The Heterosexual Transmission Of Aids In Africa:

The Heterosexual Transmission of AIDS in Africa Dieter K. Koch-Weser, Hannelore F. Vanderschmidt, 1988 **AIDS in Africa** Myron Essex, 2002-08-31 This comprehensive reference book addresses the unique challenges facing many African nations as poor infrastructure and economics continue to obstruct access to advanced treatments and AIDS care training. It takes into account the context of settings with limited resources. Information on how to best utilize existing resources and prioritize scaling up of infrastructure is a critical aspect of this book for those working in HIV/AIDS related fields in Africa.

AIDS in Africa V. Lovell, 2002 This book examines the epidemic of AIDS in Africa, poses questions about the practical and ethical possibilities of making HIV cocktails available on a wide scale, and provides an up-to-date bibliography on AIDS in Africa.

Women's Magazines in Print and New Media Noliwe Rooks, Victoria Pass, Ayana Weekley, 2016-10-14 This book contributes to our collective understanding of the significance of representations of women and gender in magazines in both their print and online forms. The essays are authored by scholars, writers, and cultural producers in fields such as art, film, and visual studies, literature, critical race studies, communications, broadcast, and print journalism, history, and women and gender studies. Taken as a whole, the volume offers historical breadth and perspectives that are transnational and cross-racial on women in magazines and digital media in a variety of ways. It examines how women are represented, how women have created and produced magazines, and how women make meaning of themselves and their world using magazines as key sources of information.

Acquired Immunodeficiency Syndrome Pascal James Imperato, 2012-12-06 When Pascal James Imperato, MD, assumed the editorship of the New York State Department of Health of qualified laboratories from HIV testing, the New York State Journal of Medicine in 1981, the acquired immunodeficiency syndrome (AIDS) epidemic was already six years old. During the time of his editorship, two thematic issues of the journal have been devoted to AIDS. In addition, a large number of original communications have been regularly published on the subject. This volume rings together the Symposium on AIDS in Washington, DC, had important articles published on AIDS in the journal. It has been so successful that the MSSNY, under the auspices of the task force and the Division of Governmental Affairs, in the early years of the epidemic, held two informational symposia for state senators and the State of New York. MSSNY was aware that it had a responsibility to both the profession and the public to add were presented in February 1988 and March 1989. His efforts to those already mobilized in the attempt to effort has convinced the MSSNY that it has given legislators understand and control this tragic disease. Early on, the task force had a better understanding of the overall AIDS problem.

AIDS and Adolescents Lorraine Sherr, 2022-12-29 Originally published in 1997, *AIDS and Adolescents* provided an insight into a wide range of adolescent issues which were rarely compiled in one volume at the time. Much of the HIV epidemic response had been at the individual

level in the hope that this narrow focus would provide the key to containment and resolution of spread. However, over the ten years since the epidemic had taken hold, it was clear that paradigms were limited, input was uncritical, and large cohorts were overlooked. In this text, a series of contributions have been compiled to explore adolescent issues ranging from sexual behaviour and health education campaigns to HIV prevention and HIV/AIDS care. The chapters begin by giving an overview of adolescent problems such as homelessness, pregnancy, and gender, and explore why these problems are so often overlooked. We then move on to an examination of the facts and fictions associated with adolescent risk, challenging some of the basic current notions underpinning approaches to the subject at the time. Also included are particular focused studies of Australian adolescents' beliefs about HIV and STDs, and also the American adolescents' perceptions of drug injection. Finally, the volume gives a focused view of those with HIV infection, with a review of findings of the time, neuropsychological and psychological factors. This overview provided some comments on merging issues and future directions. Today it can be read in its historical context.

Cumulated Index Medicus, 1987 *Women's Health, Politics, and Power* Elizabeth Fee, Nancy Krieger, 2020-11-25

This collection of essays addresses the broadening array of issues on the agenda of the women's health movements of the 1980s and 1990s, just as a previous collection *Women and Health: The Politics of Sex in Medicine* gathered contributions from the earlier wave of the women's health movement in the 1970s. The papers in both volumes are selected from the *International Journal of Health Services*, edited by Vicente Navarro. The essays in this volume were originally published in the 1980s and early 1990s. Together they present a framework for understanding the struggles over women's health that have occurred in this time period and provide specific analyses of women's health in relation to race, ethnicity, and class, the work of health care, the health of women workers, international reproductive health, sexuality, AIDS, and public health policy.
