Otamatone Songbook 53 Easy Songs from Different Countries Helen Winter, This book includes 53 popular rhythmic and easy to play folk songs and melodies from all over the world Through music we are brought together and we can gain a better understanding of people from all corners of the Earth We recommended scanning the QR code on each page and listening to the melody and rhythm before playing This is the most natural method to learn music You do not need to have any musical experience or be able to read music using this book Our circles do not show the pitch and duration of notes and rhythmic patterns All melodies were simplified for a one octave Otamatone The Otamatone is an electronic musical device that operates on batteries Its name blends the Japanese otamajakushi which means tadpole or ladle with tone reflecting both its appearance and the sounds it produces Though originally made as a toy it has gained popularity among musicians as a playful yet expressive instrument

How to Use Move the volume switch on the back to the right and adjust it to a moderate level Tap the black strip on the stem with your fingers to generate sound One of the Otamatone s most entertaining aspects is its flexible squeezable face While holding down a note press both sides of its head to open its mouth altering the tone with a vocal like wah effect

Adjusting the Pitch Deluxe Models Generally these start at C and extend up to G sharp covering about one and a half octaves but some variations begin at different notes such as F to A Refer to the manual for specifics

Standard Models These span a single octave from C to C Due to their compact size shifting between notes requires minimal finger movement You can adjust the octave range with the switch on the back

Digital Models Unlike standard and deluxe versions which use a smooth touch sensitive strip digital models feature piano style keys along the stem for a different playing experience If your Otamatone doesn t have labeled notes you can use masking tape along the stem and mark note positions with the help of a tuner The free Otama Tuner website can assist in identifying pitches For beginners pre made Otamatone note stickers available on Amazon can be a convenient solution Be aware that note placement isn t fixed it can shift up or down due to temperature humidity and battery levels Installing fresh batteries can

restore its pitch range but the instrument cannot be permanently tuned to keep notes in the same spots Because of this avoid marking notes directly on the stem with permanent ink However digital models remain consistently in tune Playing Techniques Pressing Method Simply press the stem with your fingertips to produce a sound This is the easiest way to play and perfect for beginners Sliding Method Hold down the stem while gliding your fingers up or down to change pitch This allows for fluid transitions that aren't possible on fixed pitch instruments like a piano Maintain steady pressure while sliding for a smooth sound Vibrato Effect Hold a note and rapidly shake your wrist to add a quivering effect Alternatively grip the Otamatone's face with your thumb and middle finger while gently moving your hand causing the whole instrument to vibrate for a similar sound Portamento Gliding Notes Move seamlessly between notes by sliding your fingers along the stem much like playing a slide whistle Wow Effect For a human like vocalization press a note and then squeeze the Otamatone's face to open its mouth This produces a distinctive wow wow sound giving the illusion that the instrument is singing To achieve the best result play the note first and then open the mouth Expanding Your Sound If you have an Otamatone Neo or Otamatone Techno you can connect it to external devices for even more versatility Use a 3.5mm stereo cable to link it to a smartphone and unlock new sounds with the Otamatone Studio app This app offers Sound effects Instrument variations guitar violin flute synthesizer even a cat's meow Different musical scales Rhythm settings A piano keyboard simulation for more precise playing List of Songs North America Alice the Camel Ani Couni Chaouani Aura Lee Bim Bum Biddy Buckeye Jim Jacob's Ladder Li'l Liza Jane Kum Ba Yah Michel Row Your Boat Over the River Peace Like a River Latin America Brinca la Tablita Cucaracha DoDo Petit PoPo Tingalayo Cumpleaños Feliz Lost my Gold Ring Los Pollitos Dicen Africa Banuwa Che Che Koolay Do Do Ki Do Funga Alafia Kanzenzenze Labe igi Orombo Obwisana Sansa Kroma Shosholoza Welcome Song Europe Five Little Ducks Five Little Monkeys Hush Little Baby Old Mother Hubbard This Old Man See Saw Margery Daw Buenos Dias Donde estan las Llaves Au Clair de la Lune Pirouette Cacahuete Frere Jacques Are You Sleeping Un Petit Cochon Vous Diraije Maman Twinkle Little Star Giro Giro Tondo Oh Che Bel Castello Mein Hut My Hat Asia Kalinka Kum Bachur Atzel Anile Anile Gayatri Mantra Maha Mrityundjaya Mantra Zhao Peng You Hotaru Koi Australia Oceania Epo i Tai Tai e Kangaroo Skippy Roo
