In Search of God and Wisdom](#) Gerald Christianson, T.M. Izbicki, 2021-11-01 Nicholas of Cusa d 1464 was one of the most original thinkers of the Renaissance This collection examines from several viewpoints his speculative thought and reviews his ideas on dialogue with non Christians in the light of his theories The collection opens with a review of the origins of modern Cusanus scholarship At its heart is a series on Nicholas quest for God his comprehension of the cosmos and his views on the intellect also on his approach to non Christians It concludes with an essay on the relationship of Cusanus life to his theories and a bibliographic review of Cusanus scholarship in the English language This collection will serve as a microcosm of the present scholarship in English on a complex and versatile theorist The bibliography of Cusanus scholarship will enable interested readers to explore other themes and other viewpoints not encompassed by these essays **Reform, Representation and Theology in Nicholas of Cusa and His Age** H. Lawrence Bond, Gerald Christianson, 2023-03-31 While most works on Nicholas of Cusa concentrate either on his early career as author of the monumental Catholic Concordance or on his later career as writer of remarkable philosophical theological works such as On Learned Ignorance and The Vision of God the essays included here attempt to address the whole Cusanus sharing common contexts issues and themes Following chapters on the legacy of conciliarism and ecumenicity the story begins with the Council of Basel for which Cusanus wrote The Catholic Concordance but from which he broke away raising issues of private conscience as well as the balance between papal authority and representative councils in the pursuit of reform The story then turns to the matrix between Constantinople and a new council in Ferrara when Cusanus received a ship board gift from the Father of Lights and began to write his great philosophical theological treatises When taken together the essays in this book not only form a cohesive whole they also enlighten aspects often left in the shade such as the enigmatic aspects of

Cusanus participation in the council and his mystical theology that reveals a man of faith in search of certainty beyond the well trod paths of philosophical reflection Anatomy of Spirituality: Portrait of the Soul Chander Behl,2015-04-27 The domain of spirituality separated from its theological overburden believes in the existence of a spiritual self presumed to be distinctly separate from the psychological self The spiritual eternal self also known as the soul or spirit sometimes supported by an overarching Spirit is asserted to be operating behind the ephemeral self This book takes a contrarian stance it argues that the premise of the soul concept is obtained through the magic of language maintained through the marvel of the brain s biochemistry and sustained through the mirage of the psychological juggernauts of the brain The magic the marvel and the mirage together bring about subtle shifts as the linguistic brain suppresses many psychological details habitually applies mental templates such as inversions and dichotomies and enhances its language by coining religious and spiritual metaphors The consequence of these changes is that the usual flickering self begins to be impressed by itself believing it is buttressed by something transcendental and eternal within the soul or the spirit The self although indoctrinated during its formative years also begins to assimilate and accept the opinion that the overwhelming weight of religious doctrines and dogmas the overburden signifies as the legitimate proof for the eternal soul *Stepping Into Spiritual Oneness ~ Spiritual Rememberings of the Soul Through Life Experience* DD Dr Patti Diamondlady Diamond,Patti Diamond,2006-06-06 We are but One Step from Spiritual Oneness Just One Step Will you choose to take just this One Step Come Step Into Living LIFE consciously Aware awake and within Divine Free Choice Living LIFE within all inclusive inner wisdom As this wisdom is alive because it is with you and within you Living LIFE Multi Dimensionally In tuned with the energetic physical spiritual cosmic esoteric and Divine Multi Dimensions of All That Is that comprises our Life Experience Living LIFE within a resonance of Absoulute Love Infinite Light Peace and Bliss continuously and harmoniously Come Step Into the Spiritual Oneness Soul that you ARE Welcome Welcome to the Spiritual Oneness that resides within you and that you ARE Ego, Soul, and Beyond Bob Mackura,2004 Here is a book that pulls from life experience and the greatest contemporary and historical sages to engage the reader in life s most challenging and fundamental questions It gathers momentum as the reader is exposed to the ego soul and the Divine by understanding their role in the evolution of human consciousness What is blocking us from embracing our greatness As the human mind and brain developed over the millennia humanity s true nature was obscured by a human intellect and belief system in its early stages of evolution We have all witnessed what this has led to There is a way out of this box we have built for ourselves The breakout begins when we allow ourselves to take a fresh look at the core human condition that spiritual traditions have been dealing with for thousands of years This book shows the reader how to look at their soul in a refreshing and new way In this new century the time is ripe for an exciting and innovative way of approaching spirituality and rediscovering our souls Ego Soul Beyond is a life changing and provocative book that offers a clear comprehensive and practical way to usher in the next stage of human evolution It doesn t replace psychology or spirituality it

takes them to a new level The reader is challenged to wake up their soul and embrace reality below the symptom level The intellect heart and belly soul centers which the world s spiritual traditions target in different ways are explained and reconceived in a way that speaks to the fullness of what it means to be human Fundamental change has never been more possible The human mind has evolved to a place where many are perched for a dive into a new reality where contemporary and historical problems can finally be resolved If you are one of those ready to take the dive you are likely a soulworker This is a person who is ready to do whatever it takes to find the answers to their deepest questions face their deepest fears and align their life with their soul s mission You will find this book to be a leading edge handbook that provides the tools concepts and keys for evolving humanity into a new way of being The journey into our souls is the most important and exciting journey we can ever take There is nothing more worth discovering Dark Souls : Beyond the Grave - Volume 2 Damien
