The New England Town Meeting Democracy In Action:

The New England Town Meeting Joseph F. Zimmerman, 1999-03-30 In this groundbreaking study Zimmerman explores the town meeting form of government in all New England states This comprehensive work relies heavily upon surveys of town officers and citizens interviews and mastery of the scattered writing on the subject Zimmerman finds that the stereotypes of the New England open town meeting advanced by its critics are a serious distortion of reality He shows that voter superintendence of town affairs has proven to be effective and there is no empirical evidence that thousands of small towns and cities with elected councils are governed better Whereas the relatively small voter attendance suggests that interest groups can control town meetings their influence has been offset effectively by the development of town advisory committees particularly the finance committee and the planning board which are effective counterbalances to pressure groups Zimmerman provides a new conception of town meeting democracy positing that the meeting is a de facto representative legislative body with two safety valves open access to all voters and the initiative to add articles to the warrant and the calling of special meetings to reconsider decisions made at the preceding town meeting And as Zimmerman points out a third safety valve the protest referendum can be adopted by a town meeting *The New England Town Meeting*

Pauper Auction Mary Kronenwetter, 2022-03-01 A gorgeous and meticulously researched historical fiction examining a young woman s struggle to escape unexpected poverty and find autonomy and purpose in early New England Mankind are always seeking after happiness in some way or another Leavitt s Farmer s Almanac 1805 The fall from beloved wife of the town blacksmith to widowed pauper was swift Margery Turner sits in the Thorneboro New Hampshire Meetinghouse on the second Tuesday of March 1805 She and the other indigent town residents wait their turn to be auctioned out to the lowest bidder who will accept the paupers into their homes in return for town funds The young widow

and an abandoned child named Agnes find themselves taken in by farmer and ciderist Samuell Wheeler and his elderly mother renowned bed rug maker Hannah Wheeler Margery swears to herself that she will not forever remain a pauper in purse or purpose Secrets and sorrows live on the prosperous farm An itinerant Abenaki stonemason Sozap Wz khilain known as Joseph joins the household and touches each of their lives in unexpected ways The farm is the setting for danger and tragedy as well as simple joys and blossoming love In Pauper Auction strangers become friends confidantes and lovers Tragedy becomes hope and a family of the heart help each other find their futures together and apart Rich and atmospheric period description and a strong sense of New England enhance this immersive narrative Meticulously researched details of early 19th century foodways and the crafts of blacksmithing traditional stone wall building needlework hearth cooking and hard cider making bring Margery s world to life The novel is a perfect bookclub pick with themes that transcend time A significant Afterword and Discussion Questions are included in the book

Democratic Extremism in Theory and Practice Paul Lucardie,2013-12-04 Democracy and extremism are usually considered as opposites We assume that our system in the UK the USA the Netherlands etc is democratic and extremists try to destroy our system and introduce some kind of dictatorship if not chaos and anarchy Yet in many cases the extremists seem sincere in their attempt to construct a more democratic polity Hence they can be called democrats and yet also extremists in so far as they strive for a regime with characteristics that are more extreme in a significant sense This book analyses radical and extreme democratic theories and ideas in their historical context interlocked with critical descriptions of historical institutions and experiments that help to evaluate the theories Cases range from ancient Athens to recent experiments with citizen juries and citizen assemblies from the time honoured Swiss Landsgemeinde to contemporary and controversial workers councils in Venezuela and participatory budgeting in Porto Alegre Among the theorists discussed here are familiar names as well as relatively unknown persons Jean Jacques Rousseau and Karl Marx Murray Bookchin and John Burnheim William Godwin and Barbara Goodwin Anton Pannekoek and Heinz Dieterich Whereas the extreme ideas do not seem to work very well in practice they do indicate ways by which we could make existing political systems more democratic This book will be of interest to students of Politics and Current Affairs as well as inspiration to political activists and reformists

Democratic Justice and the Social Contract Albert Weale,2013-08-15 The book offers a novel and original synthesis of work in modern political theory and in political science and political economy to offer a theory of democratic justice considering society as a social contract

Experimentalist Governance Bernardo Rangoni,2023 This book demonstrates the conditions trajectories and mechanisms of non hierarchical experimentalist governance Analysing five crucial domains electricity gas communications finance and pharmaceuticals in the European Union it examines when how and why non hierarchical institutions affect policy processes and outcomes

The American Mercury ,1924 *The Silent Sex* Christopher F. Karpowitz,Tali Mendelberg,2014-08-24 Do women participate in and influence meetings equally with men Does gender shape how a meeting

is run and whose voices are heard The Silent Sex shows how the gender composition and rules of a deliberative body dramatically affect who speaks how the group interacts the kinds of issues the group takes up whose voices prevail and what the group ultimately decides It argues that efforts to improve the representation of women will fall short unless they address institutional rules that impede women s voices Using groundbreaking experimental research supplemented with analysis of school boards Christopher Karpowitz and Tali Mendelberg demonstrate how the effects of rules depend on women s numbers so that small numbers are not fatal with a consensus process but consensus is not always beneficial when there are large numbers of women Men and women enter deliberative settings facing different expectations about their influence and authority Karpowitz and Mendelberg reveal how the wrong institutional rules can exacerbate women s deficit of authority while the right rules can close it and in the process establish more cooperative norms of group behavior and more generous policies for the disadvantaged Rules and numbers have far reaching implications for the representation of women and their interests Bringing clarity and insight to one of today s most contentious debates The Silent Sex provides important new findings on ways to bring women s voices into the conversation on matters of common concern **State & Local Government Review** ,2004
