The New Inquisition Robert Anton Wilson,1987 **A Compendium of Ecclesiastical History, Volume 5** John C. L. Gieseler,2021-11-25 *Inquisition* Edward Peters,1989-04-14 This impressive volume is actually three histories in one of the legal procedures personnel and institutions that shaped the inquisitorial tribunals from Rome to early modern Europe of the myth of The Inquisition from its origins with the anti Hispanists and religious reformers of the sixteenth century to its embodiment in literary and artistic masterpieces of the nineteenth century and of how the myth itself became the foundation for a history of the inquisitions **A Practical and Elementary Abridgment of the Cases Argued and Determined in the Courts of King's Bench, Common Pleas, Exchequer, and at Nisi Prius** Charles Petersdorff,1830 **A Compendium of Ecclesiastical History** Johann Karl Ludwig Gieseler (German Theologian.),1855 *A Text-Book of Church History* John C. L. Gieseler,Samuel Davidson,John Winstanley Hull,Henry B. Smith,2024-03-13 Reprint of the original first published in 1855 **History of the Christian Church** James Craigie Robertson,1873 **COVID-19 and Social Change in Spain** Carlos de Castro,Andrés Pedreño,Marta Latorre,2022-11-18 Originating in the popular Sociolog a en Cuarentena blog this volume provides a detailed and multifaceted analysis of the social impact of the COVID 19 pandemic in Spain This book originates in the great upheaval caused by the COVID 19 pandemic when the unprecedented announcement of global lockdowns paralysed the world and put social relations on hold In response a loose collective of sociologists historians and philosophers from various Spanish universities began to share their reflections on the pandemic on the Sociolog a en Cuarentena blog This book takes some of those thoughts and delves deeper into the recurring themes as they relate to the Spanish experience of the pandemic The chapters in the first part of the book address the social and political context of the various measures put in place by the government to deal with the health economic and social effects of the pandemic Subsequently several chapters examine how the pandemic led to important reflections on uncertainty and authority in processes of scientific knowledge production Other chapters analyse the effects of the pandemic on demographics the organisation of care the education system the organisation of work and the recognition of essential workers immigration policies and the digitalisation of society Collectively the contributions call into question the narrative of exceptionalism that views the pandemic as a singular event that is uniquely responsible for the present situation of uncertainty and instability They also draw attention to the fragility of social prestige and trust in neglected and weakened public institutions as well as identifying a growing socio political polarisation that may be highly significant in the future This collection will appeal to students and researchers with an interest in contemporary Spain and the socio political effects of the COVID 19 pandemic *Italian Prisons* Arthur Griffiths,2020-08-04 Reproduction of the original Italian Prisons by Arthur Griffiths **Ferdinand and Isabella** J. Edwards,2014-06-11 This book is about a couple not a single dominant ruler Thus it raises issues of gender and the dynamics of a marriage over thirty five years as well as the practice of monarchical power

The reader sees Ferdinand and Isabella struggle to establish their regime and then work out an elaborate reform programme in Church and State. It sees them fight a total war by fifteenth century standards against Muslim Granada leading to that kingdom's conquest and an equally total war through the Inquisition and the Church in general to convert Spanish Jews and Muslims to Christianity and to reform and purify the religious and social lives of the established Christians themselves.
