The Mystery Of Simon Shepherd:

Phallic Frenzy Joseph Lanza, 2007-08-01 Ken Russell has made some of the most daring disturbing and beautifully photographed films of all time Drawing from a wealth of historic and literary references Russell s subjects are astounding deranged Ursuline nuns in a 17th century French province the inner demons of Mary Shelley and Lord Byron the sexual angst of Tchaikovsky the emotionally drained life of Rudolph Valentino the messianism of a pinball wizard the fury of lesbian vampires the introspections of prostitutes Russell s movies offer not just brazen sensationalism but food for thought they horrify yet inspire And through it all Russell maintains a simultaneously impish and intellectual sense of humor The first full biography of the director Phallic Frenzy is far from a dry film by film analysis It shows how Russell s real life has often been as engaging and vibrant as his film scenarios Here you ll learn how Alan Bates and Oliver Reed compared their penis sizes for the nude wrestling scene in *Women in Love* how Russell disfigured Paddy Chayevsky s script for *Altered States* by having the actors holler out the lines as fast as possible accompanied by spewed food and streams of spittle and how Russell was slated to direct *Evita* starring Liza Minnelli and the creative differences that ensued A madcap tale full of wild ideas surreal situations and a cavalcade of colorful personalities Phallic Frenzy is as thrilling a ride as any Ken Russell film

The York Mystery Plays Margaret Rogerson, 2011 Essays on the York Mystery Plays uniting voices from the scholarly world with the York community that has assumed responsibility for their production today The York Play of Corpus Christi also known as the York Cycle has been central to the study of early English theatre for over a century and a touchstone for the revival of medieval dramatic practice for over fifty years But these two endeavours have often found little common ground This volume therefore accomplishes something very important It brings together scholars of medieval English drama and places them in dialogue with experienced practitioners from the community Together they share a common commitment to understanding how performances matter to the communities that produce them and how plays intersect with other public activities CAROL SYMES Professor of History University of Illinois at Urbana This volume provides a wealth of new insights into the performance of mystery plays in medieval York and their modern revival It utilises both academic study and the practical experience of those who now produce the cycle within York itself on wagons in the street in an approximation of their original performance A number of topics are covered The manuscript is linked to Richard III the Masons are introduced as non guildsmen in an enterprise assumed to be guild specific families not just male heads of households are shown to be important to the dramatic narrative and cognitive theory elucidates performance past and present Recent productions are discussed in lively detail by those directly responsible for them leading to analyses of performances in Israel Spain and Australia not all of them of a predictable kind which offer further angles on the medieval dramatic tradition Professor Margaret Rogerson teaches in the Department of English at the University of Sydney Contributors Margaret Rogerson Keith Jones Richard Beadle Sheila K Christie Mike Tyler Jill Stevenson Elenid Davies Ben Pugh Peter Brown Tony Wright Steve
