The Nature Of Christianity:

The Nature of Christian Doctrine Alister E. McGrath, 2024 Alister E McGrath provides a fresh and engaging account of the origins development and abiding importance of Christian doctrine The book explores why Christianity developed doctrines in the first place and why doctrines continue to be vital to the present and future of Christian communities **The Nature of Christianity in Northern Tanzania** Robert B. Munson, 2013-10-29 The Nature of Christianity in Northern Tanzania explores the relationship between the region's environment and social change during the pivotal often overlooked German colonial period 1890-1916 The work connects changes in the landscape order and biogeography closely with the beginning Christianization of the three groups on the mountains the Chagga on Mt Kilimanjaro and the Meru and Arusha peoples of Mt Meru The work tells a story which is ordered green and Christian It looks at both new ideas and plants brought by the Germans to their colony in East Africa The introduced German like order and the exotic plants changed the landscape during the short period of German rule However the changes taking root in the African societies driven primarily by the introduction of Christianity led to an acceptance and adaptation of these imports Religious change is one of the most profound elements of social change and it deeply impacted the world view of the Chagga Meru and Arusha peoples Within all three groups their worldview was closely tied to religion there is no difference between the natural and social spheres nor the religious and secular worlds In the interaction between the German and Africans the ideas use of plants and even Christianity became altered Africanized and finally propagated by the African groups helping to create the new African European landscape This heritage lives on up till today growing on the landscape nurtured by the changes in the societies of the Chagga Meru and Arusha peoples on Mt Kilimanjaro and Mt Meru **The Nature of Christian Worship** J. Alan Kay, 2017-04-07 **Starting from Scratch** John Macquarrie, 1994 Christianity and the Nature of History, *The Nature and Design of Christianity. Extracted from a late author. Extracted from a Treatise on Christian Perfection. An Abridgment, by John Wesley, of the First Chapter Of "A Practical Treatise Upon Christian Perfection," by William Law** CHRISTIANITY., 1806 The Nature and Design of Christianity. Extracted from a late author. An abridgment, by John Wesley, of the first chapter of "A Practical Treatise upon Christian Perfection," by William Law CHRISTIANITY., 1742 **Biotechnology, Human Nature, and Christian Ethics** Gerald McKenny, 2018-01-19 In public debates over biotechnology theologians philosophers and political theorists have proposed that biotechnology could have significant implications for human nature They argue that ethical evaluations of biotechnologies that might affect human nature must take these implications into account In this book Gerald McKenny examines these important yet controversial

arguments which have in turn been criticized by many moral philosophers and professional bioethicists. He argues that Christian ethics is in principle committed to some version of the claim that human nature has normative status in relation to biotechnology. Showing how both criticisms and defences of this claim have often been facile, he identifies, develops, and critically evaluates three versions of the claim and contributes a fourth, distinctively Christian version to the debate. Focusing on Christian ethics in conversation with secular ethics, McKenny's book is the first thorough analysis of a controversial contemporary issue.
