Yogamass Gena Davis, 2017-04-21 YogaMass Embodying Christ Consciousness bridges yogic principles and practices with Christian spirituality and worship as a path for bringing the whole self body mind soul and spirit to the experience of spiritual awakening The author an ordained Episcopal priest weaves together spiritual practices from different traditions with her own discovery that yoga s ancient truths are complementary with Christian beliefs taking one deeper into the spiritual life in ways that people of diverse faiths can embrace Blending yogic practices with Christian spirituality and worship the Reverend Gena Davis has co created an exciting and powerful new practice of spiritual ritual and celebration called YogaMass that leads to embodying Christ Consciousness On and off the yoga mat this book points the way to discovering a whole self spiritual experience and connecting with God through an awakened open mind and heart I loved this book The author the Reverend Gena Davis shares the story of her amazing spiritual journey that culminates in the creation of the world s first YogaMass service This alone would make the book well worth reading but throughout she integrates sacred writings stories and poems from spiritual masters of western and eastern spirituality all the while never losing sight of her own Christian heritage It is a remarkable accomplishment You will be blessed by this book and want to share it with others The Reverend Dr John K Graham president and CEO Institute for Spirituality and Health at the Texas Medical Center Houston I am delighted and privileged to encourage those who seek to worship God with all that is within to pick up and digest this spiritual teaching presented by the Reverend Gena Davis Gena has captured the importance of worshipping God with as the Psalmist uttered all that is within me I am fascinated by the interplay of yoga and liturgy within these pages and find myself wanting to go deeper into both I think the Reverend Davis is on to something that has been lacking in our Christian path and tradition The interweaving of her personal narrative and the spiritual insights she gained through the study and practice of yoga unveils how God s truth makes itself known through many different paths The Reverend Dr Richard Kleiman retired Presbyterian pastor Yoga is an exploration based on experiential processes It is defined by our own internal truth Making Yoga universal but deeply personal is something Gena Davis expresses so beautifully Robert Boustany Yoga instructor and master and founder of Pralaya Yoga system **The Right Word in the Right Place at the Right**

Plotinos ; Complete Works Plotinus, Kenneth Sylvan Guthrie, 1918 About Time Tim Aldrich, 2017-09-08 Where does all the time go Despite the burgeoning army of machines designed to save us time from cars and aeroplanes to dishwashers and microwaves we don't seem to have any more of it on our hands We simply fill the space we clear with more things to do consuming more spending more and then look around for new ways of saving time And so we spiral onwards upwards ever faster Being busy has become a habit and a habit that gives us high status busy people are important people The business of business is busy ness We are moving from a world in which the big eats the small to a world where the fast eats the slow But the fallout from a society hooked on speed is everywhere It's affecting our health 60 per cent of the adult population in the UK report that they suffer from stress and more than half of these say that this has worsened over the last 12 months It's affecting our family life with a quarter of British families sharing a meal together only once a month And it affects our environment too air travel is a major source of carbon dioxide emissions accelerating climate change as we speed around the world And the faster we live the faster we consume the faster we waste energy and the faster we pollute the planet The faster we seem to be running out of time Is there something fundamentally wrong with the structure and values of this high speed society What are we running from and what are we running towards Sustainable development is all about time It's about trying to safeguard the health of the planet and the people it supports indefinitely unconstrained by time The idea of time offers a novel perspective on what sustainable development is all about Looking at issues affecting society and the environment through the prism of time conveys the urgency of the challenge and leads us to solutions we might not have thought of before About Time edited by the think tank Forum for the Future brings together ten of the world's leading thinkers and writers including Will Hutton

Baroness Mary Warnock Sir Martin Rees Ghilleen Prance Jay Griffiths the author of the bestselling *Pip Pip* and Jonathon Porritt from disciplines including biology business sociology ethnography astronomy philosophy politics history and sustainability in a collection of intriguing essays exploring the issue of time and how it relates to the environment economy and society The first half of this collection looks at different dimensions of time from the history of time as a social phenomenon and cultural notions of time to cosmological time and the difference between human and machine time These think pieces are followed by a series of more practical solutions oriented contributions looking at how we deal with time in different contexts from the slow food movement and time banks to long term thinking in politics and what we can individually do to cope with the speed society Contributions are liberally interspersed with boxes and brief pieces offering bite sized facts figures and insights relating to time and our everyday lives About Time is a high profile collection aimed at creating debate about where the values of our contemporary society are taking us It will foster reflective thinking about different aspects of time using the concept of time to communicate and illuminate the idea of sustainable development and question our idolatry of speed In doing so it aims to inspire and help decision makers in business government and elsewhere to appreciate the challenges of sustainable development and inspire individuals to create change in their own lives For readers of No Logo and Longitude this book provides a thought provoking twist bringing together time and sustainability in a refreshing provocative and accessible way
