The Aesthetics of Violence in Contemporary Media Gwyn Symonds, 2011-11-03 The topic of violence in the media seems as inundated as can be Countless studies and research projects have been conducted mostly to show its negative effects on society What Gwyneth Symonds proposes though takes this significant topic one step further studying the aesthetics of media violence By defining key terms like the graphic nature and authenticity of violent representations and discussing how those definitions are linked to actual violence outside the film and television screen Symonds broadens the arena of study Engagingly written The Aesthetics of Violence in Contemporary Media fills an important gap Symonds uses existing studies for the empirical audience reception data together with discussions of the different representations of violence to look at violence in the media as an art form in of itself By looking at The Simpsons Bowling for Columbine and

Norma Khouri's *Forbidden Love* just to name a few Symonds cross analyzes violence in multiple media to see their affective role in audience reception an important aspect when discussing media The book strikes a balance between the readers need to see how theory matches what actually happens in the texts in question and the demands of a theoretical overview

An Offer We Can't Refuse George De Stefano, 2007-01-23 A provocative and entertaining look at the mafia the media and the un making of Italian Americans As evidenced in countless films novels and television portrayals the Mafia has maintained an enduring hold on the American cultural imagination even as it continues to wrongly color our real life perception of Italian Americans In *An Offer We Can't Refuse* George De Stefano takes a close look at the origins and prevalence of the Mafia mythos in America Beginning with a consideration of Italian emigration in the early twentieth century and the fear and prejudice among both Americans and Italians that informed our earliest conception of what was at the time the largest immigrant group to enter the United States De Stefano explores how these impressions laid the groundwork for the images so familiar to us today and uses them to illuminate and explore the variety and allure of Mafia stories from Coppola's romanticized paeans to Scorsese's bloody realism to the bourgeois world of David Chase's *Sopranos* while discussing the cultural richness often contained in these works De Stefano addresses the lingering power of the goodfella cliché and the lamentable extent to which it is embedded in our consciousness making it all but impossible to green light a project about the Italian American experience not set in gangland Invites Italian Americans of all backgrounds to the family table to discuss how mob related movies and television shows have affected the very notion of what their heritage still means in the 21st century Allen Barra *The New York Sun*

The New Audience for Old TV Alexander H. Beare, 2024-11-18 In 2020-21 the classic HBO show *The Sopranos* 1999-2007 saw a rapid increase in viewership and was proclaimed to be one of the hottest shows of lockdown by outlets like *The Guardian* and *GQ* This resurgent popularity of *The Sopranos* raises important analytical questions for media scholars how do audiences understand a complex text like *The Sopranos* in a radically different televisual and cultural context Did they adapt the show to fit the particularities of the present moment or was it simply a nostalgic escape from the bleak conditions of the pandemic Perhaps most importantly though did the distinct televisual environment of the 2020s bring with it markedly new ways for audiences to understand old shows *The New Audience for Old TV* is the first book to investigate how audiences re read and re interpret resurgent shows when watching in new cultural contexts Based on a series of original research interviews with young fans it considers how new contexts of interpretation including the COVID-19 pandemic Subscription Video on Demand SVOD and post MeToo gender politics informed the unique experience of watching Using the metaphor of the anamorphic painting it introduces the analytical framework of a retrospective reading to reveal the new meanings that are being made available for old TV Ultimately *The New Audience for Old TV* uncovers fresh insights into audiences experiences with prestige TV and the new avenues of meaning making in the age of streaming

Off the Page Daniel Bernardi, Julian Hoxter, 2017-09-12 *Off the Page* examines

the business and craft of screenwriting in the era of media convergence Daniel Bernardi and Julian Hoxter use the recent history of screenwriting labor coupled with close analysis of scripts in the context of the screenwriting paraindustry from how to write a winning script books to screenwriting software to explore the state of screenwriting today They address the conglomerate studios making tentpole movies expanded television Indiewood independent animation microbudget scripting the video games industry and online content creation Designed for students producers and writers who want to understand what studios want and why they want it this book also examines how scripting is developing in the convergent media beneath and beyond the Hollywood tentpole By addressing specific genres across a wide range of media this essential volume sets the standard for anyone in the expanded screenwriting industry and the scholars that study it How To Watch Television Ethan Thompson, Jason Mittell, 2013-09-16 Examines social and cultural phenomena through the lens of different television shows We all have opinions about the television shows we watch but television criticism is about much more than simply evaluating the merits of a particular show and deeming it good or bad Rather criticism uses the close examination of a television program to explore that program's cultural significance creative strategies and its place in a broader social context How to Watch Television brings together forty original essays from today's leading scholars on television culture writing about the programs they care and think the most about Each essay focuses on a particular television show demonstrating one way to read the program and through it our media culture The essays model how to practice media criticism in accessible language providing critical insights through analysis suggesting a way of looking at TV that students and interested viewers might emulate The contributors discuss a wide range of television programs past and present covering many formats and genres spanning fiction and non fiction broadcast and cable providing a broad representation of the programs that are likely to be covered in a media studies course While the book primarily focuses on American television important programs with international origins and transnational circulation are also covered Addressing television series from the medium's earliest days to contemporary online transformations of television How to Watch Television is designed to engender classroom discussion among television critics of all backgrounds *Roll Over Adorno* Robert Miklitsch, 2012-02-01 What happens when Theodor Adorno the champion of high classical artists such as Beethoven comes into contact with the music of Chuck Berry the de facto king of rock n roll In a series of readings and meditations Robert Miklitsch investigates the postmodern nexus between elite and popular culture as it occurs in the audiovisual fields of film music and television ranging from Gershwin to gangsta rap Tarantino to Tongues Untied Tony Soprano to Buffy the Vampire Slayer Miklitsch argues that the aim of critical theory in the new century will be to describe and explain these commodities in ever greater phenomenological detail without losing touch with those evaluative criteria that have historically sustained both Kulturkritik and classical aesthetics **A History of American Crime Fiction** Chris Raczkowski, 2017-10-26 A History of American Crime Fiction places crime fiction within a context of aesthetic practices and experiments intellectual concerns and historical debates generally reserved for

canonical literary history. Toward that end, the book is divided into sections that reflect the periods that commonly organize American literary history, with chapters highlighting crime fiction's reciprocal relationships with early American literature, romanticism, realism, modernism, and postmodernism. It surveys everything from 17th-century execution sermons and the detective fiction of Harriet Spofford to T. S. Eliot's *The Waste Land* to the films of David Lynch, HBO's *The Sopranos*, and the podcast *Serial*, while engaging a wide variety of critical methods. As a result, this book expands crime fiction's significance beyond the boundaries of popular genres and explores the symbiosis between crime fiction and canonical literature that sustains and energizes both.
