his thought and his later books. Packard's life, Horowitz contends, illuminates the dilemmas of a freelance social critic without inherited wealth or academic affiliation. His career also expands our understanding of how one era

shaped the next underscoring how the adversarial 1960s drew on the mass culture of the previous decade Originally published in 1994 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

The Cinema of Feng Xiaogang Rui Zhang, 2008-09-01 Beginning first as a case study of Feng Xiaogang this book explores Chinese film history since the early 1990s in terms of changes of the Communist Party's film policy industry reforms the official promotion of Main Melody films and the emergence and growth of popular cinema The image of Feng that will emerge in this book is of a filmmaker working under political and economic pressures in a post socialist state while still striving to create works with a personal socio political agenda In keeping with this reality this book approaches Feng as a special kind of film auteur whose works must be interpreted with attention to the specific social and political context of contemporary China The book will be a useful reference tool for students and scholars in the fields of Chinese studies Chinese film history and film studies It could also be used as textbook for classes about Asian cinema international cinema and Chinese culture film studies The extensive use of data about the Chinese film market and elaborate analysis of the situation of Chinese film industry make this book a valuable volume for classroom and personal use *Sadeq Hedayat* Homa Katouzian, 2021-10-21 Sadeq Hedayat is the most famous and the most enigmatic Iranian writer of the 20th century This book is the first comprehensive study of Hedayat's life and works set against the background of literary and political developments in a rapidly changing Iran over the first half of the 20th century Katouzian discusses Hedayat's life and times and the literary and political circles with which he was associated But he also emphasises the uniqueness and universality of his ideas that have both influenced and set Hedayat apart from other Iranian writers of the period and that have given him a mystique that has been instrumental in his posthumous success with acclaimed works such as *The Blind Owl* This second edition is fully revised and updated to reflect on recent debates and scholarship on Sadeq Hedayat **Time, Labor, and Social**

Domination Moishe Postone, 1996 Moishe Postone undertakes a fundamental reinterpretation of Karl Marx's mature critical theory He calls into question many of the presuppositions of traditional Marxist analyses and offers new interpretations of Marx's central arguments He does so by developing concepts aimed at grasping the essential character and historical development of modern society and also at overcoming the familiar dichotomies of structure and action meaning and material life These concepts lead him to an original analysis of the nature and problems of capitalism and provide the basis for a critique of actually existing socialism According to this new interpretation Marx identifies the core of the capitalist system with an impersonal form of social domination generated by labor and the industrial production process are characterized as expressions of domination generated by labor itself and not simply with market mechanisms and private property Proletarian labor and the industrial production process are characterized as expressions of domination rather than

as means of human emancipation This reinterpretation entails the form of economic growth and the structure of social labor in modern society to the alienation and domination at the heart of capitalism This reformulation Postone argues provides the foundation for a critical social theory that is more adequate to late twentieth century capitalism Routledge Handbook of Post Classical and Contemporary Persian Literature Kamran Talattof,2023-06-05 Routledge Handbook of Post Classical and Contemporary Persian Literature contains scholarly essays and sample texts related to Persian literature from the 17th century to the present day It includes analyses of free verse poetry short stories novels prison writings memoirs and plays The chapters apply a disciplinary or interdisciplinary approach to the many movements genres and works of the long and evolving body of Persian literature produced in the Persianate World These collections of scholarly essays and samples of Persian literary texts provide facts general information instructions ways to understand analyze and appreciate this body of works and the field s state of the art research the problematics of the topics regarding one of the most important and oldest literary traditions in the world Thus the Handbook s chapters and related texts provide scholars students and admirers of Persian poetry and prose with practical and direct access to the intricacies of the Persian literary world through a chronological account of key moments in the formation of this enduring literary tradition The related Handbook also edited by Kamran Talattof Routledge Handbook of Ancient Classical and Late Classical Persian Literature covers Persian literary works from the ancient or pre Islamic era to roughly the end of the 16th century Essays in Arabic Literary Biography: 1850-1950 Roger Allen,Terri DeYoung,Joseph Edmund Lowry,Devin J. Stewart,2009 The essays which discuss authors in a variety of literary genres and across the spectrum of the region concerned from Iraq in the East to Tunisia in the West provide clear evidence of the gradually changing roles of the indigenous and the imported which are an intrinsic feature of the movement known in Arabic as al bahada cultural revival and the way in which Arab litterateurs chose to respond to the inspiration that such changes inevitably engendered **Dickens, Money, and Society** Grahame Smith,2023-11-15 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1968 *Education for Political Life* Iaan Reynolds,2023-07-27 Through a detailed reading of Karl Mannheim s early explorations in the sociology of knowledge this book argues for Mannheim s relevance for contemporary social and political theory As a philosophical project of self reflection the early sociology of knowledge is distinctive for its blend of Marxist social theory and phenomenological investigation making it a valuable resource for current philosophical attempts to relate thought to its social conditions Furthermore the struggle documented in the early days of this project against social critique s tendency to obscure its own perspective provides the best standard by which to assess its own limitations Reading the Novel in English 1950 - 2000 Brian W. Shaffer,2009-02-09 Written in clear jargon free prose this

introductory text charts the variety of novel writing in English in the second half of the twentieth century An engaging introduction to the English language novel from 1950 2000 exclusive of the US Provides students both with strategies for interpretation and with fresh readings of selected seminal texts Maps out the most important contexts and concepts for understanding this fiction Features readings of ten influential English language novels including Margaret Atwood's *The Handmaid's Tale* Kazuo Ishiguro's *Remains of the Day* and Chinua Achebe's *Things Fall Apart* **Encyclopedia of Latin American Literature** Verity Smith, 1997-03-26 A comprehensive encyclopedic guide to the authors works and topics crucial to the literature of Central and South America and the Caribbean the Encyclopedia of Latin American Literature includes over 400 entries written by experts in the field of Latin American studies Most entries are of 1500 words but the encyclopedia also includes survey articles of up to 10 000 words on the literature of individual countries of the colonial period and of ethnic minorities including the Hispanic communities in the United States Besides presenting and illuminating the traditional canon the encyclopedia also stresses the contribution made by women authors and by contemporary writers Outstanding Reference Source Outstanding Reference Book Encyclopedia of Nineteenth-century Thought Gregory Claeys, 2005 Covering the period from 1789 to 1914 this work primarily deals with key figures and ideas in social and political thinking but entries also include science religion law art concepts of modernity the body and health thereby covering comprehensively the intellectual history of the period *Race and Multiculturalism in Malaysia and Singapore* Daniel P.S. Goh, Matilda Gabrielpillai, Philip Holden, Gaik Cheng Khoo, 2009-06-12 This book explores race and multiculturalism in Malaysia and Singapore from a range of different disciplinary perspectives showing how race and multiculturalism are represented how multiculturalism works out in practice and how attitudes towards race and multiculturalism and multicultural practices have developed over time Going beyond existing studies which concentrate on the politics and public aspects of multiculturalism this book burrows deeper into the cultural underpinnings of multicultural politics relating the subject to the theoretical angles of cultural studies and post colonial theory and discussing a range of empirical examples drawn from extensive original research covering diverse practices such as films weblogs music subcultures art policy discourse textbooks novels poetry which demonstrate overall how the identity politics of race and intercultural interaction are being shaped today It concentrates on two key Asian countries particularly noted for their relatively successful record in managing ethnic differences at a time when many fast developing Asian countries increasingly have to come to terms with cultural pluralism and migrant diversity **A History of British, Irish and American Literature** Hans-Peter Wagner, 2021-10-04 The third revised and enlarged edition contains discussions of British Irish and American literary works up to 2020 Focussing on outstanding writings in prose poetry drama and non fiction the book covers the time from the Anglo Saxon period to the 21st century The feature that makes this literary history unique among its rivals is the coverage of television web series as a particular form of postmodern drama The chapters on recent drama now contain detailed analyses

of the development of TV and web series from Britain Ireland and America with extensive discussions of those series now considered classics In addition there are several major innovative features To begin with each century is introduced by a survey of the socio political and cultural backgrounds in which the literary works are embedded Furthermore extensive visual material more than 160 engravings cartoons and paintings has been integrated This visual aspect as well as the introductory sections on art for each century give the reader an excellent idea of the symbiosis between visual and literary representations Further innovative aspects include discussions of non fictional works from literary criticism and theory travel writing historiography and the social sciences analyses of such popular genres as crime fiction science fiction fantasy the Western horror fiction and children s literature footnotes explaining technical and historical terms and events a detailed glossary of literary terms chronological tables for British Anglo Irish and American literatures an updated cut off date 2020 extensive bibliography containing suggestions for further reading

Latin American Science Fiction Writers Darrell B. Lockhart,2004-03-30 Many readers are unaware of the vast universe of Latin American science fiction which has its roots in the 18th century and has flourished to the present day Because science fiction is part of Latin American popular culture it reflects cultural and social concerns and comments on contemporary society While there is a growing body of criticism on Latin American science fiction most studies treat only a single author or work This reference offers a broad overview of Latin American science fiction Included are alphabetically arranged entries on 70 Latin American science fiction writers While some of these are canonical figures others have been largely neglected Since much of science fiction has been written by women many women writers are profiled Each entry is prepared by an expert contributor and includes a short biography a discussion of the writer s works and primary and secondary bibliographies The volume closes with a general bibliography of anthologies and criticism

Kierkegaard's The Sickness Unto Death Jeffrey Hanson,Sharon Krishek,2022-07-21 The Sickness unto Death 1849 is commonly regarded as one

of Kierkegaard's most important works but also as one of his most difficult texts to understand. It is a meditation on Christian existentialist themes including sin, despair, religious faith, and its redemptive power, and the relation and difference between physical and spiritual death. This volume of new essays guides readers through the philosophical and theological significance of the work while clarifying the complicated ideas that Kierkegaard develops. Some of the essays focus closely on particular themes; others attempt to elucidate the text as a whole; and yet others examine it in relation to other philosophical views. Bringing together these diverse approaches, the volume offers a comprehensive understanding of this pivotal work. It will be of interest to those studying Kierkegaard as well as existentialism, religious philosophy, and moral psychology.
