ONU,2015-03-10 Divine Plan and Way may not be the way we want but God is wiser than all men put together It is better to

follow God's Direction and Strategy than to follow human plan suggestion and counseling Though God's Direction and Method may look foolish to man yet following what God said will bring the best results If you follow God's Direction you would be following the best way no matter how it may look like and if you operate according to His Strategy be sure that you have agreed to operate according to the most effective method no matter how foolish or ineffective it may appear **The Female Instructor; Or, Young Woman's Companion: Being a Guide to All the Accomplishments which Adorn the Female Character ...**, 1811 **The Nature of the Sufi Path** Anab Whitehouse, 2018-11-06 The material in The Nature of the Sufi Path consists of 70 commentaries on a book entitled Sufism A Short Introduction by Professor William C Chittick Many if not most of the paragraphs that comprise the 163 pages preface plus text of Professor Chittick's book contain problems errors misleading statements and or incorrect understandings concerning Islam in general and the Sufi path in particular This is both surprising and disturbing since the author is someone who apparently enjoys a considerable reputation in North America and perhaps elsewhere in the world as an expert on and scholar of the Sufi mystical tradition I do not claim that what I say in this book is a definitive exhaustive incapable of being improved upon treatment of the Sufi path Rather my hope is that the present book might move a person closer to the truth concerning the nature of that path than Professor Chittick's aforementioned introduction to Sufism does and as such would represent an improvement over his work
