**Culture and Islamic Adaptation Psychology** Malik Badri, Humanology, 2018-03-15 The indiscriminate exportation of Western psychology to Muslim and third world countries can pose serious cultural and ideological dilemmas When the exported commodity from North to South is physical in nature the harm done can easily be identified for example the quick detection of the life threatening birth defects caused by the drug thalidomide when taken during pregnancy or the flaws in the breaking system of a Japanese car However when the exported product is ideas and beliefs and ways of life the indirect and sneaky damage is often much more malevolent and long lasting because it attacks the worldview of the recipients and it shakes their cherished beliefs Because of its technological supremacy Islamic and developing countries got used to wholeheartedly accepting any information coming from the West if it is under the tag of science By presenting itself under this prestigious mantra of science students in Muslim countries swallow the kernel of psychology with its nutshell the baby with its filthy water The danger of this approach is greatly augmented by the shortcomings of our educational systems that discourages critical thinking and encourages the submissive acceptance of the words of the teacher and that of printed material

**Mick-Rick Essays on the Sacred and Profane** Michael Maasdorp, Richard Arthur DeRemee, 2007-11-19 This second Mick Rick book begins by posing ten questions to which the authors independently respond with short essays This format contrasts with the debates of book one The Mick Rick Debates Controversies in Contemporary Christianity The ten Questions touch on fundamental issues facing today's Christians such as suffering life after death religious cosmology moral principles and others The intention of the questions is not to provide pat answers but rather to stimulate reflection on the nature and content of Christian Faith in the context of the modern world The second part of the book consists of two essays In Before and After the Big Bang Rick argues it is possible to live in both the worlds of materialism as represented by science and the immaterial world of religion Religion or the sacred provides meaning for life science or the profane provides for our material needs Mick

holds the idea of traffic between the natural and supernatural destroys the foundations of modern knowledge In his essay On Our Own But not Alone he suggests that to attain maturity we must also gain autonomy neither of which survives in a world invaded by the supernatural The book concludes with a debate on the nature of Constructs that are key mental tools used in religious and philosophical discourse Similar to the first book the interlocutors Michael Maasdorp Mick and Richard Arthur DeRemee Rick conducted their conversations over the Internet on the Radical Faith web site [http://homepages.which.net/radical\\_faith/index.htm](http://homepages.which.net/radical_faith/index.htm) *God's Illusion Machine* Mayesvara dasa,2013-12 In the tidal wave of intellectual argument that followed the 2006 release of Richard Dawkins's *God Delusion* book a fierce debate has raged between atheism and religion over the existence of God leaving the world's scientists and laymen largely undecided in their opinion *God's Illusion Machine* presents a fascinating alternative to a debate that has largely been argued within the framework of Christian versus science concepts Drawing upon the world's oldest body of knowledge the Vedas the author describes the massive illusion to which we are all subjected as we mistakenly believe ourselves to be physical creations of the material world In *God's Illusion Machine* the material world is gradually exposed as the ultimate virtual reality machine for wayward souls who prefer a self-centred rather than a God-centred existence In contrast to Richard Dawkins's assertion that the religious are suffering a delusion for believing in God the author argues that both the atheists and the religious are under the spell of God's deluding energy called *M y* which acts in reciprocation with a soul's desire to be in illusion within the physical realm By applying the profound spiritual insights of Vedic knowledge along with a healthy dose of common sense and good humour *God's Illusion Machine* is an enthralling exposé of the deceptive nature of the material world and the false claims of materialists regarding the nature of life and love It is a triumph of spirituality over both atheistic materialism and religious dogmatism *God's Illusion Machine* is a work of major importance realigning Western religion philosophy and science with eternal spiritual truths an enlightening read for both the atheist and the religious bringing spiritual certainty and true love to bewildered souls in troubled times For atheists who like a good argument for the religious who are stuck for a reply to Richard Dawkins for fans of fantasy and sci fi where forces of light and illusion contend in battle and for you the reader whatever your disposition this book will forever change your outlook on life and its meaning As the rising sun disperses the darkness of night so in the presence of Krishna The Absolute Truth *m y* illusion cannot stand *Spirit Hacking* Shaman Durek,2019-10-15 This guy does next level stuff I have worked with him and I have no idea how or why he is able to do some of the things I have witnessed Science is just catching up with biohacking It's time to start studying spirit hacking and how Shaman Durek can achieve the tangible results he achieves Dave Asprey author of the New York Times bestseller *The Bulletproof Diet* Silicon Valley investor and technology entrepreneur In *Spirit Hacking Shamanic Keys to Reclaim Your Personal Power Transform Yourself and Light Up the World* Shaman Durek a sixth generation shaman shares life altering shamanic keys allowing you to tap into your personal power Through new information you will banish fear and darkness from your life in favor of light positivity and strength Shaman

Butterfly Awakens Meg Nocero, 2025-07-30 One woman's dark night leads her on a journey to find her light. *Butterfly Awakens* depicts the story of the extraordinary transformation of a forty-something Italian American attorney as she moves through unimaginable grief and sadness, watching her beloved mother lose her battle to breast cancer. This tumultuous life experience shifts her world, causing her to question her life choices and opening her up to her soul's calling. Nocero brings readers along on her journey through a dark night of the soul as she deals with the grieving process, a toxic work environment, and intense stress that results in depression, anxiety, and an acquired somatic nervous disorder called tinnitus. Through it all, she never gives up; instead, looking for the help she needs to start to heal and find her light. In the end, like the metamorphosis from caterpillar to butterfly, this story is a beautiful love letter that honors Nocero's mother's legacy while detailing the awakening of her own. There are many stories about breast cancer and grief, but none are quite like this one. Throughout her tale, Nocero pulls the reader deep into her story through the intensity of her emotions, and in the end, after resigning from her career as a federal prosecutor due to a toxic administration, she searches for the lighthouse she saw in a vision when her mother died. Embarking on a spiritual pilgrimage on El Camino de Santiago in Northern Spain to get to the lighthouse at Cap Finisterre, she sets out to wake up and live again. The butterfly connection and stark honesty of her writing offers readers important lessons learned from moving through grief so that each person can shine their light again.

Fish, Angela Hornsby, Gutting, Jennifer McFarlane, Harris, Neely, McLaughlin, Darcy Metcalfe, Phillip Luke Sinitiere, P. Jane Splawn, Laura L. Sullivan, and Hettie V. The volume includes essays on Jarena Lee, Theressa Hoover, Pauli Murray, and Alexis Pauline Gumbs, to name a few. These women's commitment to the social, political, and economic well-being of oppressed people in the United States shaped their work in the public sphere, which took the form of preaching, writing, singing, marching, presiding over religious institutions, teaching,

assuming leadership roles in the civil rights movement and creating politically subversive print and digital art This anthology offers readers exemplars with whose minds and spirits we can engage from whose ideas we can learn and upon whose social justice work we can build The volume joins a burgeoning chorus of texts that calls attention to the creativity of Black women who galvanized their readers listeners and fellow activists to seek justice for the oppressed Pushing back on centuries of institutionalized injustices that have relegated Black women to the sidelines the work of these Black feminist public intellectuals reflects both Christian gospel ethics and non Christian religious traditions that celebrate the wholeness of Black people
