The Narrative Of Hosea Hudson His Life As A Negro Communist In The South

Marcel A. Müller

The Narrative Of Hosea Hudson His Life As A Negro Communist In The South:

The Narrative of Hosea Hudson Hosea Hudson, Nell Irvin Painter, 1994 Oral biography of the African American who was a Communist Party leader in the U S in the 1930s and 1940s *The Narrative of Hosea Hudson* Hosea Hudson, Nell Irvin Painter, 1979 The Narrative of Hosea Hudson Nell Irvin Painter, 1994 **The Cry Was Unity** Mark Solomon, 2009-10-20 The Communist Party was the only political movement on the left in the late 1920s and 1930s to place racial justice and equality at the top of its agenda and to seek and ultimately win sympathy among African Americans This historic effort to fuse red and black offers a rich vein of experience and constitutes the theme of *The Cry Was Unity* Utilizing for the first time materials related to African Americans from the Moscow archives of the Communist International Comintern *The Cry Was Unity* traces the trajectory of the black red relationship from the end of World War I to the tumultuous 1930s From the just recovered transcript of the pivotal debate on African Americans at the 6th Comintern Congress in 1928 the book assesses the impact of the Congress's declaration that blacks in the rural South constituted a nation within a nation entitled to the right of self determination Despite the theory's serious flaws it fused the black struggle for freedom and revolutionary content and demanded that white labor recognize blacks as indispensable allies As the Great Depression unfolded the Communists launched intensive campaigns against lynching evictions and discrimination in jobs and relief and opened within their own ranks a searing assault on racism While the Party was never able to win a majority of white workers to the struggle for Negro rights or to achieve the unqualified support of the black majority it helped to lay the foundations for the freedom struggle of the 1950s and 1960s *The Cry Was Unity* underscores the successes and failures of the Communist led left and the ways in which it fought against racism and inequality This struggle comprises an important missing page that needs to be returned to the nation's history AlabamaNorth Kimberley Louise Phillips, 1999 Examines the experiences and activities of African Americans in Cleveland Ohio from 1915 through 1945 discussing migration the labor market organized labor community and more Remembering Scottsboro James A. Miller, 2021-07-13 How one of the greatest miscarriages of justice in the United States continues to haunt the nation's racial psyche In 1931 nine black youths were charged with raping two white women in Scottsboro Alabama Despite meager and contradictory evidence all nine were found guilty and eight of the defendants were sentenced to death making Scottsboro one of the worst travesties of justice to take place in the post Reconstruction South *Remembering Scottsboro* explores how this case has embedded itself into the fabric of American memory and become a lens for perceptions of race class sexual politics and justice James Miller draws upon the archives of the Communist International and NAACP contemporary journalistic accounts as well as poetry drama fiction and film to document the impact of Scottsboro on American culture The book reveals how the Communist Party NAACP and media shaped early images of Scottsboro looks at how the case influenced authors including Langston Hughes Richard Wright and Harper Lee shows how politicians and Hollywood filmmakers invoked the case in the ensuing decades

and examines the defiant sensitive and savvy correspondence of Haywood Patterson one of the accused who fled the Alabama justice system Miller considers how Scottsboro persists as a point of reference in contemporary American life and suggests that the Civil Rights movement begins much earlier than the Montgomery Bus Boycott of 1955 Remembering Scottsboro demonstrates how one compelling provocative and tragic case still haunts the American racial imagination **Imagining**

Home Sidney J. Lemelle, Robin D.G. Kelley, 1994-12-17 This collection of original essays brilliantly interrogates the often ambivalent place of Africa in the imaginations cultures and politics of its New World descendants Combining literary analysis history biography cultural studies critical theory and politics Imagining Home offers a fresh and creative approach to the history of Pan Africanism and diasporic movements A critical part of the book s overall project is an examination of the legal educational and political institutions and structures of domination over Africa and the African diaspora Class and gender are placed at center stage alongside race in the exploration of how the discourses and practices of Pan Africanism have been shaped Other issues raised include the myriad ways in which grassroots religious and cultural movements informed Pan Africanist political organizations the role of African American and Caribbean intellectuals in the formation of Pan African thought including W E B DuBois C L R James and Adelaide Casely Hayford the historical ideological and institutional connections between African Americans and South Africans and the problems and prospects of Pan Africanism as an emancipatory strategy for black people throughout the Atlantic **Black Intellectuals** William M. Banks, 1996 In this important book significant because it highlights the diversity and richness of Afro American intellectual life New York Times Book Review William Banks offers a centuries deep analysis of black life in America from the days of slavery and oppression to intellectuals of the modern age such as W E B Du Bois Alain Locke Toni Morrison and Henry Louis Gates Jr Photos

Labor of Love, Labor of Sorrow Jacqueline Jones, 2009-12-29 The forces that shaped the institution of slavery in the American South endured albeit in altered form long after slavery was abolished Toiling in sweltering Virginia tobacco factories or in the kitchens of white families in Chicago black women felt a stultifying combination of racial discrimination and sexual prejudice And yet in their efforts to sustain family ties they shared a common purpose with wives and mothers of all classes In Labor of Love Labor of Sorrow historian Jacqueline Jones offers a powerful account of the changing role of black women lending a voice to an unsung struggle from the depths of slavery to the ongoing fight for civil rights *The Paralysis of Analysis in African American Studies* Stephen Ferguson II, 2023-09-21 Stephen C Ferguson II provides a philosophical examination of Black popular culture for the first time From extensive discussion of the philosophy and political economy of Hip Hop music through to a developed exploration of the influence of the postmodernism poststructuralist ideology on African American studies he argues how postmodernism ideology plays a seminal role in justifying the relationship between corporate capitalism and Black popular culture Chapters cover topics such as cultural populism capitalism and Black liberation the philosophy of Hip Hop music and Harold Cruse s influence on the cultural turn in African

American studies Ferguson combines case studies of past and contemporary Black cultural and intellectual productions with a Marxist ideological critique to provide a cutting edge reflection on the economic structure in which Black popular culture emerged He highlights the contradictions that are central to the juxtaposition of Black cultural artists as political participants in socioeconomic struggle and the political participants who perform the rigorous task of social criticism Adopting capitalism as an explanatory framework Ferguson investigates the relationship between postmodernism as social theory current manifestations of Black popular culture and the theoretical work of Black thinkers and scholars to demonstrate how African American studies have been shaped
