## **Social Solidarities Theories Identities And Social Change:**

**Social Solidarities** Graham Crow, 2002 This book explores how people strive to come together act as a unified force It considers arguments of those who claim solidarity is increasingly fragile of those concerned with revitalising solidarities in our unsettled societies

**Cultural Difference and Social Solidarity** Scott H. Boyd, Mary Ann Walter, 2014-03-17 Cultural Difference and Social Solidarity Solidarities and Social Function explores solidarity as a social function bringing to the fore the critical value of the concept of solidarity in understanding contemporary societies The first part of the book Solidarities provides different theoretical approaches to the conception and exploration of solidarity that depart from the traditional and dominant perspectives within which debates about solidarity take place This part includes chapters on the origins of the concept of solidarity in French social thought in the nineteenth century a critical discussion of the later Foucault's augmentation of his concerns with a critical politics of difference with a politics of parrhesia Theodor Adorno and the identitarian logic that underpins reconciliation between difference and solidarity in initiatives such as multiculturalism Alisdair MacIntyre and his rearticulation of Aristotelian virtue ethics to explore the value of solidarity ingrained in the practice of politics as a means of developing solidarity and a transitional chapter that explores the social function of postcolonial theory The second part of the book Social Function seeks to explore particular cases in which solidarity is constituted The cases are diverse in global location level of association focus on cultural political and policy contexts and different approaches to analysis As such they provide a set of cases from which different aspects of the problems of making and remaking solidarity can be explored These chapters include a case study in Israel exploring solidarity and social cohesion through migration globalisation and modernising processes a case study of the African Village Market in Sydney Australia an example of the complexities of solidarity and identity in the Slovene context and an exploration of how state action in Turkey dissolves solidarity in a community through urban housing policies

**Making Sense of Social Movements** Nick Crossley, 2002-01-16 effectively demonstrates the enduring importance of classical social movement theory and provides a cutting edge critical review of recent theoretical developments This is one of the most important general theoretical texts on social movements for some years Paul Bagguley University of Leeds Why and how do social movements emerge In which ways are social movements analysed Can our understanding be enhanced by new perspectives Making Sense of Social Movements offers a clear and comprehensive overview of the key sociological approaches to the study of social movements The author argues that each of these approaches makes an important contribution to our understanding of social movements but that none is adequate on its own In response he argues for a new approach which draws together key insights within the solid foundations of Pierre Bourdieu's social theory of practice This new approach transcends the barriers which still often divide European and North American perspectives of social movements and also those which divide recent approaches from the older collective behaviour approach The result is a theoretical framework which is uniquely equipped for the demands of

modern social movement analysis The clear and concise style of the text as well as its neat summaries of key concepts and approaches will make this book invaluable for undergraduate courses It will also be an essential reference for researchers

**Political Meanings of Solidarity** Marta Kozłowska, 2024-07-09 This monograph discusses the concept of solidarity Using Germany as a case study the book investigates how political actors political parties in specific use the term solidarity in their programmatic documents It maps out the attitudes features and behaviors that the parties continuously denote as expressions of solidarity and reconstructs the generalized concept of solidarity held by each party It categorizes earlier ideas of solidarity into micro and macro perspectives and uses both theoretical and empirical considerations to build a model of solidarity and identify the elements that make solidarity what it is Departing from the typical procedure in intellectual history research this volume takes inspiration from Wittgenstein starting with the language and tracing it back to its historical setting Thus it avoids the trap of speaking of only one meaning of solidarity and allows for more attuned analysis of the differences in understanding the concept Furthermore it links the scientific study of the concept of solidarity with research on political competition and in broader sense political theory and party politics research Closing the gap in scientific coverage of the concept of solidarity this book will be of interest to students and researchers studying political theory political sociology political philosophy political history and political parties

Families, Violence And Social Change McKie, Linda, 2005-03-01 This comprehensive analysis on abuse committed in the home provides insights at both the micro and macro levels The book combines legal and social science approaches in a way that makes it essential reading for anyone studying or working on violence related issues Kev t Nousiainen University of Helsinki Johanna Niemi Kiesil inen University of Ume and Anu Pylkk nen University of Helsinki This excellent book offers a timely intervention into debates about violence Whilst most debates still focus on the spectacular rather than mundane forms of violence Linda McKie uses a synthesis of legal sociological and feminist research to show how current debates fail to deal with the violence that underpins our lives Prof Beverley Skeggs University of London An exciting new addition to the series this book tackles assumptions surrounding the family as a changing institution and supposed haven from the public sphere of life It considers families and social change in terms of concepts of power inequality gender generations sexuality and ethnicity Some commentators suggest the family is threatened by increasing economic and social uncertainties and an enhanced focus upon the individual This book provides a resume of these debates as well as a critical review of the theories of family and social change Charts social and economic changes and their impact on the family Considers the prevalence and nature of abuse within families Explores the relationship between social theory families and changing issues in familial relationships Develops a theory of social change and families through a critical and pragmatic stance Key reading for undergraduate students of sociology reading courses such as family gender health criminology and social change

*Social Theory and Postcommunism* William Outhwaite, Larry Ray, 2008-04-15 Social Theory and Postcommunism undertakes a thorough study of the implications of post communism for

sociological theory Written by two leading social theorists the book discusses the thesis that the fall of communism has decimated alternative conceptions of social organizations other than capitalism Analyzes the implications of the fall of communism on social theory Discusses alternative ideas of social organizations other than capitalism in the wake of the collapse of communism Covers state civil society globalization the future of modernity and post socialism *A Handbook of Comparative Social Policy, Second Edition* Patricia Kennett, 2013-01-01 This extensively revised edition of *A Handbook of Comparative Social Policy* provides up to date and valuable insights on key concepts and issues such as globalization crime diversity housing child poverty gender inequality and social policy regimes To write about these topics editor Patricia Kennett has gathered an excellent team of researchers who deal with both the developing and the advanced industrial world Students of comparative social policy would benefit from engaging with this illuminating Handbook Daniel B land Johnson Shoyama Graduate School of Public Policy Canada The current context of social policy is one in which many of the old certainties of the past have been eroded The predominantly inward looking domestic preoccupation of social policy has made way for a more integrated international and outward approach to analysis which looks beyond the boundaries of the state It is in this context that this Handbook brings together the work of key commentators in the field of comparative analysis in order to provide comprehensive coverage of contemporary debates and issues in cross national social policy research Organized around five themes this thoroughly revised and updated second edition explores the contextual conceptual analytical and processual aspects of undertaking comparative social research The contributions highlight specific areas of comparative social policy including child poverty and well being patterns of housing provision and housing inequalities and social protection in East Asia as well as crime and criminology in a global context The authors of the Handbook explore continuing and emerging themes as well as issues which are of particular relevance to understanding the contemporary social world International in scope this authoritative Handbook presents original cutting edge research from leading specialists and will become an indispensable source of reference for anyone interested in comparative and international social research It will also prove a valuable study aid for undergraduate and postgraduate students from a range of disciplines including social policy sociology politics urban studies and public policy **Knowing Otherwise** Alexis Shotwell, 2015-09-10 Prejudice is often not a conscious attitude because of ingrained habits in relating to the world one may act in prejudiced ways toward others without explicitly understanding the meaning of one's actions Similarly one may know how to do certain things like ride a bicycle without being able to articulate in words what that knowledge is These are examples of what Alexis Shotwell discusses in *Knowing Otherwise* as phenomena of implicit understanding Presenting a systematic analysis of this concept she highlights how this kind of understanding may be used to ground positive political and social change such as combating racism in its less overt and more deep rooted forms Shotwell begins by distinguishing four basic types of implicit understanding nonpropositional skill based or practical knowledge embodied knowledge potentially

propositional knowledge and affective knowledge She then develops the notion of a racialized and gendered common sense drawing on Gramsci and critical race theorists and clarifies the idea of embodied knowledge by showing how it operates in the realm of aesthetics She also examines the role that both negative affects like shame and positive affects like sympathy can play in moving us away from racism and toward political solidarity and social justice Finally Shotwell looks at the politicized experience of one's body in feminist and transgender theories of liberation in order to elucidate the role of situated sensuous knowledge in bringing about social change and political transformation

**Advances in Biographical Methods** Maggie O'Neill, Brian Roberts, Andrew Sparkes, 2014-12-05 Rooted in a long and diverse genealogy biographical approaches have developed from a focus upon a single story a life story and personal documents e.g. diaries to encompass more routinely autobiographical secondary and archival research and analysis as well as multi media arts based creative multi sensory methods Biographical Research and practices as part of human understanding helps people to make sense of what has been and what is happening in their lives cultures communities and societies **Advances in Biographical Methods Creative Applications** takes up these themes theorising doing and applying current advances in biographical methods It demonstrates the momentum with which they areas are developing as a field of scholarship especially in relation to creative innovations and applications such as in new forms of interview and other practices and debates on its interlinking with art performance and digital methods

*Globalization and Everyday Life* Larry Ray, 2007-08-07 *Globalization and Everyday Life* provides an accessible account of globalization by developing two themes in particular First globalization is an outcome of structural and cultural processes that manifest in different ways in economy politics culture and organizations So the globalized world is increasingly heterogeneous unequal and conflictual rather than integrated and ordered Secondly globalization is sustained and created by the everyday actions of people and institutions Both of these have far reaching consequences for everyday life and are fully explored in this volume Larry Ray skilfully guides students through the various aspects of the globalization debate and illustrates key arguments with reference to specific topics including nation state and cosmopolitanism virtual societies transnationals and development This innovative book provides this information in a clear and concise manner suitable for the undergraduate student studying sociology social geography globalization and development studies

**Perspectives on Marital Dissolution** Sharon Ee Ling Quah, 2015-05-08 This book presents a sociological account on marital dissolution that engages and extends theorisations on individualisation and the contemporary organisation of personal relationships to discuss how the experience of divorce might not be all debilitating but on the contrary could provide opportunities for productivity self responsibility and relationship formation Using Singaporean divorcees narrative accounts the book explores how divorcees shape and construct what the author refers to as a divorce biography to end their unsatisfying marriages cope with the crisis negotiate the associated risks organise post divorce personal communities and make future plans It uncovers how divorcees navigate their divorce biographies within the

economic policy and social context they are located in and examines the conditions that facilitate or hinder the pursuit of productivity in different facets of their post divorce lives Far from a standard story of divorce this book presents the diversity and complexity of Singaporean divorce biographies The research challenges negative discourses associated with divorce and offers a more nuanced perspective by discussing both the precarious and productive aspects of the experience More importantly it provides a critical discussion on the limited definition of family prevalent in Singaporean society and shows how post divorce family life and practices continue to thrive despite the rupture of marriage

**Sociology** James Fulcher, John Scott, 2011-03-17 Sociology is relevant to current teaching and courses dealing with sociology as a living subject and incorporating the classic traditions of the discipline This new edition has been updated with a range of new case studies and additional chapters

Rethinking Community Research David Studdert, Valerie Walkerdine, 2016-08-24 This book sheds new light on the complex inter relations that make up class power local history and space It turns community thinking on its head by understanding community not as an object but as a relational process with sociality at its core Based on fieldwork from one market town and the work of Hannah Arendt it demonstrates how a new approach to social practices can illuminate our understanding of commonality and communal being Whilst community has become both a much derided and much touted term this thought provoking work shows that it is at the heart of social process It will appeal to researchers of sociology social policy politics public health and geography as well as those involved in public policy design and implementation

*Collective Actions of Solidarity against Food Insecurity* Daniela Bernaschi, 2020-08-31 This book analyzes the issue of food insecurity in Europe It highlights the role played by cities in promoting resilient solidarity based and food and nutritionally safe communities The focus will be on three different local initiatives in Rome Barcelona and Athens and on the relations between civil society and local public institutions in order to tackle with the food insecurity challenges The research is aimed at understanding the paradox of food insecurity in wealthy societies The focus will be on three European countries Italy Spain and Greece An in depth analysis on collective actions of solidarity to tackle food insecurity will assess whether the initiatives are capabilities oriented or merely compensating for shortcomings Moreover the contributions to the definition of a new food policy by and for the cities will be highlighted

*Restitution and the Politics of Repair* Magdalena Zolkos, 2020-09-21 Analyses the social imaginary of undoing repair and return underpinning the international norm of restitution making Approaches restitution not just as a legal norm of property return but as a social imaginary and a cultural psychoanalytic scene of undoing repair and return Brings together philosophic political socio legal and cultural psychoanalytic approaches to the study of restitution Outlines a heterogeneous and multifaceted idea of restitution emergent in modernity and looks at the peripheries of the modern restitutive tradition in the search for alternatives and counter traditions This book takes a unique approach grounded in political and cultural discourse to develop a political theory of restitution Challenging assumptions about restitution in the Western legal and political tradition where it has become nearly

synonymous with reacquisition and where legal studies focus on material objects and claims to their ownership Zolkos argues that the development of restitutive norms has been auxiliary to the emergence of modern state sovereignty and excavates the restitutive tradition's mythical religious substrate Bringing together texts from within and outwith the Western canon of political theory and philosophy including the writings of Grotius Durkheim Freud and Klein as well as Mary Shelley's *Frankenstein* the book undertakes a dual task reading literary texts as a political theorising of restitution and reading political or sociological texts as literary narratives with distinctive restitutive tropes of repair undoing and return

*The Social Science Jargon Buster* Zina O'Leary, 2007-09-17 Are you confused by academic jargon Do you know your discourse from your dialectic Can you tell the difference between anomie and alienation *The Social Science Jargon Buster* tackles the most confusing concepts in the social sciences breaking each down and bringing impressive clarity and insight to even the most complex terms This book successfully addresses the central task for any teacher of social theory how to make the material accessible without making it simplistic and banal The overall effect is a most effective text that hard pressed students and lecturers will grab with both hands Dave Harris Senior Lecturer in Social Science This practical down to earth dictionary will help students new to social science discourse gain a thorough understanding of the key terms Each entry includes a concise core definition a more detailed explanation and an introduction to the associated debates and controversies In addition students will find a useful outline of the practical application of each term as well as a list of key figures and recommendations for further reading This dictionary brings a refreshing clarity to social science discourse making it essential reading for all students on undergraduate social science courses

[A Sociological Approach to Health Determinants](#) Toni Schofield, 2015-02-03 A Sociological Approach to Health Determinants investigates how the social works in determining health and health inequity Taking a global perspective the book shines a light on how experiences of health illness and health care are shaped by a variety of complex social dynamics Informed primarily by sociology the book engages with the WHO's social determinants of health approach and draws on contributions from history political economy and policy analysis to examine issues such as class gender ethnicity and indigeneity and the impact they have on health A Sociological Approach to Health Determinants is a comprehensive resource that provides a new perspective on the influence of social structures on health and how our understanding of the social can ensure improved health outcomes for people all over the globe

[Working and Caring over the Twentieth Century](#) J. Brannen, P. Moss, A. Mooney, 2004-09-06 Increased longevity and better health are changing the nature of family life In the context of changes in the world of work increased divorce and a declining welfare state multi generation or beanpole families are a potential resource for family support Focusing on four generation families and the two central careers of the life course employment and care *Working and Caring Over the Twentieth Century* explores this question Based upon new research that employed biographical methods it maps in detail from 1910 to the late 1990s the lives of men and women as great grandparents grandparents and parents The book provides

unique insights into processes of change and continuity in family lives and the ways in which different generations of men and women make sense of their lives      *Transnational Labour Solidarity* Katarzyna Gajewska, 2009-06-02 Why and how to study European solidarity Analytical categories in conceptualizing solidaristic behaviour Presentation of cases The vertical dimension of Europeanization of the trade union movement Interaction and action as transformational mechanisms Framing solidarity interests identification and reciprocity Situational mechanisms market integration and trade unions

Participation, Marginalization and Welfare Services Aila-Leena Matthies, Lars Uggerhøj, 2016-05-13 Current debates around participation and marginalization dominate the agenda of many European political forums There is an increasing concern about the stability of social cohesion and a growing number of particular groups of people who are regarded as being at risk of being socially excluded or marginalized This volume goes beyond the surface of public discussions to look at the central role played by welfare services in European societies in either strengthening or hindering participatory citizenship and democracy In current discussions welfare services understood in a broad sense are centrally positioned there are high expectations that welfare services can hinder marginalization and enable participation Yet marginalization is in most cases rooted in the deeper structures of society with economy participation and involvement dependent on political or highly personal factors which are beyond the scope of welfare services This groundbreaking volume posits that participation and marginalization are twin concepts expressing opposing sides of one and the same processes faced by individuals and communities It will be essential reading for social workers sociologists and policy makers throughout Europe
