Conversations with Texas Writers Frances Leonard, Ramona Cearley, 2010-01-01 Larry McMurtry declares Texas itself

doesn't have anything to do with why I write. It never did. Horton Foote, on the other hand, says I've just never had a desire to write about any place else. In between those figurative bookends are hundreds of other writers, some internationally recognized, others just becoming known, who draw inspiration and often subject matter from the unique places and people that are Texas. To give everyone who is interested in Texas writing a representative sampling of the breadth and vitality of the state's current literary production, this volume features conversations with fifty of Texas's most notable established writers and emerging talents. The writers included here work in a wide variety of genres: novels, short stories, poetry, plays, screenplays, essays, nonfiction, and magazine journalism. In their conversations with interviewers from the Writers League of Texas and other authors' organizations, the writers speak of their apprenticeships, literary influences, working habits, connections with their readers, and the domestic and public events that have shaped their writing. Accompanying the interviews are excerpts from the writers' work as well as their photographs, biographies, and bibliographies. Joe Holley's introductory essay, an overview of Texas writing from Cabeza de Vaca's 1542 *Relaci3n* to the work of today's generation of writers who are equally at home in Hollywood as in Texas, provides the necessary context to appreciate such a diverse collection of literary voices. A sampling from the book: This land has been my subject matter. One thing that distinguishes me from the true naturalist is that I've never been able to look at land without thinking of the people who've been on it. It's fundamental to me. John Graves: Writing is a way to keep ourselves more in touch with everything we experience. It seems the best gifts and thoughts are given to us when we pause, take a deep breath, look around, see what's there, and return to where we were. Naomi Shihab Nye: I've said this many times in print: the novel is the middle-age genre. Very few people have written really good novels when they are young, and few people have written really good novels when they are old. You just tail off and lose a certain level of concentration. Your imaginative energy begins to lag. I feel like I'm repeating myself, and most writers do repeat themselves. Larry McMurtry: I was a pretty poor cowhand. I grew up on the Macaraw Ranch, east of Crane, Texas. My father tried very hard to make a cowboy out of me, but in my case it never seemed to work too well. I had more of a literary bent. I loved to read, and very early on I began to write small stories, short stories out of the things I liked to read. Elmer Kelton. Revolutionary Women of Texas and Mexico Kathy Sosa, Ellen Riojas Clark, Jennifer Speed, 2020-12-01. Much ink has been spilled over the men of the Mexican Revolution, but far less has been written about its women. Kathy Sosa, Ellen Riojas Clark, and Jennifer Speed set out to right this wrong in *Revolutionary Women of Texas and Mexico*, which celebrates the women of early Texas and Mexico who refused to walk a traditional path. The anthology embraces an expansive definition of the word *revolutionary* by looking at female role models from decades ago and subversives who continue to stand up for their visions and ideals. Eighteen portraits introduce readers to these rebels by providing glimpses into their lives and places in history. At the heart of the portraits are the women of the Mexican Revolution, 1910-1920 women like the *soldaderas* who shadowed the Mexican armies, tasked with caring for and treating the wounded troops. Filling in the

gaps are iconic godmothers like the Virgin of Guadalupe and La Malinche whose stories are seamlessly woven into the collective history of Texas and Mexico Portraits of artists Frida Kahlo and Nahui Olin and activists Emma Tenayuca and Genoveva Morales take readers from postrevolutionary Mexico into the present Portraits include a biography an original pen and ink illustration and a historical or literary piece by a contemporary writer who was inspired by their subject s legacy Sandra Cisneros Laura Esquivel Elena Poniatowska Carmen Tafolla and other contributors bring their experience to bear in their pieces and historian Jennifer Speed s introduction contextualizes each woman in her cultural historical moment A foreword by civil rights activist Dolores Huerta and an afterword by scholar Norma Elia Cant bookend this powerful celebration of women who revolutionized their worlds

Tamers of the Texas Frontier C. Herndon Williams, 2023 In the 1820s Texas was a wilderness Settlers thought it was uninhabited although rich with wild game But many Native American tribes lived in Texas and were at war with the Spanish in Mexico Mexico ignored Texas and did not try to inhabit this wilderness Finally in the late 1820s and early 1830s Stephen F Austin was allowed to bring in three hundred Anglo settlers and Texas began to be civilized But to start there was only one town no roads no bridges no planted fields Texas was starting from ground zero but started fast They tamed the wilderness and fought the Indians They got their independence from Mexico and became a Republic soon a U S state They established a stable government similar to the one in the US and developed the infrastructure for business and international commerce In less than eighty years Texas had tamed the wild frontier and became a modern state in the United States C Herndon Williams has found forty two stories that chart this progress
