The Near East in History Philip Khuri Hitti,1961 Illustrations include col front and maps **A Basic Bibliography for the Study of the Semitic Languages** J. H. Hospers,1973 World Monarchies and Dynasties John Middleton,2015-06-01

Throughout history royal dynasties have dominated countries and empires around the world Kings queens emperors chiefs pharaohs czars whatever title they ruled by monarchs have shaped institutions rituals and cultures in every time period and every corner of the globe The concept of monarchy originated in prehistoric times and evolved over centuries right up to the present Efforts to overthrow monarchies or evade their rule such as the American French Chinese and Russian revolutions are considered turning points in world history Even today many countries retain their monarchies although in vastly reduced form with little political power One cannot understand human history and government without understanding monarchs and monarchies This fully illustrated encyclopedia provides the first complete survey of all the major rulers and ruling families of the world past and present No other reference work approaches the topic with the same sense of magnitude or connection to historical context Arranged in A Z format for ease of access World Monarchies and Dynasties includes information on major monarchs and dynasties from ancient time to the present This set includes overviews of reigns and successions genealogical charts and dynastic timelines addresses concepts problems and theories of monarchy provides background and information for further research highlights important places structures symbols events and legends related to particular monarchs and dynasties includes a master bibliography and multiple indexes **Ancient and Modern Chaldean History** Ray Kamoo,1999 This volume presents a depiction of the Aramaic tribes of Mesopotamia it explores the ancient and modern periods the civil and religious influences and the pagan and Christian heritage For the past five centuries the name Chaldean has been applied to Aramaic speaking people of Mesopotamia and was the last term used to indicate Mesopotamian identity The author was inspired by the presence of over a hundred thousand Chaldeans in the United States to produce this reference He cites books and articles that deal with the history and culture ancient and modern periods the civil and religious influences and the pagan and Christian heritage The unannotated entries are arranged first by ancient and modern periods then by form such as English books and non English journal articles *Middle East: Tricontinental Hub* United States. Department of the Army,1965 Middle East United States. Department of the Army,1965 **Middle East: Tricontinental Hub: A strategic survey** United States. Department of the Army,1965 *Socio-Religious Reform Movements in British India* Kenneth W. Jones,1989 Socio religious Reform Movements in British India will appeal to students and scholars in a wide variety of social scientific disciplines **Physics of Self-Organization and Evolution** Werner Ebeling,Rainer Feistel,2011-10-17 This thoroughly updated version of the German authoritative work on self organization has been completely rewritten by internationally renowned experts and experienced book authors to also include a review of more recent literature It retains the original enthusiasm and fascination surrounding thermodynamic systems far from

equilibrium synergetics and the origin of life representing an easily readable book and tutorial on this exciting field The book is unique in covering in detail the experimental and theoretical fundamentals of self organizing systems as well as such selected features as random processes structural networks and multistable systems while focusing on the physical and theoretical modeling of natural selection and evolution processes The authors take examples from physics chemistry biology and social systems and include results hitherto unpublished in English The result is a one stop resource relevant for students and scientists in physics or related interdisciplinary fields including mathematical physics biophysics information science and nanotechnology , **Middle Eastern Affairs** ,1963

The to Z of Islam Ludwig W. Adamec,2009-09-02 Along with a list of abbreviations and acronyms and a map of the Islamic world a chronology lists important dates from the 6th to the end of the 20th century and an introductory chapter outlines the history of Islam A comprehensive bibliography guides the serious student for further research BOOK JACKET **Islam: Global Christian Perspectives** Wageeh Mikhail,2024-07-30

There are hundreds of books on Islam after all it is the second largest religion on the planet Few however are the books written by Christian scholars of Islam who live and work in Muslim majority countries Here lies the value of this current volume It addresses Islam Islamic history Islamic theology and Christian Muslim relations from global Christian perspectives where contributors describe experiences and narratives of conversations obstacles cohabitation understanding and cooperative efforts between Christians and Muslims in a variety of Middle Eastern African and Asian nations including Egypt Ghana India Jordan Lebanon and Nigeria This book treats Islam academically and from a Christian standpoint Authors discuss historical interactions between Christians and Muslims and where relevant current avenues for work for the common good Let Shepherding Endure Gideon M. Kressel,2012-02-01 Examining the crucial problems confronting present day livestock breeders principally Bedouin and Jews in Israel but also pastoral nomads in neighboring Middle Eastern countries Let Shepherding Endure proposes new ways for these governments to enhance and sustain the long term future development of shepherding communities Adopting a broad historical and anthropological perspective on the topic and assessing various pastoral relief programs Kressel proposes an alternative program whereby the region s states would promote a brand of pastoralism that preserves rangeland herding while keeping in step with the contemporary cultural and political context This truly visionary set of recommendations would have several dividends especially for the Bedouin their cultural legacy in danger of obsolescence would be preserved while at the same time enhancing both their pastoral skills and ability to secure a livelihood from herding **Catalogue of the Colonial Office Library, London** Great Britain. Military Intelligence and the Arab Revolt Polly A. Mohs,2010-04-05 Military Intelligence and the Arab Revolt examines the use and exploitation of intelligence in formulating Britain s strategy for the Arab Revolt during the First World War It also presents a radical re examination of the achievements of T E Lawrence Lawrence of Arabia as an intelligence officer and guerrilla leader Modern intelligence techniques such as Sigint Imint and Humint were incorporated into strategic

planning with greater expertise and consistency in Arabia than in any other theatre during the war and their deployment as tactical support for the Arab forces was decisive Using much previously unpublished material this study shows conclusively how Britain's intelligence community in Arabia influenced the conduct of the Arab campaign promoted a full scale guerrilla war and thereby facilitated the Arab armies march north into Syria Palestine and the modern Middle East Polly A Mohs contributes to the unveiling of another hidden corner of the history of the Middle East and to a better understanding of the significance of intelligence in formulating strategic processes in the modern era Military Intelligence and the Arab Revolt will be of much interest to students of intelligence studies military history Middle East history British imperial history guerrilla warfare and insurgency

When Histories Collide Raymond D. Crotty, 2001 The late economic historian Raymond Crotty a specialist on economic development in Ireland left a challenging work that addresses the processes of world history from the neolithic revolution up to the end of the 20th century On the way Crotty tried to explain phenomena as diverse as the role of pastoral migrations India's holy cows the decline of the Roman empire feudalism slavery Britain's early modern development the patterns of Western colonization the lack of socio economic development in the contemporary third world and the developmental success of Japan and China Crotty's interdisciplinary framework combines elements agricultural economics nutritional science development studies and demography into a comprehensive theory of history that will challenge and intrigue historians social scientists and their students

Historical Dictionary of Islam Ludwig W. Adamec, 2016-12-14 Muslims believe that the Koran is God's message in Arabic revealed through the medium of the Prophet Muhammad for the guidance of the Arabs and subsequently for all humanity There is both unity and variety in the Islamic world Muslims are not a homogeneous people who can be explained solely by their normative texts the Koran and the Sunnah Muslims differ vastly in their interpretation of Islam modernists want to reinterpret Islam to adapt to the requirements of modern times while traditionalists tend to look to the classical and medieval periods of Islam as their model of the Islamic state This third edition of Historical Dictionary of Islam contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on major sects schools of theology and jurisprudence as well as aspects of Islamic culture This book is an excellent resource for students researchers and anyone wanting to know more about Islam

[The Library Catalogs of the Hoover Institution on War, Revolution, and Peace, Stanford University](#) Hoover Institution on War, Revolution, and Peace, 1969 *Muslim Spain Reconsidered* Richard Hitchcock, 2014-02-18 Covers the period from 711 to 1502 giving readers a substantial overview of what it was that made Muslim Spain a unique and successful society and of its powerful legacy in the formation of modern Spain
