Barbara Ehrenreich

The Hearts Of Men American Dreams And The Flight From Commitment:

The Hearts of Men Barbara Ehrenreich, 1987-03-01 From the bestselling author of Nickel and Dimed an explanation of recent sexual culture and the loosening of marriage bonds in recent history Finally someone is offering a new utterly plausible explanation of loosening marriage bonds According to Barbara Ehrenreich it is men who started walking off in search of freedom from their stifling role of breadwinner success machine The shock and exhilaration of this book comes from the recognition that here is a woman who has dared to look beyond the everyday assumptions about love and commitment to examine which bonds between men and women can endure and which may last forever Vogue

The Hearts of Men Barbara Ehrenreich, 2011 An explanation of recent sexual culture and the loosening of marriage bonds over the past 20 years

Poverty in the American Dream Karin Stallard, Barbara Ehrenreich, Holly Sklar, 1983 Analyzes the impact of social service cutbacks changes in the job market and victim blaming myths like the Black matriarchy theses of Daniel Patrick Moynihan and George Gilder

With Amusement for All LeRoy Ashby, 2006-05-12 With Amusement for All is a sweeping interpretative history of American popular culture Providing deep insights into various individuals events and movements LeRoy Ashby explores the development and influence of popular culture from minstrel shows to hip hop from the penny press to pulp magazines from the NBA to NASCAR and much in between By placing the evolution of popular amusement in historical context Ashby illuminates the complex ways in which popular culture both reflects and transforms American society He demonstrates a recurring pattern in democratic culture by showing how groups and individuals on the cultural and social periphery have profoundly altered the nature of mainstream entertainment The mainstream has repeatedly co-opted and sanitized marginal trends in a process that continues to shift the limits of acceptability Ashby describes how social control and notions of public morality often vie with the bold erotic and sensational as entrepreneurs finesse the vagaries of the market and shape public appetites Ashby argues that popular culture is indeed a democratic art as it entertains the masses provides opportunities for powerless and disadvantaged individuals to succeed and responds to changing public hopes fears and desires However it has also served to reinforce prejudices leading to discrimination and violence Accordingly the study of popular culture reveals the often dubious contours of the American dream With Amusement for All never loses sight of pop culture's primary goal the buying and selling of fun Ironically although popular culture has drawn an enormous variety of amusements from grassroots origins the biggest winners are most often sprawling corporations with little connection to a movement's original innovators

Gender Space Architecture Iain Borden, Barbara Penner, Jane Rendell, 2002-09-11 This significant reader brings together for the first time the most important essays concerning the intersecting subjects of gender space and architecture Carefully structured and with numerous introductory essays it guides the reader through theoretical and multi-disciplinary texts to direct considerations of gender in relation to particular architectural sites projects and ideas This collection marks a seminal point in gender and architecture both

summarizing core debates and pointing toward new directions and discussions for the future **War Over the Family**

David Popenoe, 2011-12-31 One of the most surprising and controversial social debates of the past two decades has been about the meaning and importance of marriage and the family in contemporary American life Referred to by some as a culture war over the family the debate has pitted those concerned about the weakening of the traditional married parent nuclear family especially in its impact on children against those arguing that nothing has gone wrong with families that they are merely diversifying David Popenoe has been one of the most influential figures in laying out for a wide audience the importance of family decline and what it means for our children our society and our future *Feminism's Forgotten Fight*

Kirsten Swinth, 2018-11-05 Kirsten Swinth reconstructs the comprehensive vision of feminism's second wave at a time when its principles are under renewed attack In the struggle for equality at home and at work it was not feminism that failed to deliver on the promise that women can have it all but a society that balked at making the changes for which activists fought

The Fictions that Shape Men's Lives Christopher Kilmartin, 2021-04-20 The Fictions that Shape Men's Lives is structured around a number of key fictions of masculinity such as beliefs in biological determinism the inevitability of men's violence and the opposition of the sexes and proceeds to expose them to be wholly or partially unfounded Examining the social pressure to behave and experience the self in ways that culture prescribes for the bodies we are perceived as having this book provides an awareness of widely held but distorted assumptions of gender It also seeks to put men into the position to resist masculine social pressures when conforming to it conflicts with important life goals or values and or causes harm Making use of an informal storytelling style provides an accessibility to those interested in breaking down their preconceptions of gender and masculinity as well making links to key theories and concepts This is a lively and engaging book for undergraduates studying introduction to Gender Sexuality and Masculinity courses **Reading the Obscene**

Jordan Carroll, 2021-11-23 With Reading the Obscene Jordan Carroll reveals new insights about the editors who fought the most famous anti censorship battles of the twentieth century While many critics have interpreted obscenity as a form of populist protest Reading the Obscene shows that the editors who worked to dismantle censorship often catered to elite audiences composed primarily of white men in the professional managerial class As Carroll argues transgressive editors such as H L Mencken at the Smart Set and the American Mercury William Gaines and Al Feldstein at EC Comics Hugh Hefner at Playboy Lawrence Ferlinghetti at City Lights Books and Barney Rosset at Grove Press taught their readers to approach even the most scandalizing texts with the same cold calculation and professional reserve they employed in their occupations Along the way these editors kicked off a middle class sexual revolution in which white collar professionals imagined they could control sexuality through management science Obscenity is often presented as self shattering and subversive but with this provocative work Carroll calls into question some of the most sensational claims about obscenity suggesting that when transgression becomes a sign of class distinction we must abandon the idea that obscenity always overturns hierarchies and

disrupts social order Winner of the 2022 MLA Prize for Independent Scholars sponsored by the Modern Language Association **Handbook of Studies on Men and Masculinities** Michael S. Kimmel, Jeff Hearn, Raewyn Connell, 2005 In the past research in the field of gender has mainly addressed issues about women and has for the most part been developed by women Recently the study of gender has rapidly expanded and there has been a growing interest in men s and boys identities conduct and problems The Handbook of Studies on Men and Masculinities is an interdisciplinary and international culmination of the growth of men s studies that also offers insight about future directions for the field The Handbook provides a broad view of masculinities primarily across the social sciences with the inclusion of important debates in some areas of the humanities and natural sciences The various approaches presented in this Handbook range across different disciplines theoretical perspectives methodologies and conceptualizations in relation to the topic of men Editors Michael S Kimmel Jeff Hearn and Robert W Connell have assembled an esteemed group of contributors who are among the best known experts in their particular fields The Handbook of Studies on Men and Masculinities examines the construction of masculinities in four different frames the social organization of masculinities in their global and regional iterations the institutional reproduction and articulation of masculinities the ways in which masculinities are organized and practiced within a context of gender relations and the ways in which individual men express and understand their gendered identities The Handbook is organized in a way that moves from the larger global and institutional articulations of masculinities to the more intimate and personal expressions The Handbook of Studies on Men and Masculinities provides scholars researchers and students with the most current incisive scholarship available for the men s studies area of gender studies It is a vital resource for those interested in the practical or cultural issues about men boys and gender as well as an excellent addition to any academic library
