Joy at Work Dennis W. Bakke, 2010-08-03 Imagine a company where people love coming to work and are highly productive on a daily basis Imagine a company whose top executives in a quest to create the most fun workplace ever obliterate labor management divisions and push decision making responsibility down to the plant floor Could such a company compete in today's bottom line corporate world Could it even turn a profit Well imagine no more In Joy at Work Dennis W Bakke tells the true story of this extraordinary company and how as its co founder and longtime CEO he challenged the business establishment with revolutionary ideas that could remake America's organizations It is the story of AES whose business

model and operating ethos let's have fun were conceived during a 90 minute car ride from Annapolis Maryland to Washington D C In the next two decades it became a worldwide energy giant with 40 000 employees in 31 countries and revenues of 8.6 billion It's a remarkable tale told by a remarkable man Bakke a farm boy who was shaped by his religious faith his years at Harvard Business School and his experience working for the Federal Energy Administration He rejects workplace drudgery as a noxious remnant of the Industrial Revolution He believes work should be fun and at AES he set out to prove it could be Bakke sought not the empty fun of the Friday beer blast but the joy of a workplace where every person from custodian to CEO has the power to use his or her God given talents free of needless corporate bureaucracy In Joy at Work Bakke tells how he helped create a company where every decision made at the top was lamented as a lost chance to delegate responsibility and where all employees were encouraged to take the game winning shot even when it wasn't a slam dunk Perhaps Bakke's most radical stand was his struggle to break the stranglehold of creating shareholder value on the corporate mind set and replace it with more timeless values integrity fairness social responsibility and a sense of fun

Goodman, Peter B. Hirsch, 2010 The chief communication officer at a Fortune 500 multinational corporation today faces the challenges of a rapidly changing global economy a revolution in communications channels fueled by the Internet and a substantially transformed understanding of what a 21st century corporation stands for This book

provides an accessible framework for describing these forces and the specific communication challenges that they have thrown at the global corporation. The text reviews the evolution of society's response to the development of the modern company and the corporate communication practices that grew up in response to it as well as examining the impact of globalization, Web 2.0 and the networked enterprise on current corporate relationships with key stakeholders such as customers, employees, shareholders, communities and regulators. In examining these forces and how they are interwoven, the authors offer insights and strategies for deploying effective communication as a strategic business asset in today's global economy. Designed for the advanced student of corporate communication, the book contains updated guidelines for the management of investor relations, community relations and other corporate relationships in the age of social media. Specific recommendations for how to organize and execute effective communication for the contemporary practitioner working in the communication field are also provided.

The Ethical Consumer Rob Harrison, Terry Newholm, Deirdre Shaw, 2005-03-15
This book is not simply the best book on the remarkable phenomenon of today's ethical consumer. It is a gift of advice and insight from the people that know best to the cause of tomorrow. Many of the writers deserve the plaudits of being pioneers of a new consumer movement. These are the issues of our time. Ed Mayo, Chief Executive of the UK's National Consumer Council (NCC). Who are ethical consumers and why are they on the rise? Leading the way towards answering this question, *The Ethical Consumer* is an indispensable introduction to the subject. Exploring areas like boycotts and fair trade projects, it gathers together the diverse experiences of scholars, campaigners and business practitioners from the international community. The chapters in this book explore ethical consumer behaviours, motivation and narratives, the social, political and theoretical contexts in which ethical consumers operate, the responsibilities of businesses and the effectiveness of ethical consumer actions. Contributions are informed by a broad range of research methods from case studies, focus groups to surveys and interviews. The text is of interest to business-related graduates, undergraduates and their tutors on courses relating to consumption. It will also be relevant to academics in other disciplines as well as to politicians, producers, practitioners, campaigners and not least consumers.

A Passion for Planning Gina Vega, 2001
As businesses grow and evolve, the plan that guides them needs to keep pace with the changing company. Too often a business plan languishes on a shelf, unrevised, to be trotted out and tattered up when money is being sought. This book focuses on existing small businesses and looks specifically at the ethics of organization that guide their development. Entrepreneurs or small business owners will find the following four tools very helpful: a three-dimensional matrix that clarifies which sections of the business plan should be emphasized at the three main stages of the business life cycle; development in various industries; examples of live business plans in these industries; developed and used by small business owners today; commentaries on these plans by functional specialists and industry experts who evaluate the plans in the context of the business; an extensive set of resources and references; electronic, hard copy and human to assist the small business owner in business plan development.
