The Fair Sex Pauline E. Schloesser, 2002 Choice Outstanding Academic Title 2002 Once the egalitarian passions of the American Revolution had dimmed the new nation settled into a conservative period that saw the legal and social subordination of women and non white men Among the Founders who brought the fledgling government into being were those who sought to establish order through the reconstruction of racial and gender hierarchies In this effort they enlisted the fair sex Mercy Otis Warren Abigail Smith Adams and Judith Sargent Murray each of whom was acutely aware of their tenuous position in the founding era of the republic Carefully negotiating the gender and racial hierarchies of the nation they at varying times asserted their rights and demurred to male governance In their public and private actions they represented the paradigm of racial patriarchy at its most complex and its most conflicted

Revolutionary Subjects in the English "Jacobin" Novel, 1790-1805 Miriam L. Wallace, 2009 The Jacobin novel was labeled as such in Britain because of its supposed connections to the French Revolution This book takes an in

depth look at these novels written between 1790 and 1805 She centers on the group surrounding Wollstonecraft and Godwin although not exclusively exploring the limits of their philosophy of human rights and personal subjectivity Unlike other recent scholars the author treats both male and female writers making feminism an aspect of the work but not the overriding one While the novels are the main focus other work by the writers is considered as it pertains to their beliefs She also discusses the reaction from those who defined the Jacobins by opposing them Back Over the Sexual Contract Lorenzo Rustighi, 2021-12-27 Is patriarchy an illness of democratic societies or a structural problem To answer this dilemma Back Over the Sexual Contract A Hegelian Critique of Patriarchy examines the dilemma of patriarchy in modern European political theory by reopening the question of the sexual contract Through a study of the thought of Thomas Hobbes John Locke Jean Jacques Rousseau and Immanuel Kant Lorenzo Rustighi argues that the conceptual roots of male patriarchal entitlement should be sought in the logic of authorized power that underpins the modern understanding of both the state and the family Challenging the mainstream distinction between the private and the public Rustighi provocatively suggests that patriarchy is not something that undermines democracy as an alien threat but is rather inscribed in the intrinsically anti democratic effects of the concept of democracy construed by the modern rationale of the social contract He puts forward a Hegelian argument to propose an unconventional constitutional approach to feminist political theory that helps us rethink democracy beyond its inherent impasses **The Post-Fordist Sexual Contract** Lisa Adkins, Maryanne Dever, 2016-03-16 This collection analyzes shifting relationships between gender and labour in post Fordist times Contingency creates a sexual contract in which attachments to work mothering entrepreneurship and investor subjectivity are the new regulatory ideals for women over a range of working arrangements and across classed and raced dimensions
