Todd Haynes Rob White, 2013-02-15 Todd Haynes's films are intricate and purposeful combining the intellectual impact of art cinema with the emotional accessibility of popular genres They are also underpinned by a serious commitment to feminism and queer theory From his 1985 student film about Arthur Rimbaud to his shapeshifting portrait of Bob Dylan in *I'm Not There* 2007 and the riveting HBO miniseries *Mildred Pierce* 2011 Haynes has made films whose complex weave of stories and characters reveals dark painful intensities His taste for narrative experimentation and pastiche is haunted by anguish Rob White's highly readable book which includes a major new interview with Haynes is the first comprehensive study of the director's work Special attention is paid to the fascination with music culture from the Carpenters to glam rock and to the rich pattern of allusions to or affinity with predecessor filmmakers Fassbinder Ophüls Sirk and many more But White's chief concern is the persistence of a queer impulse to explore social coercion and the possibility that there may be some way of escaping its cruelty

Eleanor Rigby Zamir Osorov, 2014-06-18 This novel is as a keepsake It comes to us from times irreversable when the Kyrgyz Republic was still solidly embedded in the USSR and few people dared to dream about an independent future For most Kyrgyz contacts with the West were limited to the one way traffic of Beatles cassettes brought about by Soviet soldiers serving in Eastern Europe In those late seventies early eighties a period of stability in Soviet history the events of this story take place Four students experimenting with telepathy turn upside down their home village when one of them fixes in his dream a date with an english girl In expectation of her arrival the students agitate the whole population to tidy up their houses the streets and in the meantime their morality Kyrgyz tradition prescribes hospitality but the isolated village lacks of many elementary conveniences By depicting the struggle with the bureaucratic authorities which the students have to fight in order to improve the life circumstances the writer shows the defects of the political system The novel is a cultural critique a profound complaint against the mentality of inertness fostered throughout decades of Soviet rule Though the students are oriented to the West they love their homeland and keep hoping for a better future Now that reality has surpassed all dreams

and Kyrgyzstan has become a democratic republic people ardently try to get rid of the past Contacts with the West flourish in the form of international organisations which aim to develop a civil society in Central Asia As a journalist the author is watching the changes in his country attentively His novel was an invitation for the West to come but the story doesn't end with it We can expect a following up since these times of transformation are fascinating for all who are interested in the young republics of the former USSR The editor Kirsten Verpaalen anthropologist *Adoring Outlander* Valerie Estelle Frankel, 2016-02-17 What is behind Outlander fever the hit television drama's popularity Is it author Diana Gabaldon's teasing posts on social media Is it the real history reimagined The highly emotional melodrama Or is it the take charge heroine and the sweet hero in a kilt One of the show's biggest draws is its multigenre appeal Gabaldon whose Outlander novels form the basis of the series has called it science fiction fantasy romance historical fiction and military fiction depending on her audience This collection of new essays explores the series as a romance a ghost story an epic journey a cozy mystery a comedy of manners a gothic thriller and a feminist answer to Game of Thrones and considers the source of its broad appeal **Film and Knowledge** Kevin L. Stoehr, 2015-10-03 Film has become such an underpinning of art and pop culture that its potential for inspiring serious thought is often overlooked Our intellectual involvement with film has been minimized as more in the audience want to be merely amazed and entertained Essays written by both established and cutting edge philosophers of film concentrate in this work on the value of film in general and the value of certain films in particular for the study and teaching of ideas The essays explore such topics as the significance of narrative unity for self knowledge in David Lynch's Lost Highway and in Paul Schrader's Affliction ambiguity and responsibility in Akira Kurosawa's Rashomon consciousness and cognition in Orson Welles's Citizen Kane skepticism in Alfred Hitchcock's Suspicion and David Cronenberg's Naked Lunch language and gender in Neil Jordan's The Crying Game Platonic idealism in Chris Marker's La Jetee race in Spike Lee's Summer of Sam the concept of the imagination in cognitive film theory and the role of ideology in feminist film theory Instructors considering this book for use in a course may request an examination copy here **History of Ancient Greek Literature** Franco Montanari, 2022-05-09 Spanning over 1100 pages this two volume work offers the most comprehensive and up to date history of ancient Greek literature from Homer to Late Antiquity Its clear structure and detailed presentation of Greek authors and their works as well as literary genres and phenomena makes it an indispensable reference work for all those interested in Greek Antiquity Operas in English: A Dictionary Margaret Ross Griffel, 2012-12-21 In this revised and expanded edition of Operas in English A Dictionary Margaret Ross Griffel updates her work on operas written specifically to an English text including not only works originally in English but also those set to new English librettos Since the book's initial publication in 1999 Griffel has added nearly 900 new items bringing the total number of entries in this new edition to 4 400 covering the world of opera in English from 1634 through 2011 The front matter includes a brief history of English opera to set the stage for the dictionary entries that follow Listed alphabetically

The Sacred Complex William Kerrigan, 1983 This reading of Milton juxtaposes the poet's theology and Freud's account of the Oedipus complex in ways that yield both new understanding of Milton and a model for psychoanalytic interpretation of literature The book ranges widely through the art and life of Milton including extensive discussions of his theological irregularities and the significance medical and symbolic he assigned to his blindness Kerrigan analyzes the oedipal aspect of Milton's religion examines the nature of the Miltonic godhead studies Milton's analogies linking human angelic and cosmic bodies and explores Milton's symbolism of home In a commanding demonstration Kerrigan delineates how the great epic and the psyche of its author bestow meaning on each other

Threshold Poetics Susannah B. Mintz, 2003 Threshold Poetics Milton and Intersubjectivity is a study of the challenge intersubjective experience poses to doctrinal formulations of difference

Focusing on *Paradise Lost* and *Samson Agonistes* and using feminist and relational psychoanalytic theory the project examines representations of looking working eating conversing and touching to argue that encounters between selves in threshold space dismantle the binary oppositions that support categorical thinking A key term throughout the study is recognition defined as the capacity to tolerate both sameness and difference between separate selves Recognition of likeness in difference thus undermines the exclusionary logic of patriarchal and political hierarchies Both Eve and Dalila demonstrate the ability to respect the borders of the other while seeking out similarity but where *Paradise Lost* depicts the eventual achievements of intersubjective understanding between Adam and Eve after the fall *Samson Agonistes* records its failure when Samson maintaining the boundaries of difference refuses Dalila's effort to make contact

Memoirs of the Life of Isaac Penington Joseph Gurney Bevan, 1807

The Collected Works of Eric Voegelin Eric Voegelin, 1998 Annotation

Examining the emergence of modernity within the philosophical and political debates of the sixteenth century *Religion and the Rise of Modernity* resumes the analysis of the great confusion introduced in Volume IV of *History of Political Ideas* Encompassing a vast range of events ignited by Luther's Ninety Five Theses this period is one of controversy revolution and partiality Despite the era's fragmentation and complexity Voegelin's insightful analysis clarifies its significance and suggests the lines of change converging at a point in the future the medieval Christian understanding of a divinely created closed cosmos was being replaced by a distinctly modern form of human consciousness that posits man as the proper origin of meaning in the universe Analyzing the most significant features of the great confusion Voegelin examines a vast range of thought and issues of the age From the more obvious thinkers to those less frequently studied this volume features such figures as Calvin Althusius Hooker Bracciolini Savonarola Copernicus Tycho de Brahe and Giordano Bruno Devoting a considerable amount of attention to Jean Bodin Voegelin presents him as a prophet of a new true religion amid the civilizational disorder of the post Christian era Focusing on such traditional themes as monarchy just war theory and the philosophy of law this volume also investigates issues within astrology cosmology and mathematics *Religion and the Rise of Modernity* is a valuable work of scholarship not only because of its treatment of individual thinkers and doctrines influential in the sixteenth century and beyond but also because of its close examination of those experiences that formed the modern outlook
