SONG SESSION

COMMUNITY SONG BOOK

Arranged by DON WILSON

FOREWORD — It has been some time since the last "Song Session" Community Song Book appeared. This collection should not be considered a sequel to that publication, but an independent song book, unique in many ways, even though a few of the earlier numbers, particularly in the patriotic repertoire, are almost automatically repeated. Whatever old favorites are missing here will probably be found in the previous "Song Session," which is recommended as a continually practical compilation.

The variety of song material presented here should appeal to every amateur singer and perhaps to some professionals as well. There are first of all no less than twenty popular hits of our time, still protected by copyright, including such established favorites as *Tee for Two*, *April Showers*, *The Blue Room*, *Don't Fence Me In*, *For You*, and many others. A number of other standard hit songs, whose copyright has now expired, appear in these pages for the first time since their original publication.

This editor is inclined to emphasize also a few complete novelties, never before seen in print, which date back to the harmonizing of the musical Spaeth children in the "Gay Nineties," particularly some unfamiliar rounds that will be found entirely practical for family performance.

The categories under which the songs are grouped are somewhat different from those of the past, and it may be significant that a "classic" group is included for the first time, with a singable translation of Schiller's *Ode To Joy* in the Finale of Beethoven's Ninth Symphony, the old Latin *Integer Vitae* and other rarities. There may be some interest in the unexpected appearance of *Annie Lisle*, whose tune was used by Cornell and a number of other colleges for an "Alma Mater." Some singers will perhaps be surprised to find *Aura Lee* note for note the same as *Love Me Tender*, to discover in *Up In A Balloon* the original of a current beer commercial and to realize that *The Yellow Rose Of Texas* was first published in 1858!

A final observation is that the keys are consistently comfortable for average voices and that the practical and eminently playable arrangements are by the skilled hand of Don Wilson.

As one who has led community singing during three wars and as far back as the start of the present century, the editor commends this collection to singers of all kinds, to musical antiquarians and specialists in nostalgia, to explorers of Americana, to introverts and extroverts, and to music lovers in general.

Song Session - Community Song Book Douglas MacLean, 1963 **Song Session; Community Song Book** Sigmund Spaeth, *Song Session, a Community Song Book*, 1953 Free-Range Religion Adrienne Krone, 2025-10-01 Ethical and moral concerns about food and diet commonly feature in individuals religious identities and expressions These concerns extend beyond what one should eat to include how food should be prepared and produced As Adrienne Krone demonstrates in this ethnographic study participants in alternative food movements are developing new ways to see food preparation and production as religious acts Following two Christian and two Jewish food organizations Krone complicates our understanding of American religion as religious people come together across a range of differences to change the food system Free Range Religion showcases the complex ways that religion lives and works within food production marketing and distribution These free range religious practices blend belief and practice with secular concerns and constitute a key albeit understudied part of the American alternative food movement **Wedding Clothes and the Osage Community** Daniel C. Swan, Jim Cooley, 2019-10-21 An exploration of how gift exchange serves as a critical component in the preservation and perpetuation of one Native American tribe Upon winning the CMA Book Award *Wedding Clothes and the Osage Community* was praised as a book that transcends its subject matter and helps us all see the possibilities of museum anthropology This study of the Osage Nation's foundational cultural practice begins with an in depth examination of the M zhin form of marriage which bound two extended Osage families together for economic biologic and social reasons intended to produce value and community cohesion for the larger society Swan and Cooley then follow the movement of Osage bridal regalia from the M zhin form of marriage into the Paying for the Drum ceremony of the Osage Ilonshka a variant of the Plains Grass Dance which is a nativistic movement that spread throughout the Plains and Prairie regions of the United States in the 1890s The Ilonshka dance and its associated organization provide a spiritual charter for the survival of the ancient Osage physical divisions or districts as they are called today Swan and Cooley demonstrate how the process of re chartering elements of material culture and their associated meanings from one ceremony to another serves as an example of the ways in which the Osage people have adapted their cultural values to changing economic and political conditions At the core of this historical trajectory is a broad system of Osage social relations predicated on status reciprocity and cooperation Through Osage weddings and the Ilonshka dance the Osage people reinforce and strengthen the social relations that provide a foundation for their respective communities Yearbook Music Educators National Conference (U.S.), 1914 **The Oxford Handbook of Community Singing** Esther M. Watts, Franz Andres Morrissey, 2019-01-31 The relationship between language and music has much in common rhythm structure sound metaphor Exploring the phenomena of song and performance this book presents a sociolinguistic model for analysing them Based on ethnomusicologist John Blacking's contention that any song performed communally is a folk song regardless of its generic origins it argues that folk song to a far greater extent than other song genres displays communal or inclusive types of performance The defining feature of folk song as a multi modal instantiation of music and language is its participatory nature making it ideal for sociolinguistic analysis In this sense a folk song is the product of specific types of developing social interaction whose major purpose is the construction of a temporally and locally based community Through repeated instantiations this can lead to disparate communities of practice which over time develop sociocultural registers and a communal stance towards aspects of meaningful events in everyday lives that become typical of a discourse community

Where Music Helps: Community Music Therapy in Action and Reflection Brynjulf Stige,2017-07-05 This book explores how people may use music in ways that

are helpful for them especially in relation to a sense of wellbeing belonging and participation The central premise for the study is that help is not a decontextualized effect that music produces The book contributes to the current discourse on music culture and society and it is developed in dialogue with related areas of study such as music sociology ethnomusicology community psychology and health promotion Where Music Helps describes the emerging movement that has been labelled Community Music Therapy and it presents ethnographically informed case studies of eight music projects localized in England Israel Norway and South Africa The various chapters of the book portray music's help in action within a broad range of contexts with individuals groups and communities all of whom have been challenged by illness or disability social and cultural disadvantage or injustice Music and musicing has helped these people find their voice literally and metaphorically to be welcomed and to welcome to be accepted and to accept to be together in different and better ways to project alternative messages about themselves or their community and to connect with others beyond their immediate environment The overriding theme that is explored is how music comes to afford things in concert with its environments which may suggest a way of accounting for the role of music in music therapy without reducing music to a secondary role in relation to the therapeutic that is being just a symbol of psychological states a stimulus or a text reflecting socio cultural content

Serious Fun at a Jewish Community Summer Camp Celia E. Rothenberg, 2016-07-01 Unique in the literature on Jewish camping this book provides an in depth study of a community based residential summer camp that serves Jewish children from primarily rural areas Focused on Camp Ben Frankel CBF established in 1950 in southern Illinois this book focuses on how a pluralist Jewish camp constructs meaningful experiences of Jewish family and Judaism for campers and teaches them about Israel Inspired by models of the earliest camps established for Jewish children in urban areas CBF's founders worked to create a camp that would appeal to the rural often isolated Jewish families in its catchment area Although seemingly on the periphery of American Jewish life CBF staff and campers are revealed to be deeply entwined with national developments in Jewish culture and practice and indeed contributors to shaping them This research highlights the importance of campers experiences of traditional elements of the Jewish family an experience increasingly limited to time at camp as well as the overarching importance of song Over the years Judaism becomes constructed as fun welcoming and easy for campers while Israel is presented in ways that are meant to be appropriate for a community camp In the camp's earliest decades Israel was framed by traditional Zionist discourse later as community priorities shifted the cause of Russian Jews was the focus Most recently as Israeli politics have been increasingly viewed as potentially divisive the camp has adopted an Israel lite approach focusing on Israel as the Biblical homeland of the Jewish people and a place home to Jews who are similar to American Jews In sum this study sheds light on how a small rural community camp contributes in significant ways to our understanding of American Jews their Judaism and their Zionism

Folk Song in England Steve Roud, 2017-08-15 In Victorian times England was famously dubbed the land without music but one of the great musical discoveries of the early twentieth century was that England had a vital heritage of folk song and music which was easily good enough to stand comparison with those of other parts of Britain and overseas Cecil Sharp Ralph Vaughan Williams Percy Grainger and a number of other enthusiasts gathered a huge harvest of songs and tunes which we can study and enjoy at our leisure But after over a century of collection and discussion publication and performance there are still many things we don t know about traditional song Where did the songs come from Who sang them where when and why What part did singing play in the lives of the communities in which the songs thrived More importantly have the pioneer collectors restricted definitions and narrow focus hindered or helped our understanding This is the first book for many years to investigate the wider social history of traditional song in England and draws on a wide range of sources to answer these questions and many more
