**United States. Congress. House.
Committee on the Judiciary**

The Hastings Conspiracy:

The Hastings Conspiracy Alfred Coppel,1980 **Richard III** Chris Skidmore,2018-04-24 From acclaimed historian Chris Skidmore comes the authoritative biography of Richard III England's most controversial king a man alternately praised as a saint and cursed as a villain Richard III is one of English history's best known and least understood monarchs Immortalized by Shakespeare as a hunchbacked murderer the discovery in 2012 of his skeleton in a Leicester parking lot re-ignited debate over the true character of England's most controversial king Richard was born into an age of brutality when civil war gripped the land and the Yorkist dynasty clung to the crown with their fingertips Was he really a power-crazed monster who killed his nephews or the victim of the first political smear campaign conducted by the Tudors In the first full biography of Richard III for fifty years Chris Skidmore draws on new manuscript evidence to reassess Richard's life and times Richard III examines in intense detail Richard's inner nature and his complex relations with those around him to unravel the mystery of the last English monarch to die on the battlefield *Judicial Impeachment* Mary L. Volcansek,1993 Impeachment by the House and conviction by the Senate are the sole means of removing presidents and other federal officials from office The congressional power to do so had been used sparingly until the early 1980s when three federal judges were removed by the Senate in almost as many years Through extensive use of original transcripts Mary Volcansek analyzes the criminal and congressional proceedings that led to the Senate's conviction and removal of U.S. Judges Harry Claiborne Nevada Walter Nixon Mississippi and Alcee Hastings Florida Claiborne and Nixon both had already been convicted of felonies yet they demanded impeachment and trial rather than resign their judicial appointments They and Hastings portrayed themselves as victims of vendettas claims that altered little when the Senate considered their cases Volcansek explores various political and legal explanations for the rise in impeachments among them the Judicial Conduct Act of 1980 the Public Integrity Office of the U.S. Department of Justice partisanship and ideology and judicial corruption She also shows how the cases of Claiborne Hastings and Nixon are more than studies in judicial misconduct the events leading to their Senate convictions she is convinced allow evaluation of how law enforcement the Judicial Conduct Act impeachment and politics fit together Finally she considers the impeachments in the context of the competing ideals of judicial accountability and independence suggesting that a type of special counsel be used to investigate alleged judicial misbehavior as a means of stemming misconduct while insulating the judiciary from executive or partisan interference **Annals of the reformation and the establishment of religion** John Strype,1728 *Edward IV, England's Forgotten Warrior King* Dr. Anthony Corbet,2015-01-21 As the 100 Years War ground to its dismal end England groaned under the misrule of Henry VI and his Lancastrian favorites The House of York rose in rebellion and Parliament restored York in the line of inheritance to the throne Edward Earl of March triumphed at the Battle of Mortimers Cross Parliament asked him to be King and the people proclaimed him Edward IV His life and legacy are chronicled in *Edward IV England's Forgotten Warrior King* For ten years

Edward struggled against repeated Lancastrian rebellions. He was driven from his kingdom by Richard Earl of Warwick but then he won decisive victories at the Battles of Barnet and Tewkesbury in 1471. For another twelve years he reigned wisely with peace and prosperity as a beloved King but then he died at age forty one and his twelve year old son was proclaimed Edward V. Richard Duke of Gloucester seized the throne and put young Edward and his brother in the Tower of London from where they never emerged alive. Richard III was a good King and wanted to be respected but the people believed he had murdered the Princes in the Tower and would not forgive him. Queen Elizabeth and Margaret Beaufort plotted with Henry Tudor who invaded England in 1485. Henry Tudor then defeated and killed Richard III at the Battle of Bosworth Field. Henry Tudor, Henry VII, was crowned King and married Edward IV's daughter Elizabeth; the resultant Tudor dynasty would rule England for another 118 years.

Dictionary of National Biography Leslie Stephen, Sir Sidney Lee, 1908 *Richard III* Charles Ross, 2011-05-28 Richard III ruled England for a mere twenty six months yet few English monarchs remain as compulsively fascinating and none has been more persistently vilified. In his absorbing and universally praised account Charles Ross assesses the king within the context of his violent age and explores the critical questions of the reign: why and how Richard Plantagenet usurped the throne, the belief that he ordered the murder of the Princes in the Tower, the events leading to the battle of Bosworth in 1485 and the death of the Yorkist dynasty with Richard himself. In a new foreword Professor Richard A Griffiths identifies the attributes that have made Ross's account the leading biography in the field and assesses the impact of the research published since the book first appeared in 1981. A fascinating study on a perennially fascinating topic, the base against which will be measured any future research. Times Higher Education Supplement

Impeachment United States. Congress. House. Committee on the Judiciary, 1998. Covers material related to the impeachments of Richard M. Nixon, Harry E. Clairborne Alcee L. Hastings and Walter L. Nixon Jr.

Selected Writings of James Fitzjames Stephen James Fitzjames Stephen, 2013-11. The first volume to be published in Oxford's new edition of the Selected Writings of James Fitzjames Stephen; this volume contains *The Story of Nungomar* and *the Impeachment of Sir Elijah Impey*. *The Story of Nungomar and the Impeachment of Sir Elijah Impey* Stephen, 1885.

Unveiling the Power of Verbal Beauty: An Psychological Sojourn through **The Hastings Conspiracy**

In some sort of inundated with monitors and the cacophony of fast conversation, the profound energy and psychological resonance of verbal artistry often diminish into obscurity, eclipsed by the continuous barrage of sound and distractions. However, nestled within the musical pages of **The Hastings Conspiracy**, a charming work of literary elegance that impulses with raw thoughts, lies an wonderful trip waiting to be embarked upon. Written with a virtuoso wordsmith, that enchanting opus instructions readers on an emotional odyssey, gently revealing the latent potential and profound impact embedded within the elaborate web of language. Within the heart-wrenching expanse with this evocative examination, we shall embark upon an introspective exploration of the book is key styles, dissect its charming publishing design, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
