The GCC and the International Relations of the Gulf Matteo Legrenzi, 2015-07-31 The Gulf Cooperation Council GCC made up of Saudi Arabia Bahrain Kuwait Oman Qatar and the United Arab Emirates UAE is one of the most resilient sub regional organizations in the

world and the most successful in the Arab world it has been the forum through which much security cooperation in this volatile sub region has taken place as well as the main representative for the UAE's territorial dispute with Iran over the Abu Musa and Tunbs islands the organization aims to enhance defence cooperation between its member states it also has significant potential to foster economic integration and to present an alternative form of leverage over the international oil markets Very little is known however about how the organization really works how decisions are actually taken as opposed to how this process is formally articulated in its charter and what the GCC's real impact on member states the Gulf and international relations is Drawing on cutting edge theoretical perspectives as well as unique firsthand access to GCC decision makers Matteo Legrenzi explains the mechanisms of Gulf cooperation and its limitations in the context of economic globalization diplomatic regionalization and the rise of Iran Combining historical context primary source investigations and theoretical analysis this is a comprehensive guide to the GCC and an indispensable resource for anyone concerned with the Gulf and the Middle East

From Alliance to Union Joseph A. Kéchichian, 2016-05-24 After the conservative Arab Gulf Monarchies Bahrain Kuwait Oman Qatar Saudi Arabia and the United Arab Emirates UAE joined forces on 25 May 1981 within the Gulf Cooperation Council GCC few fathomed that security requirements on and around the Arabian Peninsula would be so precarious and for so long To answer their search for permanent stability Arab Gulf rulers erected a regional alliance that sought to integrate internal and regional defences as well as strengthen their existing socio economic ties Several of the monarchies even hoped that coordination on foreign policy issues over which near unanimity existed could eventually lead to a full fledged union as envisaged in the organisation

s founding charter Between 1981 and 2015 these Arab Gulf monarchies experienced major socio political transformations resulting from upheavals throughout the Arab and Muslim worlds The perceived necessity to bring about a full fledged union has come into conflict with entrenched viewpoints from regimes that value traditional military political roles and norms In this new study Joseph A Kechichian provides an evaluation of GCC States military institutions to better evaluate whether a stable alliance is capable of enduring over the next few decades and how civilian leaders perceive the role and influence of their military officers for the task Kechichian raises fundamental questions over internal regional and international threats including an existential challenge emanating from the Islamic revolutionary government of Iran and assesses how GCC professionals may be preparing to tackle them He further elucidates on the best methods to meet security challenges not only to secure political survival but also to determine whether conservative Arab Gulf regimes can flourish outside an effective alliance The volume concludes with an examination of evolving civil military relations in the GCC States **Energy**

Abstracts for Policy Analysis ,1988 **Saudi Arabia, the West and the Security of the Gulf** Mazher A.

Hameed,2025-04-01 Saudi Arabia the West and the Security of the Gulf 1986 considers the geopolitical environment of the Arab Gulf and the nature and threats to Western interests in the region It also examines the political economic and other Gulf resources that can be marshalled to protect those interests
