The Guards Peter Simkin, 1976 **Popular imperialism and the military, 1850-1950** John M.

MacKenzie, 2017-03-01 Colonial war played a vital part in transforming the reputation of the military and placing it on a standing equal to that of the navy The book is concerned with the interactive culture of colonial warfare with the representation of the military in popular media at home and how these images affected attitudes towards war itself and wider intellectual and institutional forces It sets out to relate the changing image of the military to these fundamental facts For the dominant people they were an atavistic form of war shorn of guilt by Social Darwinian and racial ideas and rendered less dangerous by the increasing technological gap between Europe and the world Attempts to justify and understand war were naturally important to dominant people for the extension of imperial power was seldom a peaceful process The entertainment value of war in the British imperial experience does seem to have taken new and more intensive forms from roughly the middle of the nineteenth century Themes such as the delusive seduction of martial music the sketch of the music hall song powerful mythic texts of popular imperialism and heroic myths of empire are discussed extensively The first important British war correspondent was William Howard Russell 1820 1907 of The Times in the Crimea The 1870s saw a dramatic change in the representation of the officer in British battle painting Up to that point it was the officer's courage tactical wisdom and social prestige that were put on display *Trooping the Colour* Ben Skipper, 2025-04-28 Explores the history traditions and key personalities behind London's ceremonial regiments both on parade and at war Today Trooping the Colour gathers crowds of tourists along with the pomp and ceremony it is an event filled with tradition that spans many hundreds of years In that history lies duty a call to arms and a rallying in battle The regimental colours were presented to the soldiers daily so that they would recognize it in the melee of battle and rally toward it In 1748 the Grenadier Guards began this tradition also called the King's Birthday Parade which is now held annually at Horse Guards Parade in London Boots buckles and busbies gleaming formations perfect and eyes right Trooping the Colour is the culmination of months of hard work by the staff of the London District and the Royal Household without whom state ceremonial and public duties would not exist From regimental bands and gun salutes to Lord Lieutenants and Yeoman it is the personalities and traditions that make the history of ceremonial duties so colourful Trooping the Colour describes the histories of the key personalities and units of the London District the Royal Household Their histories are intertwined in one of the most complex narratives of the modern age It describes the numerous moments stories and traditions behind the many appointments that produce some of the most awe inspiring displays now taken for granted The book examines those defining moments in contemporary British history when planning and experience have delivered breathtaking spectacles of grandeur enjoyed by billions of people around the globe Though it's not all parades and pomp though these fine regiments have served with distinction in battles across the world and through time This book explores London's Ceremonial Regiments at war and on parade **A History of British**
