Sociological Writings

Matthias Groß, Harald Heinrichs

Sociological Writings:

Seminal Sociological Writings, Volume 2 Richard Altschuler, 2014-10 The writings of Harriet Martineau and W E B Du Bois generally known as the first woman and black founders of sociology bookend this rich collection of pioneering works that created the science of society The sixteen writings in this anthology originally appeared in articles and books published from the mid nineteenth century to the early twentieth century They are therefore primary source documents that allow modern readers to see how the authors introduced their paradigm changing concepts that shattered earlier perceptions of society concepts such as culture lag collective bargaining human ecology iron law of oligarchy and class conflict which still largely influence the way twenty first century social scientists think about and study human relationships institutions societies and cultures Along with the writings of Martineau and Du Bois this volume features original works by other major founders of sociology including Beatrice Webb Vilfredo Pareto Jane Addams Robert Michels William F Ogburn Robert E Park Friedrich Engels Henry Sumner Maine Walter Bagehot Ludwig Gumplowicz Charlotte Perkins Gilman Albion Small Gustav Ratzenhofer Ernest Burgess and Franz Oppenheimer The groundbreaking writings in this anthology which is a companion volume to Seminal Sociological Writings From Auguste Comte to Max Weber 2010 can serve as either a primary or ancillary text in courses on the history of sociology and sociological theory It will also enlighten all individuals interested in the birth and development of the social sciences

Sociological Writings Vilfredo Pareto, 1966

Seminal Sociological Writings Richard Altschuler, 2010 This book fills a void by assembling seminal writings from many original works that created the science of society by Auguste Comte mile Durkheim Karl Marx Herbert Spencer George Herbert Mead Ferdinand T nnies Georg Simmel Thorsten Veblen Max Weber and other founding fathers of sociology The seminal writings in this anthology originally appeared in articles and books published from the mid 19th century to the early 20th century They are therefore primary source documents that allow modern students to see how the authors introduced the paradigm changing constructs that shattered earlier perceptions of reality They include social class conspicuous consumption division of labor collective consciousness social self survival of the fittest anomie culture lag charisma social solidarity and other concepts that dominate how social scientists today think about and study human relationships institutions societies and cultures In addition to allowing students to experience the great theorists thoughts and reasoning processes directly these primary source documents provide an invaluable research resource because they were written by the theorists in the first person as they were undergoing their groundbreaking theoretical insights and discoveries and while they were recording reflecting on witnessing and living through the phenomena that engaged them as they occurred For these reasons and more Seminal Sociological Writings From Comte to Weber is an important resource that can serve as either a primary or ancillary text in courses on theory and will enlighten all scholars and laypersons interested in the birth and development of the social sciences

A Guide to Writing Sociology Papers Roseann Giarrusso, University of California, Los Angeles. Sociology

Writing Group,2001-02-15 Ideal for instructors and students in a wide range of sociological courses this guide makes the case that thinking and writing are integrally related and that writing therefore exercises the sociological imagination Written in a clear and conversational style A Guide to Writing Sociology Papers examines a wide range of writing assignments for sociology courses at all levels of the curriculum Employing a variety of writing samples as a means to illustrate effective writing this brief and inexpensive text teaches students how to deftly research and write about sociology Classical Sociological Theory Ian McIntosh,1997-05 A collection of the most relevant and noteworthy works of classical sociological thinkers in one single volume Over the years many textbooks have been written about the troika of sociological geniuses Marx Durkheim and Weber Too often however these works have been mere distillations of the views of the great thinkers They did not intend nor could they hope to capture the subtleties and nuances of the original texts With the publication of Ian McIntosh s Classical Sociological Theory A Reader extracts of the most relevant and noteworthy works of the classical sociological thinkers are available for the first time in a single volume Here we find lengthy excerpts from Marx s Communist Manifesto and The German Ideology Weber s Protestant Ethic and the Spirit of Capitalism Durkheim s The Division of Labour in Society and Suicide A Study in Sociology Generous portions of fifteen other texts are included here as well as selected correspondence of Karl Marx Each extract is prefaced by an introduction which provides the reader with essential background information on each author s Weltanschauung without telling the student what to think or encapsulating the excerpt to follow Brief biographies of the principals and guides for further reading provide the student with a frame of reference for the texts Classical Sociological Theory A Reader is not a replacement for the full texts in the original It is however an enticement whetting the appetite for further exploration of the masters of sociological thought Sociological Theories and Concepts Mr. Rohit Manglik,2024-03-11 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels *Sociological Insights of Great Thinkers* Christofer R. Edling,Jens Rydgren,2010-11-18 In this book leading sociologists expand the scope of their discipline by revealing the sociological aspects of the works of great philosophers scientists and writers Sociologists have long recognized that sociological insight can be gleaned from creative thinkers outside their formal discipline Sociological Insights of Great Thinkers Sociology through Literature Philosophy and Science captures and examines those insights in 32 essays that discuss scholars and writers not normally associated with any sociological school of thought Following a tradition of enriching the sociological toolkit by finding influence in philosophy and literature the volume s contributors an international group of renowned scholars eschew biography to focus solely on sociological interpretations that can be drawn from the work of many of history s preeminent thinkers Among the book s subjects are philosophers such as Aristotle Plato Kant and Cassirer scientists such as Darwin and

Galileo and authors such as Kafka Proust and Shakespeare The essays not only allow readers to see such thinkers in a new light but underscore the fact that sociological questions have lain at the very heart of humanity throughout history

Essays in Medical Sociology Renée Claire Fox, This outstanding collection of essays by Renee C Fox encompasses almost thirty years of original pioneering research in the sociology of medicine Based on fieldwork in a variety of medical settings in the United States Belgium and Zaire these ethnographic essays examine chronic and terminal illness medical research therapeutic innovation medical education and socialization and bio ethics Within this framework three empirical cases have been singled out for special scrutiny the process of becoming a physician the development of the artificial kidney machine and organ transplantation and the evolution of medical research in Belgium Without ignoring social structural or psychodynamic factors Dr Fox has explored basic cultural phenomena and questions associated with health illness and medicine values beliefs symbols rites and the nuances of language ethical and existential dilemmas and dualities and the complex interrelationships between medicine science religion and magic She draws systematically and imaginatively upon anthropological psychological historical and biological insights and integrates observations and analyses from her own studies in American Western European and Central African societies This second augmented edition includes Professor Fox's more recent contributions to the expanding field of the sociology of medicine They are The Evolution of Medical Uncertainty The Human Condition of Health Professionals Reflections on the Utah Artificial Heart Program Is Religion Important in Belgium Medical Morality is Not Bioethics Medical Ethics in China and the United States and Medicine Science and Technology The work also includes a new introduction Endings Beginnings and Continuities Now anthropologists sociologists medical educators scientists researchers and students can join her on her journeys into the field and share with her the priceless insights to be gained from the physicians nurses medical students patients and their families who are working living and dying on the edge of what is known scrutable and remediable on the edge of medical science *Founding Sociology? Talcott Parsons and the Idea of General Theory.* John Holmwood, 2014-09-25 The theories of Talcott Parsons are enjoying a revival in the world of sociology Rather than following closely the complex original prose in an effort to explain the theory in its minutiae Holmwood presents a highly readable non technical critique of several of the strongest underlying sociological themes and shows how although flawed in many respects these themes have been recurring in different forms in the theories of those critical of his work *Social Science Quotations* Robert Merton, 2018-04-27 Social Science Quotations has been prepared to meet an evident unmet need in the literature of the social sciences Writings on the lives and theories of individual social scientists abound but there has been no fully documented collection of memorable quotations from the social sciences as a whole The frequent use of quotations in scientific as well as literary writings that are mere summaries or paraphrases typically fail to capture the full force of formulations that have made quotations memorable This book of quotations invites the further reading or rereading of the original texts beyond the quotations themselves Sills and Merton

draw extensively upon the writings that constitute the historical core of the social sciences and social thought those works with staying power often described as the classical texts Many quotations have been drawn from these classical texts because the quotations contain memorable ideas memorably expressed Both consequential and memorable these words have been quoted over the generations entering into the collective memory of social scientists everywhere and at times diffusing into popular thought and into the vernacular as well This book is useful to social scientists anthropologists economists historians political scientists psychiatrists psychologists sociologists and statisticians and for all who want to learn or verify memorable formulations and phrases concerning social thought and social theories It is particularly useful for graduate students taking courses that examine the history of their discipline

Writing Caste/Writing Gender Sharmila Rege, 2014-04-01 The women tell it like it is So riveting is the narration that it is difficult to put down the book until their stories are finished For a non fiction academic work this is no small feat The Hindu Sharmila Rege s path breaking study of Dalit women s writings and lives offers a powerful counter narrative to the mainstream assumptions about the development of feminism in India in the 20th century Extensive extracts from eight Dalit women s writings cover issues such as food and hunger community caste labour education violence resistance and collective struggle The voices that resound throughout the book reveal that Dalit feminism far from being silent as so often presumed is rich powerful layered and highly articulate Published by Zubaan

Signs, Solidarities, and Sociology Blasco José Sobrinho, 2001 Signs Solidarities Sociology addresses the formation and fragmentation of identity in today s postmodern world Informed by the conceptual convergence in the theories of Durkheim Peirce Mead and Lacan this book surveys the range of twentieth century sociology to deconstruct those favored nostrums of subjective meaning personal power and autonomous selfhood that comprise its semantics of agency Revealed beneath this semantic screen is the triad of pragmatic codes premodern affiliation modern calibration and postmodern globalization that govern the social construction of the self While the ill comprehended confluence of these three signification codes in the present world situation can indeed fragment personal identity their formal structural linkages as shown in this book may inform a truly postmodern globally applicable science of culture

Logics of Legitimacy Margaret Stout, 2017-09-25 The discipline of public administration draws predominantly from political and organizational theory but also from other social and behavioral sciences philosophy and even theology This diversity results in conflicting prescriptions for the proper administrative role So how are those new to public administration to know which ideas are legitimate Rather than accepting conventional arguments for administrative legitimacy through delegated constitutional authority or expertise Logics of Legitimacy Three Traditions of Public Administration Praxis does not assume that any one approach to professionalism is accepted by all scholars practitioners citizens or elected representatives Instead it offers a framework for public administration theory and practice that fully includes the citizen as a political actor alongside elected representatives and administrators This framework Considers both direct and representative forms of democracy Examines concepts from

both political and organizational theory addressing many of the key questions in public administration Examines past and present approaches to administration Presents a conceptual lens for understanding public administration theory and explaining different administrative roles and practices The framework for public administration theory and practice is presented in three traditions of main prescriptions for practice Constitutional the bureaucrat Discretionary the entrepreneur and Collaborative the steward This book is appropriate for use in graduate level courses that explore the philosophical historical and intellectual foundations of public administration Upon qualified course adoption instructors will gain access to a course outline and corresponding lecture slides *Max Weber in Politics and Social Thought* Joshua Derman,2012-10-18 A comprehensive account of the wide ranging impact of Max Weber s ideas on German and American intellectuals in the twentieth century *Studies in the Philosophy of History and the New Science of Sociology* J. M. Long,1884 **Social Forces** ,1926 **Environmental Sociology** Matthias Groß,Harald Heinrichs,2010-06-17 Despite being a relatively young sub discipline European environmental sociology has changed considerably in the last decades towards more interdisciplinary collaborations and problem solving Current trends such as global environmental modernization and processes of economic political and socio cultural globalization fuelled by developments of transport environmental flows scientific uncertainty and information technologies have fostered new conceptual approaches that move beyond classical sociological mind sets toward broader attempts to connect to other disciplines **The Unhappy Divorce of Sociology and Psychoanalysis** Lynn Chancer,John Andrews,2014-08-05 A collection of 18 contributions by well known scholars in and outside the US The Unhappy Divorce of Sociology and Psychoanalysis shows how sociology has much to gain from incorporating rather than overlooking or marginalizing psychoanalysis and psychosocial approaches to a wide range of social topics *The Sociological Souls of Black Folk* W. E. Burghardt Du Bois,Robert A. Wortham,2011-08-16 The Souls of Black Folk is W E B Du Bois most famous work While the work is often viewed as a classic in African American literature and the history of the African American experience the sociological significance of the work has been understated In his initial discussions with the book s original publisher Du Bois desired to prepare a volume that would showcase his ongoing sociological work on the Negro problems While many editions of Du Bois classic text have appeared no edition has focused primarily on the eight previously published essays in their original form and chronological order This fact alone makes The Sociological Souls of Black Folk unique An introductory essay by the volume s editor Robert Wortham highlights the sociological significance of the original essays by addressing such themes as the concept of the self the social construction of the African American experience and racial inequality Eight additional essays originally published between 1897 and 1900 are added by the editor in a second section These additional sociological essays focus on African American entrepreneurship crime race relations liberal arts education the Black Church s function within the African American community and the quality of African American life in the Southern Black Belt The essays included in The Sociological Souls of Black Folk

provide the reader with an opportunity to gain a greater appreciation for Du Bois early sociological work and recognize that Du Bois was indeed one of the pioneering figures in the development of sociology in the United States

Sociology of Religion William Mirola, Susanne C Monahan, Michael O. Emerson, 2015-09-16 A reader that seeks to explore the relationship between the structure and culture of religion and various elements of social life in the U S Sociology of Religion A Reader 2e is ideal as either a standalone reader or supplement to the text written by the same author team Why Religion Matters Based on both classic and contemporary research in the sociology of religion this reader highlights a variety of research methods and theoretical approaches It explores the ways in which religious values beliefs and practices shape the world outside of church synagogue or mosque walls while simultaneously being shaped by the non religious forces operating in that world
