The Naked Children:

The Naked Children Daniel N. Fader, 1971 **The Naked Children** Daniel N. Fader, 1996 *The Naked Child* Dennis Craig Smith, 1981 **The Naked Child** Dennis Craig Smith, 1981 The Naked Child Dennis Craig Smith, William Sparks, Candace Kurstin-Young, 1981-01-01 **Through the Eyes of a Child** Anne Richards, Peter Privett, 2018-06-29

Looking through the eyes of a child is not a twee cosy or easy experience. It can be unsettling, uncomfortable, edgy. From the Introduction: Who has the right to do theology? Only academics. Only adults. Or do we all have a voice in the kingdom of God? *Through the Eyes of a Child* considers 14 key theological themes from one of the most neglected of perspectives: that of children. Honouring Jesus' command to place the child at the centre, theologians, psychologists and educationalists take us from our comfort zone to look afresh at some of the most grave, difficult and beautiful topics in Christian theology. Challenging conventional readings of theology, this landmark work will fascinate and challenge anyone who cares about children and their place in the world and the church.

Anatomy of the McMartin Child Molestation Case Edgar W. Butler, 2001-05-09. This book details the painful, torturous and often unbelievable turn of events in the McMartin sexual molestation case. It offers a critical window on Salem by the Sea, revealing how civil society and the criminal justice system have mindlessly and brutally dealt with young children, their parents, defendants and their families under the guise of pursuing justice and equity.

The Early Reader in Children's Literature and Culture Jennifer Miskec, Annette Wannamaker, 2015-12-22. This is the first volume to consider the popular literary category of Early Readers books written and designed for children who are just beginning to read independently. It argues that Early Readers deserve more scholarly attention and careful thought because they are for many younger readers their first opportunity to engage with a work of literature on their own, to feel a sense of mastery over a text and to experience pleasure from the act of reading independently. Using interdisciplinary approaches that draw upon and synthesize research being done in education, child psychology, sociology, cultural studies and children's literature, the volume visits Early Readers from a variety of angles: as teaching tools, as cultural artifacts that shape cultural and individual subjectivity, as mass-produced products sold to a niche market of parents, educators and young children, and as aesthetic objects, works of literature and art with specific conventions. Examining the reasons such books are so popular with young readers as well as the reasons that some adults challenge and censor them, the volume considers the ways Early Readers contribute to the construction of younger children as readers, thinkers, consumers and as gendered, raced, classed subjects. It also addresses children's texts that have been translated and sold around the globe, examining them as part of an increasingly transnational children's media culture that may add to or supplant regional, ethnic and national children's literatures and cultures. While this collection focuses mostly on books written in English and often aimed at children living in the US, it is important to acknowledge that these Early Readers are a major US cultural export influencing the reading habits and development of children across the globe.

The Day Care Ritual

Abuse Moral Panic Mary de Young, 2004-02-23 In the United States during the early 1980s hundreds of day care providers were accused of sexually abusing their young charges in satanic rituals that included blood drinking cannibalism and human sacrifice The panic surrounding the ritual abuse of children has spread quickly to Canada Europe and Australasia and its rapid dispersion has been unimpeded by international investigations that found no evidence to corroborate the allegations and warned that a moral panic was thrusting them into professional public attention This work is a sociologically based analysis of the day care ritual abuse panic in America It introduces the concept of moral panic and analyzes its relevance to the ritual abuse scare explores the ideological political economic and professional forces that fomented the panic discusses the McMartin Preschool case as the incident that brought attention to satanic menaces and children and examines the dialect between the various interest groups that stirred up and spread the moral panic and the day care providers accused of ritual abuse Also covered are the popular culture representations of day care ritual abuse the diffusion of the scare to areas overseas the institutionally symbolic and ideologically contradictory social ends of the panic and the outcomes of the panic in various settings The book ends with a discussion of moral panic theory and how it needs to be changed for a complex multi mediated postmodern culture and what lessons can be learned from the scare

Adulthood in Children's Literature

Vanessa Joosen, 2018-09-06 While most scholars who study children's books are pre occupied with the child characters and adult mediators Vanessa Joosen re positions the lens to focus on the under explored construction of adulthood in children's literature Adulthood in Children's Literature demonstrates how books for young readers evoke adulthood as a stage in life enacted by adult characters and in relationship with the construction of childhood Employing age studies as a framework for analysis this book covers a range of English and Dutch children's books published from 1970 to the present Calling upon critical voices like Elisabeth Young Bruehl Margaret Morganroth Gullette Peter Hollindale Maria Nikolajeva and Lorraine Green and the works of such authors as Babette Cole Philip Pullman Ted van Lieshout Jacqueline Wilson Salman Rushdie and Guus Kuijer Joosen offers a fresh perspective on children's literature by focusing not on the child but the adult
