

HARVEST

by Loreto Paras Sulit

HE first saw her in his brother's eyes. The palay stalks were taking on gold in the late after noon sun, were losing their trampled, wind-swept look and stirring into little, almost inaudible whispers.

The rhythm of Fabian's strokes was smooth and unbroken. So many palay stalks had to be harvested before sundown and there was no time to be lost in idle dallying. But when he stopped to heap up the fallen palay stalks he glanced at his brother as if to fathom the other's state of mind in that one, side-long glance.

The swing of Vidal's figure was as graceful as the downward curve of the crescent-shaped scythe. How stubborn, this younger brother of his, how hard-headed, fumed Fabian as he felled stalk after stalk. It is because he knows how very good-looking he is, how he is so much run-after by all the women in town. The obstinate, young fool! With his queer dreams, his strange adorations, his wistfulness for a life not of these fields, not of their quiet, colorless women and the dullness of long nights of unbroken silence and sleep. But he would bend... he must bend... one of these days.

Vidal stopped in his work to wipe off the heavy sweat from his brow. He wondered how his brother could work that fast all day without pausing to rest, with out slowing in the rapidity of his strokes. But that was the reason the master would not let him go; he could harvest a field in a morning that would require three men to finish in a day. He had always been afraid of this older brother of his; there was something terrible in the way he deter mined things, how he always brought them to pass, how he disregarded the soft and the beautiful in his life and sometimes how he crushed, trampled people, things he wanted destroyed. There were flowers, insects, birds of boyhood memories, what Fabian had done to them. There was Tinay... she did not truly like him, but her widowed mother had some lands... he won and married Tinay.

I wonder what can touch him. Vidal thought of miracles, perhaps a vision, a woman... But no... he would overpower them... he was so strong with those arms of steel, those huge arms of his that could throttle a spirited horse into obedience.
