*Soul to Soul* Yelena Khanga, Susan Jacoby, 1994 Yelena Khanga tells the compelling story of growing up black in Russia and journeying through cultures to learn about her forebears and meet relatives she had never known From the days of slavery in the cotton fields of Mississippi to the Moscow of Stalin and Brezhnev from Jewish New York and Harlem in the twenties to modern day Los Angeles Long Island and Zanzibar *Soul to Soul* is a four generation family memoir *Beyond the Color Line and the Iron Curtain* Kate A. Baldwin, Katherine Anne Baldwin, 2002-10-17 Re examines the relations between African Americans and the Soviet Union from a more transnational perspective and shows how these relations were crucial in the formation of Black modernism **In Her Footsteps** Annette Madden, 2000-01-01 Profiles a host of famous black women representing a wide range of fields and achievements **Afroeuropa@ns** Marta Sofía López, 2009-03-26 The essays in this groundbreaking collection constitute a pioneering attempt at establishing a comparative agenda for the study of black literatures and identities in the context of the European Union Drawing from a wide variety of critical perspectives and methodologies from Post colonial or Diaspora Studies to Sociology or Ethnography contributors to the volume analyze black diasporic communities and their cultural productions in Spain Portugal France Italy Germany and the United Kingdom paying particular attention to women afrosporic writers **Opposing Jim Crow** Meredith L. Roman, 2019-12-01 Before the Nazis came to power in Germany Soviet officials had already labeled the United States the most racist country in the world Photographs children s stories films newspaper articles political education campaigns and court proceedings exposed the hypocrisy of America s racial democracy In contrast the Soviets represented the USSR itself as a superior society where racism was absent and identified African Americans as valued allies in resisting an imminent imperialist war against the first workers state Meredith L. Roman s *Opposing Jim Crow* examines the period between 1928 and 1937 when the promotion of antiracism by party and trade union officials in Moscow became a priority Although Soviet leaders stood to gain considerable propagandistic value at home and abroad by drawing attention to U S racism their actions simultaneously directed attention to the routine violation of human rights that African Americans suffered as citizens of the United States Soviet policy also challenged the prevailing white supremacist notion that blacks were biologically inferior and thus unworthy of equality with whites African Americans of various political and socioeconomic backgrounds became indispensable contributors to the Soviet antiracism campaign and helped officials in Moscow challenge the United States claim to be the world s beacon of democracy and freedom Cultural Exchange and the Cold War Yale Richmond, 2007-08-09 Some fifty thousand Soviets visited the United States under various exchange programs between 1958 and 1988 They came as scholars and students scientists and engineers writers and journalists government and party officials musicians dancers and athletes and among them were more than a few KGB officers They came they saw they were conquered and the Soviet Union would never again be the same *Cultural Exchange and the Cold War* describes how these exchange programs which brought an even larger

number of Americans to the Soviet Union raised the Iron Curtain and fostered changes that prepared the way for Gorbachev's glasnost perestroika and the end of the Cold War This study is based upon interviews with Russian and American participants as well as the personal experiences of the author and others who were involved in or administered such exchanges Cultural Exchange and the Cold War demonstrates that the best policy to pursue with countries we disagree with is not isolation but engagement

*Coming Full Circle* Wanda Lloyd, 2020-02-04 Inspiring reading for aspiring journalists and students of civil rights Kirkus Reviews Wanda Smalls Lloyd's *Coming Full Circle* From Jim Crow to Journalism with a foreword by best selling author Tina McElroy Ansa is the memoir of an African American woman who grew up privileged and educated in the restricted culture of the American South in the 1950s 1960s Her path was shaped by segregated social community and educational systems religious and home training a strong cultural foundation and early leadership opportunities Despite Jim Crow laws that affected where she lived how she was educated and what civil rights she would be denied Lloyd grew up to realize her childhood dream of working as a professional journalist In fact she would eventually hold some of the nation's highest ranking newspaper editorial positions and become one of the first African American women to be the top editor of a mainstream daily newspaper Along the way she helped her newspapers and other media organizations understand how the lack of newsroom and staff diversity interfered with perceptions of accuracy and balance for their audiences Her memoir is thus a window on the intersection of race gender culture and the media's role in our uniquely American experiment in democracy How Lloyd excelled in a profession where high ranking African American women were rare is a memorable story that will educate entertain and inspire *Coming Full Circle* is a self reflective exploration of the author's life journey from growing up in coastal Savannah Georgia to editing roles at seven daily newspapers around the country and circling back to her retirement in Savannah where she now teaches journalism to a new generation

Siegelbaum, Leslie Page Moch, 2023-08-03 This Element explains the historical conditions for the seemingly anomalous presence of people outside of their own Soviet republic and the sometimes fraught consequences for them and their post Soviet host countries The authors begin their inquiry with an analysis of the most massive displacements of the Stalin era nationality based deportations concluding with examples of the life trajectories of deportees children as they moved transnationally within the Soviet Union and in its successor states The second section treats disparate parts of the country as magnets attracting Soviet citizens from far afield Most were cities undergoing vast industrial expansion others involved incentive programs to develop agriculture and rural based industries The final section is devoted to the history of immigration and emigration during the Soviet period as well as since 1991 when millions left one former Soviet republic for another or for lands farther afield      *Race, Color, Identity* Efraim Sicher, 2013-05-01 Advances in genetics are renewing controversies over inherited characteristics and the discourse around science and technological innovations has taken on racial overtones such as attributing inherited physiological traits to certain ethnic groups or using DNA testing to determine biological links with ethnic ancestry This book contributes to the discussion by opening up previously locked concepts of the relation between the terms color race and Jews and by engaging with globalism multiculturalism hybridity and diaspora The contributors leading scholars in anthropology sociology history literature and cultural studies discuss how it is not merely a question of whether Jews are acknowledged to be interracial but how to address academic and social discourses that continue to place Jews and others in a race color category      Soft Power Beyond the Nation Sylvia Dummer

Scheel,Charlotte Faucher,Camila Gatica Mizala,2024 This edited volume takes a distinct approach to the study of soft power in history moving beyond the framework of the nation state The editors of this volume use soft power as a broad label to refer to the processes through which persuasion the search for influence and power and public opinion as an actor in foreign affairs converge in the international arena The book has been organized around three central themes the circulation of knowledge and strategies across borders collaboration of intermediary actors who have their own agencies and interests and non national identities such as gender and race The book also broadens the typical temporal and geographic understanding of soft power starting in the nineteenth century and including cases from the Global South It argues that the pursuit of soft power has been a global phenomenon including regions that have been neglected in the general debates on the subject such as Africa Asia and Latin America These arguments and themes are explored through ten chapters that offer a powerful new interdisciplinary perspective on soft power for scholars and students of history and international relations *Vodka, Tears, and Lenin's Angel* Jennifer Gould,1997

read they evaluate all the time They can t help it But they can become better at it and that s what this second edition of When  
Writers Read is about what students can do to become better evaluators of themselves as writers and readers and how you  
can help Extensively revised the second edition is organized around five concepts that are central to an effective writing  
reading program Voices When writers read they listen for a strong author voice they know they can hear their own when they  
write and assume other authors voices come through as well It s essential that all voices both those of students and  
professional writers be honored and supported by an evaluation system dedicated to this notion Decisions When writers read  
they make decisions so it s only natural that they look for evidence of the decisions other authors make To become effective  
writers and readers students must learn to make decisions about which types of writing to create what to write and read  
about where to work when to do so whom to share their work with and what to do to become better writers and readers Time  
When writers read they read and read and read One of your primary responsibilities as their teacher is to provide plenty of  
opportunities for them to do so and create an overall framework in which students spend their time wisely Response When  
writers read they look for a message Students need to understand that to respond effectively to other writers they should  
listen closely and think appreciatively and critically about the author Self discipline When writers read it s their self  
discipline that keeps them engaged By providing plenty of good books writing possibilities and self evaluation opportunities  
you can help ensure your students are self disciplined and eager Rain Taxi Review of Books ,2004
