The Divine-Human Relationship in Romans 1-8 in the Light of Interdependence Theory Yoonjong Kim, 2020-11-12 Yoonjong Kim analyses the divine human relationship in Paul's theology focusing on Paul's portrayal of the relationship in Romans 1-8 Kim stresses that previous studies of this relationship have not paid sufficient attention to the fact that it is not static but rather exhibits progression and development towards a goal To address the significance of the human agent's role in the relationship Kim employs a social psychological theory interdependence theory offering a consistent analytic framework for diagnosing the interactions in a dyadic relationship in terms of the dependency created by each partner's expectations of outcomes Kim explores several key stages of the divine human relationship and the direction in which the relationship develops throughout Romans 1-8 in order to highlight the significance of the human partners in the course of the development He focuses in particular on betrayal 1:18-3:20 restoration 3:21-26 5:1-11 the oppressive relationship with Sin 5:12-8:11 and the investment for the future 8:12-39 and concludes that although the foundation of the relationship rests on God's initiative the divine outworking guides the relationship so that it facilitates mutual participation of the human partners in the restoration and development of the relationship toward the ultimate goal **Nordic**

Interpretations of the New Testament Louise Heklgård Bylund, René Falkenberg, Marianne Bjelland Kartzow, Kasper Bro Larsen, 2020-09-07 This volume brings together contributions from the ongoing conversation among New Testament scholars from the Nordic Countries namely Denmark Iceland Finland Norway and Sweden The aim is to challenge the New Testament texts and their interpretations but also to be challenged by these texts and interpretation i.e. how to read interpret and contextualize the impact of these texts and how to conceptualize the power and authority attributed to them As neighbours in peripheral Europe partly sharing language and history scholars of this region also aim to participate in the broader international discourse The fact that their common academic language is English begs the question whether many of the current essays could have been written in different settings since they do not explicitly reflect on contextual issues Or is this the case What characterizes that part of the world are social democracies with relatively high standards of living a strong protestant past but an increasing multicultural population public welfare systems and gender equality Public universities still

have money and can prioritize mobility and internationalisation accordingly although few people live in the Nordic countries relatively many biblical scholars have roots there

The Letter to the Hebrews in Social-Scientific Perspective David A. deSilva, 2012-06-20 A lot of mystery surrounds the book of Hebrews especially regarding its authorship date and audience But by asking the right kind of questions one can move beyond the impasses typical of historical investigation In this volume David deSilva explores Hebrews through a social scientific lens asking one of the most important questions when interpreting letters and sermons What was going on in the community to occasion such a response DeSilva looks for clues concerning the anonymous author his education level the influence of the Greek environment and his perception of his own authority In addition by forming a social profile of the audience that includes location ethnicity and class status deSilva brings to light the author's aims of helping protect Christian converts from persecution and social shame This book not only helps the sermon to the Hebrews take on flesh and blood for contemporary readers it also expands the readers tools for asking fresh questions and exploring new dimensions in biblical texts

The Oxford Handbook of Apocalyptic Literature John Joseph Collins, 2014 Apocalypticism arose in

ancient Judaism in the last centuries BCE and played a crucial role in the rise of Christianity. It is not only of historical interest; there has been a growing awareness especially since the 2001 terrorist attacks on the United States of the prevalence of apocalyptic beliefs in the contemporary world. To understand these beliefs, it is necessary to appreciate their complex roots in the ancient world and the multi-faceted character of the phenomenon of apocalypticism. The Oxford Handbook of Apocalyptic Literature is a thematic and phenomenological exploration of apocalypticism in the Judaic and Christian traditions. Most of the volume is devoted to the apocalyptic literature of antiquity. Essays explore the relationship between apocalypticism and prophecy, wisdom and mysticism, the social function of apocalypticism and its role as resistance literature, apocalyptic rhetoric from both historical and postmodern perspectives, and apocalyptic theology focusing on phenomena of determinism and dualism and exploring apocalyptic theology's role in ancient Judaism, early Christianity, and Gnosticism. The final chapters of the volume are devoted to the appropriation of apocalypticism in the modern world, reviewing the role of apocalypticism in contemporary Judaism and Christianity and more broadly in popular culture, addressing the increasingly studied relation between apocalypticism and violence and discussing the relationship between apocalypticism and trauma, which speaks to the underlying causes of the popularity of apocalyptic beliefs. This volume will further the understanding of a vital religious phenomenon too often dismissed as alien and irrational by secular western society.

From Followers to Leaders Nelson P. Estrada, 2004-04-01 Nelson Estrada examines the apostles' transformation of status from followers to leaders in Acts 1-2. He challenges the common view that Acts 1:12-14 is the preparation for the coming of the Spirit in Acts 2 and that the sole purpose of Acts 1:15-26 is to set the number of the apostles at twelve in line with Jesus' prophecy in Luke 22:30. Instead, Estrada reads Acts 1:12-14 and 1:15-26 as primarily propagandistic in nature. He argues that these pericopes promote the leadership integrity of the apostles by attempting to win the support of the women disciples and Jesus' family and then through Judas' excommunication, extirpation, and replacement to win that of the 120 disciples.

The Cambridge Companion to Biblical Interpretation John Barton, 1998-07-28 This guide to the state of biblical studies features 20 chapters written by scholars from North America and Britain and represents both traditional and contemporary points of view.

The Spirit and Relational Anthropology in Paul Samuel D. Ferguson, 2020-08-28 La 4e de couverture indique: For the Apostle Paul, humans do not identify and act on their own but are constituted in part by relationships. Samuel D. Ferguson shows that according to Paul, the work of the Holy Spirit further attests to this as Christians realize their new life through Spirit-created relationships of sonship and communal interdependence.

Opponents and Identity in Philippians Nina Nikki, 2018-10-02 Guided by awareness of the problematic relationship between polemical text and history, *Opponents and Identity in Philippians* seeks to establish a historical context for the letter to the Philippians. The study re-evaluates the relationship between Paul and the Jerusalem-based Christ-believing community from the time of the Jerusalem meeting and the Antioch incident. A more detailed analysis centers on how this relationship is reflected in

Philippians The book argues that Paul was continuously on problematic terms with the Jerusalem community which means that they are the Jewish Christ believing opponents referred to at several places in Philippians as well With the help of the social identity approach SIA the book illustrates how Paul engages in identity formation through polemical rhetoric in his last letter **Urgency and Severity: Pauline Rationale for Expulsion in 1 Corinthians 5:1-13** David E.

Bosworth,2024-05-21 When Paul heard that a Christ follower in Corinth was in an incestuous relationship with his stepmother the apostle insisted the man be removed immediately from the congregation This dramatic response is surprising as Paul responds to other serious situations with much less vehemence Why did Paul react to the immoral man with such urgency and severity Using socio cultural tools this study explains the importance of group identity and witness for Paul s ecclesiology The argument lays a foundation for contemporary readers to appraise contexts where an expulsive response to sin might be appropriate Institutionalization of Authority and the Naming of Jesus Yolanda Dreyer,2012-01-25 This book

is about the names given to Jesus by those followers responsible for putting his words and deeds into writing the earliest Christian scribes In the first century Mediterranean world the first name of male person was his proper name The second name indicated the family or clan to which he belonged whereas the third name was an honorary title bestowed on him because of some achievement good fortune physical attribute or special excellence Honorary titles were bestowed on Jesus mostly after his death Such titles were often given to sages The titles could either amplify Jesus wisdom and empower people or serve as instruments of power This book aims to demonstrate the ideological and political mystification of Jesus in the transmission of the tradition about him It illustrates the relevance of The social history of formative Christianity The evolution of the Jesus traditions The genre of the gospels as biography and The institutionalization of charismatic authority

Pauline Politics Daniel Oudshoorn,2020-03-10 The Pauline Epistles have been claimed as a useful ally by parties across the political spectrum Neoconservatives claim that Paul and his coworkers were law abiding authority honoring devoutly religious people oriented around their respect for hard work private property and family values Liberals claim that the Pauline faction was devoted to the celebration of diversity internally transcending social markers of status and the embrace of peace Radicals claim that Paul was a leader within an anti imperial revolutionary movement sweeping across the eastern portion of the Roman Empire However it is rare for these and still other parties to engage in dialogue with each other because each party tends to operate with presuppositions that make open engagement difficult *Pauline Politics* examines the main positions taken in relation to Paul and politics and then engages in a thorough examination of the underlying arguments used to argue that this or that position is more or less plausible Underlying arguments tend to relate to two things first positions on the socioeconomic status of Paul his coworkers and other early Jesus loyalists and second positions on Pauline eschatology This volume will comprehensively explore these matters **Pillars in the History of Biblical Interpretation,**

Volume 3 Stanley E. Porter,Zachary K. Dawson,2021-06-07 This third volume like its predecessors adds to the growing body
