Puri, 1983-05-23 Although a few books dealing with some specialised aspects of regional planning have appeared in India there has been no systematic treatment of the subject from the teaching angle embracing the whole field of regional planning drawing attention to the work done by Indian scholars and focusing on Indian problems The present book is an attempt in this direction The 12 chapters of the book besides dealing with the concepts methods and techniques of regional planning have been devoted to specific problems in regional development such as regional imbalances rural development backward area development and tribal area development This provides the necessary orientation to the directions in which regional planning is relevant **All the Difference** Benjamin Higgins, 1992-10-14 He goes on to tell the story of his advisory missions to Asia the Middle East Latin America Africa and the South Pacific Higgins weaves anecdotal accounts of his adventures in these regions and gives his personal reactions to these environments along with analysis of the development efforts in which he participated He explains how professional thinking about economic and social development evolved as experience and knowledge accumulated The book also includes accounts of the author's experiences with and reactions to a variety of multicultural and bilateral aid agencies thus providing an intimate picture of their operation In his final chapter Higgins sums up his own views on the current state of economic development development economics economics in general and the role of political and cultural factors in the development process Regional Policy and Planning in Europe Paul Balchin, Ludek Sykora, Gregory Bull, 2002-06-01 Regional Policy and Planning in Europe explores the ways regional policy and planning systems across Europe have been influenced by economic and monetary union the impending enlargement of the European Union the devolution of administrative power from central

government to regional authorities the increased importance of environmental and urban issues Presenting a comprehensive overview of the economic basis of integration this book examines the evolution of various systems of government planning and forms of devolution Regional Problems and Policies in Latin America Juan R. Cuadrado-Roura,Patricio Aroca,2014-01-07 This contributed volume is the first book in English to offer a current and critical vision of regional problems and policies in the countries of Latin America The book is in three main parts a general overview of regional processes and trends in Latin America as a whole country level coverage of seven individual countries and comparative analyses of common major problems such as migration education labor poverty decentralization exports and foreign direct investments Written by renowned academics and experts from the region the book seeks to provide a better understanding of regional challenges and trends regional disparities that exist in many Latin American countries and the increasing importance of metropolitan areas **Equity and Efficiency in Economic Development** Donald J. Savoie,Irving Brecher,1992-10-16 The ideological foundations of the contributors range from personalized neo Marxism through extreme centre neo Keynesianism to hard line neoclassical mathematical economics Despite this diversity there is a surprising degree of consensus No contributor advocates centralized planning and none expects a free market to cure all economic ills Opinions vary as to how well the market actually works but all agree that equity and efficiency are essential goals which most consider to be complementary rather than mutually exclusive In the concluding chapter it is suggested that current economic problems are caused not so much by government intervention as by the nature of that intervention The authors believe that the recent ideological convergence may lead to a new paradigm a theory of the optimal blend of market and management that will be flexible enough to deal with the varying conditions of diverse societies thus simplifying the task of creating a smooth running global economy The contributors are Irma Adelman Mark Blaug Kenneth Boulding Irving Brecher Albert Breton John S Chipman Andr Gunder Frank Martha Fuentes Frank Niles Hansen Murray C Kemp Robin Marris Richard Musgrave Walt Rostow Donald J Savoie Nicholas Spulber and Paul Streeten Higgins himself contributes a chapter on basic concepts and collaborates with Donald Savoie on the final chapter **The individuality of a scholar and advancement of social science : the scholarship of Antoni Kukliński** Anna Gąsior-Niemiec,Józef Niżnik,2008 **Regional disaggregation of national policies and plans** Antoni R. Kuklinski,2019-01-29 No detailed description available for Regional disaggregation of national policies and plans **Polarized Development and Regional Policies** Antoni Kuklinski,2019-07-22 No detailed description available for Polarized Development and Regional Policies **Concepts and Issues of Environmental Management** Govind Prasad,2008 Contents Eco system Form and Processes Conceptual Framework Process of Urbanisation Migration Regional Development and Territorial Planning Concept of Geo ecological Processes and Geo spatial Paradigm Concept of Work and Workers in Global Perspective Concept of Perception and Source of Confusion in Environmental Research Concepts and Issues of Environmental Mapping Concept of Settlement Domicile and
