Sandwick, 2019-06-26 The Gulf Cooperation Council represents both a model of development and unity in the Arab world and a working example of interstate cooperation to other nations In this volume contributors describe the rationale for Gulf unity and cooperation and analyze the financial economic and legal institutions of the GCC member states Saudi Arabia Kuwait the United Arab Emirates Oman Bahrain and Qatar They focus on the GCC's role in maintaining stability in the Arabian peninsula an area that is clearly vital to U.S. interests Contributors pinpoint the essential elements of GCC unity including its efforts to obtain optimum economic self sufficiency to maximize market share and revenue from oil production and to establish an integrated legal framework The GCC's unique security needs given the member states vast combined area and thinly spread populations are also discussed An overview of the strategic interests and policies of both superpowers toward the region reveals a history of decline in their influence and prestige that is a result it is argued of misperceptions and misguided policies Finally documentation and bibliographic sections enhance the book's usefulness as a handbook on the GCC and the Arabian Gulf states *From Alliance to Union* Joseph A. Kéchichian, 2016-05-24 After the conservative Arab Gulf Monarchies Bahrain Kuwait Oman Qatar Saudi Arabia and the United Arab Emirates UAE joined forces on 25 May 1981 within the Gulf Cooperation Council GCC few fathomed that security requirements on and around the Arabian Peninsula would be so precarious and for so long To answer their search for permanent stability Arab Gulf rulers erected a regional alliance that sought to integrate internal and regional defences as well as strengthen their existing socio economic ties Several of the monarchies even hoped that coordination on foreign policy issues over which near unanimity existed could eventually lead to a full fledged union as envisaged in the organisation's founding charter Between 1981 and 2015 these Arab Gulf monarchies experienced major socio political transformations resulting from upheavals throughout the Arab and Muslim worlds The perceived necessity to bring about a full fledged union has come into conflict with entrenched viewpoints from regimes that value traditional military political roles and norms In this new study Joseph A. Kechichian provides an evaluation of GCC States military institutions to better evaluate whether a stable alliance is capable of enduring over the next few decades and how civilian leaders perceive the role and influence of their military officers for the task Kechichian raises fundamental questions over internal regional and

international threats including an existential challenge emanating from the Islamic revolutionary government of Iran and assesses how GCC professionals may be preparing to tackle them He further elucidates on the best methods to meet security challenges not only to secure political survival but also to determine whether conservative Arab Gulf regimes can flourish outside an effective alliance The volume concludes with an examination of evolving civil military relations in the GCC States
