Costigan,David Gold,2016-03-16 Today no single issue dominates the global political landscape as much as terrorism Aware of their unique position in the newly unipolar world terrorist leaders have articulated that economic warfare is a key component of the new terrorist agenda Governments have accentuated the role of economic tools in their counter terrorism policies while maintaining emphasis on the application of military force or hard power even though such tools often prove unnecessarily blunt or even sorely inadequate Given the complexity of the global threat posed by modern transnational terrorist groups combating terrorism with a mix of hard and soft power is more important than ever As an invaluable new book in terrorism studies Terrornomics brings together contributions from renowned international scholars and practitioners to provide a multifaceted view of contemporary financial counterterrorism and terrorist funding efforts It employs key concepts terms case studies and policy recommendations to advance our understanding of the threats and possible courses of action thus enabling us to grasp the critical financial and economic issues while providing potential counterterrorist strategies *Spooky South Carolina* S. E. Schlosser,Paul G. Hoffman,2011-08-02 Tales of hauntings strange happenings and other local lore throughout the Palmetto state **Terror Television** John Kenneth Muir,2013-02-25 Although horror shows on television are popular in the 1990s thanks to the success of Chris Carter s The X Files such has not always been the case Creators Rod Serling Dan Curtis William Castle Quinn Martin John Newland George Romero Stephen King David Lynch Wes Craven Sam Raimi Aaron Spelling and others have toiled to bring the horror genre to American living rooms for years This large scale reference book documents an entire genre from the dawn of modern horror television with the watershed Serling anthology Night Gallery 1970 a show lensed in color and featuring more graphic makeup and violence than ever before seen on the tube through more than 30 programs including those of the 1998 1999 season Complete histories critical reception episode guides cast crew and guest star information as well as series reviews are included along with footnotes a lengthy bibliography and an in depth index From Kolchak The Night Stalker to Millennium from The Evil Touch to Buffy the Vampire Slayer and Twin Peaks Terror Television is a detailed reference guide to three decades of frightening television programs both memorable and obscure *Police Analysis and Planning for Homicide Bombings* John W. Ellis,2007 Police Analysis and Planning for Homicide Bombings is oriented toward planning police operations in the public sector but will be usable by other public officials as well as by some military and private sector police operations It addresses police threat assessment of vulnerability assessment to defense

against and response to attacks by homicide bombs It begins with an essay on the distinctions between military and police operations and includes an examination of the U S counter terrorist policy and structure assessment of explosive weapons of mass destruction and the terrorist ability to make and use them the legal limitations of police response operations in the United States and defensive response to this form of attack It concludes with commentary on actions that may be needed if this threat continues to develop in the United States Relying upon both experience and research the author has synthesized the varied military law enforcement and private security approaches into a detailed analysis of the threat posed by terrorist use of homicide bombs and the necessary internal response With the first hand experience of applying the knowledge in an actual threat environment the combination of historical perspective and reality confrontation produces an effective examination of the topic for the police administrator and emergency planner Terror's Aftermath Daniel

McEnnis,2014-10-05 Terror s Aftermath describes the time after The Other Side Of The War On Terror after November 1st 2009 when I had returned to the United States Still dogged by the White Tiger Chinese Mafia the Unites States launched a large scale cover up effort against me one in which the mafia slowly took over the personnel involved A tale of intrigue as the varied factions in and out of the government wrestle for control of my surroundings and control of the political blackmail it represented **Terror and the Arts** M. Hyvärinen,L. Muszynski,2008-08-04 This book advances the argument that the arts

from film and literature to painting and comics offer qualitatively different readings of terror and trauma that endeavor to resist the exploitation and perpetuation of violence **Hindustan's Frailties** Sat Sharma,2021-01-26 Giving a bird s eye
