Social Problems Contemporary Readings:

Contemporary Readings in Social Problems Anna Leon-Guerrero, 2008-11-21 Companion reader to Anna Leon Guerrero's Social Problems 2nd Edition **Social Problems 3rd Ed + Contemporary Readings in Social Problems** Anna

Leon-Guerrero, 2010-09 Social Problems Joel M. Charon, Lee G. Vigilant, 2011 A unique and groundbreaking collection of fifty four articles organized in eleven thematic sections SOCIAL PROBLEMS READINGS WITH FOUR QUESTIONS Fourth Edition combines a rigorous structural conflict approach with a strong emphasis on the real life experiences of those impacted by social problems. The articles include both classic and contemporary readings covering a wide range of issues in the United States and around the world. The introductory article written by Joel M Charon introduces four questions that students are urged to apply throughout the reader: What is the problem? What makes the problem a social problem? What causes the problem? What can be done? These questions give students a consistent sociological framework to help them analyze the readings and think critically about social problems. The articles have been painstakingly selected to hold student interest while illuminating key topics; most come from books and trade publications rather than dry academic journals. As a whole the collection powerfully explores a wide range of contemporary social problems while providing the tools and context to help students think sociologically about the social problems around us.

Seeing Social Problems Brandon Lang, Molly Monahan Lang, 2019-12-13 Seeing Social Problems Readings on Contemporary Issues in the United States provides students with engaging thought provoking articles that examine a wide array of current social issues: the types of behaviors that perpetuate such problems and how these issues affect the daily lives of Americans. Students are invited to critically consider how key issues have evolved and changed over time and to devise new ways for society to improve both as people and as a nation. The reader is divided into eight sections. Opening sections address socioeconomic inequality and poverty, racial and ethnic inequality, gender inequality, and homophobia and crime. Later sections explore social problems related to medicine and health, families, education, and the environment. The revised first edition features up-to-date information on several important issues including race, gender, crime, health care, drug abuse, and pollution. Recent developments related to the Black Lives Matter and MeToo movements, Obamacare, and environmental justice are addressed. A new reading concerning the American opioid crisis has also been added. Developed to inspire critical thought and a greater understanding of contemporary issues, Seeing Social Problems is an ideal resource for courses in sociology. Brandon Lang earned his Ph.D. in sociology at North Carolina State University. He is an associate professor in the Department of Sociology, Social Work, and Criminal Justice at Bloomsbury University. Dr. Lang's areas of interest include the sociology of sports and community, public and environmental sociology. His writing has appeared in numerous journals, including *Culture and Agriculture*, *Technology in Society*, and *Journal of Environmental Education*. Dr. Lang is a member of the International Sociology of Sport Association and the Eastern Sociological Society. Molly Monahan Lang earned her Ph.D. in sociology at North Carolina State University. She is

an assistant teaching professor of sociology at Penn State Behrend Dr Monahan Lang's research interests include the intersections of race social class and gender within social institutions with particular emphasis on marriages and death dying

The Dramaturgy of Opera. Aspects of Contemporary Reading Vania Batchvarova, 2017-04-29
Directing an opera is examined as a kind of a practical applied philosophy. The opera dramaturgy is an expression of social interrelation—the individual follows a social psychological process and their impact on the musical language. The objective borders of the philosophical context are outlined. The theoretical analysis develops further to the practical. The sphere of theory is leaved through the creation of work hypotheses for stage setting and begins a process of transference from authors intention to analogue decisions for interpretation
