

DEVIANT BEHAVIOR IN SOCIOLOGY

"Deviant behavior refers to conduct that departs significantly from the norms set for people in their social statuses" (Merton, 1966, p. 805).

FORMAL DEVIANCE

Deviance that breaks the law.

Examples:

- 1 Theft
- 2 Speeding in your car
- 3 Vandalism
- 4 Tax evasion
- 5 Bribery
- 6 Gang violence

INFORMAL DEVIANCE

Deviance that contravenes social norms.

Examples:

- 1 Swearing at your teacher
- 2 Cheating in an exam
- 3 Breaking taboos
- 4 Hunger strikes
- 5 Rudeness
- 6 Speaking out of turn

Social Stratification And Deviant Behavior

Leonard Beeghley

Social Stratification And Deviant Behavior:

Social Stratification and Deviant Behavior John P. Hewitt, 1970 Handbook on Crime and Deviance Marvin D. Krohn, Alan J. Lizotte, Gina Penly Hall, 2010-01-15 Deviant Behavior John A. Humphrey, Frank Schmalleger, Professor Frank A. Schmalleger, 2019-12-11 This book covers the social forces that shape deviance the motivations and consequences of deviant behaviors and how our definition of deviance changes over time It examines a wide range of deviant behaviors from criminal acts to extreme forms of everyday behavior and helps students understand the impact of globalization on traditional and emerging forms of deviance *Deviant Behaviour* Clifton D. Bryant, 2014-09-03 A comprehensive set of readings examining the full range of concerns in the field of deviant behaviour All the selections are relatively recent and have not appeared in other anthologies **Introduction to Sociology Through Comedy** Julie Morris, 2024-05-02 Questioning society and one's place in it is a common theme in both comedy and sociology Understanding and subverting hierarchies and norms exploring deviance and taboos and relating lived experience to broader questions all hold a crucial place for them both Introduction to Sociology Through Comedy teaches foundational sociological concepts using comedy first considering the history of sociology before employing examples from comedians including standalone comedy bits sketches characters and scenes to illustrate a specific theory concept or social phenomenon The profession of comedy is then used as a case study for the application of sociological concepts such as impression management social stratification racial segregation deviance and stigma allowing readers to gain familiarity with the concepts while simultaneously practicing their application This book explains why we laugh by applying theories of humor which will bolster students understanding of sociological principles by forcing them to question their own assumptions helping them to put why they laugh into sociological terms *The Politics and Morality of Deviance* Nachman Ben-Yehuda, 1990-01-01 The Politics and Morality of Deviance develops a theoretical framework and then applies it to four different and specific case studies in an explicit attempt to put the sociology of deviance back into mainstream sociology It argues that deviance should be analyzed as a relative phenomenon in different and changing cultures vis a vis change and stability in the boundaries of different symbolic moral universes It also argues that the legitimization of power should be thought of in terms of a moral order that in turn defines the societal boundaries of different symbolic moral universes Mills concept of motivational accounting systems is utilized throughout the text in order to illustrate how the micro and macro levels of analysis can be integrated **Mental Health and Psychiatric Nursing** Janet L. Davies, Ellen Hastings Janosik, 1991 *Anomie, Strain and Subcultural Theories of Crime* Joanne M. Kaufman, 2017-05-15 Anomie strain and subcultural theories are among the leading theories of crime Anomie theories state that crime results from the failure of society to regulate adequately the behavior of individuals particularly the efforts of individuals to achieve monetary success Strain theories focus on the impact of strains or stressors on crime including the inability to achieve monetary success through legal channels And subcultural theories argue that some individuals turn to

crime because they belong to groups that excuse justify or approve of crime This volume presents the leading selections on each theory including the original statements of the theories key efforts to revise the theories and the latest statements of each theory The coeditors Robert Agnew and Joanne Kaufman are prominent strain theorists and their introductory essay provides an overview of the theories discusses the relationship between them and introduces each of the selections *The Structure of Social Stratification in the United States, The, CourseSmart eTextbook* Leonard Beeghley,2015-10-05 This book distills out of the rich vein of sociological research some of what is known about the structure of stratification in the United States It emphasizes the importance of power for understanding the structure of stratification **Deviant Behavior** Cliff Roberson,Elena Azaola Garrido,2015-04-17 Deviant behavior is not a subject that you study in school and then file away It is a study of life and is ever changing Defining the concept of deviant behavior is one of the most difficult tasks to overcome when studying the subject Sociologists probably disagree more over the meaning of deviant behavior than any other subject Deviant Behavior **Routledge Handbook of Deviant Behavior** Clifton D. Bryant,2012-04-27 The Handbook of Deviant Behavior presents a comprehensive integrative and accessible overview of the contemporary body of knowledge in the field of social deviance in the twenty first century This book addresses the full range of scholarly concerns within this area including theoretical methodological and substantive issues in over seventy original entries written by an international mix of recognized scholars Each of these essays provides insight not only into the historical and sociological evolution of the topic addressed but also highlights associated notable thinkers research findings and key published works for further reference As a whole this Handbook undertakes an in depth evaluation of the contemporary state of knowledge within the area of social deviance and beyond this considers future directions and concerns that will engage scholars in the decades ahead The inclusion of comparative and cross cultural examples and discussions relevant case studies and other pedagogical features make this book an invaluable learning tool for undergraduate and post graduate students in disciplines such as criminology mental health studies criminal theory and contemporary sociology **Social Stratification** Graham Charles Kinloch,1987

Deviant Behaviour (Routledge Revivals) Paul Rock,2014-06-17 This book first published in 1973 explores the manner in which conceptions of deviancy arise and shows how the attitudes of non deviants of society and of authority are as instrumental in forming these conceptions as the actions of the deviants themselves Chapters include discussions on the definition of deviants and deviancy and the enforcement of the law alongside a detailed introduction This title will be of particular value to students and scholars with an interest in criminology and the sociology and psychology of deviancy
