Van Dyke, 2015-06-12 Excerpt from *A Text Book of the History of Painting* The object of this series of text book is to provide concise teachable histories of art for class room use in schools and colleges The limited time given to the study of art in the average educational institution has not only dictated the condensed style of the volumes but has limited their scope of matter to the general features of art history Arch ological discussions on special subjects and aesthetic theories have been avoided The main facts of history as settled by the best authorities are given If the reader choose to enter into particulars the bibliography cited at the head of each chapter will be found helpful Illustrations have been introduced as sight help to the text and to avoid repetition abbreviations have been used wherever practicable The

enumeration of the principal works of a school or period and where they may be found which follows each chapter may be serviceable to travelling students in Europe This volume on painting the first of the series omits mention of such work in Arabic Indian Chinese and Persian art as may come properly under the head of Ornament In treating of individual painters it has been thought best to give a short critical estimate of the man and his rank among the painters of his time rather than the detailed facts of his life Students who wish accounts of the lives of the painters should use Vasari and the various encyclopedias and histories cited in the bibliography in connection with this text book About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
