Crime and Spy Jazz on Screen, 1950-1970 Derrick Bang, 2020-04-16 Henry Mancini's Peter Gunn theme Lalo Schifrin's Mission Impossible theme John Barry's arrangement of the James Bond theme These iconic melodies have remained a part of the pop culture landscape since their debuts in the late 1950s and early 60s a golden decade that highlighted an era when movie studios and TV production companies employed full orchestral ensembles to provide a jazz backdrop for the suspenseful adventures of secret agents private detectives cops spies and heist minded criminals Hundreds of additional films and television shows made during this period were propelled by similarly swinging title themes and underscores many of which have undeservedly faded into obscurity This meticulously researched book traces the embryonic use of jazz in mainstream entertainment from the early 1950s when conservative viewers still considered this genre the devil's music to its explosive heyday throughout the 1960s Fans frustrated by the lack of attention paid to jazz soundtrack composers including Jerry Goldsmith Edwin Astley Roy Budd Quincy Jones Dave Grusin Jerry Fielding and many many others will find solace in these pages along with all the information needed to enhance one's music library The exploration of action jazz continues in this book's companion volume *Crime and Action Jazz on Screen Since 1971* ,

Crime and Spy Jazz on Screen Since 1971 Derrick Bang, 2020-04-16 Henry Mancini's Peter Gunn theme Lalo Schifrin

s Mission Impossible theme Isaac Hayes theme from Shaft These iconic melodies have remained a part of the pop culture landscape since their debuts back when movie studios and TV production companies employed full orchestral ensembles to provide a jazz backdrop for the suspenseful adventures of secret agents private detectives cops spies and heist minded criminals Hundreds of additional films and television shows made from the mid 1950s and beyond have been propelled by similarly swinging title themes and underscores many of which have undeservedly faded into obscurity This meticulously researched book begins with Hayes game changing music for Shaft and honors the careers of traditional jazz composers who as the 1970s gave way to the 80s and beyond resolutely battled against the pernicious influx of synth jukebox scores and a growing corporate disinterest in lavish ensembles Fans frustrated by the lack of attention paid to jazz soundtrack composers including Mort Stevens Laurie Johnson Mike Post Earle Hagen David Shire Elmer Bernstein and many many others will find solace in these pages along with all the information needed to enhance one s music library But this is only half the story the saga s origins are discussed in this book s companion volume *Crime and Action Jazz on Screen 1950-1970* **Elmer Bernstein, Film Composer** Peter M. Bernstein, 2023-11-15 Consider this new book the standard Bernstein biography Booklist Starred Review A behind the scenes look at the life and music of legendary Hollywood composer Elmer Bernstein the only person to be nominated for an Academy Award in every decade from the 1950s to the 2000s Over a career spanning 54 years he composed landmark scores in every available genre epics jazz westerns dramas and comedies and his credits read like list of the greatest films of his time *The Ten Commandments* *The Magnificent Seven* *To Kill a Mockingbird* *The Man With the Golden Arm* *The Great Escape* *Ghostbusters* to name just a few This biography written by Elmer s son Peter interweaves exclusive interviews oral histories not otherwise available estate archival materials and personal experiences Elmer Bernstein lived a colorful life he was a first generation American he was blacklisted and he was a fearless advocate for film music not afraid to take on anyone in pages of trade papers The book looks at many of his landmark scores in depth collaborations with various producers and directors and his success in navigating the rough and tumble of Hollywood There is much to his story a cycle of struggle success frustration failure and reinvention repeated many times over his career which connected the Old Hollywood with the modern era *The Music of Counterculture Cinema* Mathew J. Bartkowiak, Yuya Kiuchi, 2015-06-14 Films produced in late 1960s and early 1970s America along with later films focusing on that period continue to frame our understanding of the counterculture era The popular and experimental music of the day is central to the counterculture narrative on film from the utopian Monterey Pop 1968 to the disenchantment of *Gimme Shelter* 1970 But the musical side of the movement was not monolithic and a study of contemporary film soundtracks reveals a great deal of complexity The coinciding struggles to define collective and individual identities based on race class gender and generation are well documented in the music of counterculture cinema **Hollywood Theory, Non-Hollywood Practice** Annette Davison, 2017-07-05 Relatively little has been written about film scores and soundtracks outside of Hollywood cinema

Hollywood Theory Non Hollywood Practice addresses this gap by looking at the practices of film soundtrack composition for non Hollywood films made after 1980 Annette Davison argues that since the mid 1970s the model of the classical Hollywood score has functioned as a form of dominant ideology in relation to which alternative scoring and soundtrack practices may assert themselves The first part of the book explores some of the key theoretical issues and debates in film studies and film music studies The second part comprises a series of case studies of non Hollywood scores Starting with Jean Luc Godard's *Pr m Carmen* 1983 Davison argues that the film's score offers a deconstruction of the relationship between sound and image proposed by classical Hollywood film Derek Jarman's *The Garden* 1990 takes the debate a step further in its exploration of the possibility that a film's soundtrack may be liberated from slavery to the image track *Wings of Desire* 1987 directed by Wim Wenders offers Davison believes a negotiation between classical and alternative scoring and soundtrack practices while David Lynch's *Wild at Heart* 1990 actually fully integrates scoring and soundtrack practices so that sounds and dialogue are used in musical ways Seeking to stimulate debate about the aesthetics and interpretation of film scores and soundtracks in general this book develops an important synthesis of film studies and musicology **The Journal of Film Music** ,2002

The Music of James Bond Jon Burlingame,2012-10-11 This volume is a comprehensive chronicle of the songs and scores written for the movie adventures of Ian Fleming's intrepid Agent 007 New interviews with Bond songwriters and composers coupled with previously undiscovered details make this book a must read for all 007 fans **On the Track** Fred Karlin, Rayburn Wright,2013-07-04 *On the Track* offers a comprehensive guide to scoring for film and television Covering all styles and genres the authors both noted film composers cover everything from the nuts and bolts of timing cuing and recording through balancing the composer's aesthetic vision with the needs of the film itself Unlike other books that are aimed at the person dreaming of a career this is truly a guide that can be used by everyone from students to technically sophisticated professionals It contains over 100 interviews with noted composers illustrating the many technical points made through the text Television Westerns Alvin H. Marill,2011-06-01 Westerns have featured prominently in films almost since motion pictures were first produced at the end of the nineteenth century and when televisions invaded American homes in the late 1940s and early 50s Western programs filled the small screen landscape Throughout the 1950s and well into the 1960s these shows dominated television with such long running successes as *Bonanza* *Wagon Train* and *Maverick* And though the genre has fallen on hard times over the years it has never died as Hollywood continues to produce films mini series and shows that keep the west alive In *Television Westerns Six Decades of Sagebrush Sheriffs Scalawags and Sidewinders* Alvin H Marill looks at the genre as it was represented from the beginning of television from the twenty year run of *Gunsmoke* to the brutal revisionist take of *Deadwood* This volume encompasses all manifestations of the Western including such series as *Rawhide* *The Virginian* and *The Wild Wild West* as well as movies of the week mini series failed pilots animated programs documentaries and even Western themed episodes of non Western series that provided their own spin on the genre
