Terry And The Pirates No 2:

Cartoonists, Works, and Characters in the United States through 2005 John Lent, 2006-04-30 This penultimate work in John Lent's series of bibliographies on comic art gathers together an astounding array of citations on American cartoonists and their work. Author John Lent has used all manner of methods to gather the citations: searching library and online databases, contacting scholars and other professionals attending conferences and festivals, and scanning hundreds of periodicals. He has gone to great length to categorize the citations in an easy-to-use scholarly fashion, and in the process has helped to establish the field of comic art as an important part of social science and humanities research. The ten volumes in this series, covering all regions of the world, constitute the largest printed bibliography of comic art in the world and serve as the beacon guiding the burgeoning fields of animation, comics, and cartooning. They are the definitive works on comic art research and are exhaustive in their inclusiveness, covering all types of publications: academic, trade, popular, fan, etc., from all over the world. Also included in these books are citations to systematically researched academic exercises, as well as more ephemeral sources such as fanzines, press articles, and fugitive materials, conference papers, unpublished documents, etc., attesting to Lent's belief that all pieces of information are vital in a new field of study such as comic art.

Serials and Series Buck Rainey, 2015-06-08 While many fans remember The Lone Ranger, Ace Drummond, and others, fewer focus on the facts that serials had their roots in silent film and that many foreign studios also produced serials, though few made it to the United States. The 471 serials and 100 series, continuing productions without the cliffhanger endings from the United States and 136 serials and 37 series from other countries, are included in this comprehensive reference work. Each entry includes title, country of origin, year, studio, number of episodes, running time, or number of reels, episode titles, cast, production credits, and a plot synopsis.

Serial Film Stars Buck Rainey, 2024-10-18 Pearl White, William Duncan, William Desmond, Ben Wilson, Walter Miller, Francis Ford, Charles Hutchinson, Jack Dougherty, and Eddie Polo are just a few of the stars to start up a whirlwind of enthusiasm among serial devotees. They offered a thrill, a minute world of ridiculous plots, weird disguises, hair-raising escapes, hidden treasures, diabolic scientific devices, wild animals, depraved men, runaway trains, and an endless procession of knock-down drag-out fights. Who could resist? This reference work highlights 446 serial performers who thrilled generations. Each entry includes the performer's birth and death dates, serial credits, major films, and details of life before and after the movies.

Terry and the Pirates: the Master Collection Vol. 2 Milton Caniff, 2022-07-26 Volume 2 of this landmark series reproduced from Milton

Caniff's personal set of color syndicate tabloid proofs features the iconic 1936 daily and Sunday adventures which continue their separate paths until the end of August when the stories and cast of characters are happily united once and for all. In the Sunday Saga Pat and Cap'n Blaze have it out across a checkerboard. Then things get really hot when the Dragon Lady and her men lay siege to Blaze's encampment. A twist of fate puts Pat in charge of the Dragon Lady's forces but they're mistaken for soldiers of fortune pirates when the Chinese Army storms their position. It takes timely intervention from a surprising source to gain their freedom. Meanwhile in the Daily Saga fists fly when Terry, Connie, and Pat are taken prisoner by the insidious Captain Judas and sparks fly when the boys have their first meeting with beautiful blonde Burma. The famous strips from March 16-21 steamed up the national audience and became one of the most imitated sequences in comic strip history. Later cat claws are unsheathed against the backdrop of plague on the plantation run by Stan and Wendy Wingate. Burma takes a dive and with the daily and Sunday strips integrated into a unified storyline the boys once again confront the Dragon Lady before running afoul of the foul of Papa Pyzon. The Library of American Comics and Clover Press are proud to publish Terry and the Pirates: The Master Collection, the ultimate edition of Caniff's masterpiece. We present the Sundays in an unmatched color fidelity and larger than they have ever before been reprinted, an unparalleled upgrade that no Terry fan can afford to pass up. **Studies in Intelligence**, 2019. This accessible up-to-date textbook covers the history of comics as it developed in the US in all of its forms: political cartoons and newspaper comic strips, comic books, graphic novels, minicomics, and webcomics. Over the course of its six chapters, this introductory textbook addresses the artistic, cultural, social, economic, and technological impacts and innovations that comics have had in American history. Readers will be immersed in the history of American comics from its origins in 18th-century political cartoons and late 19th-century newspaper strips to the rise of the wildly popular comic book, the radical grassroots collectives that grew out of the underground comix movement of the 1960s and 1970s, all the way through contemporary longform graphic novels, the vibrant self-publishing scene, and groundbreaking webcomics. *The Routledge Introduction to American Comics* guides students, researchers, archivists, and even fans of the medium through a contemporary history of comics, attending to how a diverse range of creators and researchers have advanced the art form in key ways since its inception as a foundational art of American popular culture. In this way, it is uniquely suited to readers engaged in the study of comics as well as those interested in the creation of comics and graphic narratives. *HCA Comics Dallas Signature Auction Catalog #823* Ivy Press, 2006-12.
