The New International Commentary On The New Testament The Epistle To The Romans:

The Epistle to the Romans Douglas J. Moo, 1996-09-30 Paul's letter to the Romans has been called the quintessence and perfection of saving doctrine. Perhaps the most challenging and thoroughly doctrinal book of the entire New Testament, Romans deals with many issues that are basic to Christian theology and practice. In *The Epistle to the Romans*, respected New Testament scholar Douglas Moo provides a superb study of Paul's letter to the Roman Christians and restates the enduring message of Romans for Christians today. Originally written for the Wycliffe Exegetical Commentary series, this work has been substantially expanded and adapted for the NICNT series; it now treats the entire book of Romans rather than the first half. Based on the English text but bringing into the discussion the underlying Greek at every point, this commentary focuses both on theological meaning and on contemporary significance. Moo makes a contribution to the continuing debate regarding Paul's teaching on such issues as Jewish law and the relationship between the Jews and Gentiles in the people of God. He also critically interacts with the new perspective on Paul. Highlights Romans's emphasis on practical divinity and traces the theme of gospel throughout the epistle. Encountering the Book of Romans (Encountering Biblical Studies) Douglas J.

Moo, 2014-07-08 In this updated edition of his successful textbook, a leading evangelical New Testament scholar offers a guide to the book of Romans that is informed by current scholarship and written at an accessible level. The new edition has been updated throughout and features a new interior design. After addressing introductory matters and laying the groundwork for reading Romans, Douglas Moo leads readers through the weighty argument of this significant book, highlighting key themes, clarifying difficult passages, and exploring the continuing relevance of Romans. As with other volumes in the well-received *Encountering Biblical Studies* series, this book is designed for the undergraduate classroom and includes pedagogical aids such as photos and sidebars. A test bank for professors is available through Baker Academic's Textbook eSources. *The Letter to the Romans* Douglas J. Moo, 2018-11-26 For more than twenty years, Douglas Moo's NICNT

volume on Romans has been providing pastors, students, and scholars with profound insight into Paul's most famous letter. In this thorough revision of his commentary, Moo deals with issues that have come into prominence since the first edition, 1996, incorporating the latest research and rewriting the text throughout for better comprehension. Exegetically astute and theologically minded, Moo interacts critically with the new perspective on Paul, highlights the emphasis in Romans on practical divinity, and traces the theme of the gospel throughout the letter. His *Letter to the Romans* in this second edition will inform and enlighten a new generation of serious Bible readers. **Biblical Greek Exegesis** George H. Guthrie, J. Scott

Duvall, 1998 This intermediate, advanced text and workbook teaches syntax as well as exegesis by means of a modified inductive approach. **Women's Evangelical Commentary: New Testament** Dorothy Kelley Patterson, Rhonda
