The Name Of The Poet:

The Poetry of He Zhu (1052-1125) Stuart Sargent, 2007-03-31 The Northern Song poet He Zhu is best known for his lyrics ci but also produced shi poetry of subtlety wit and feeling This study examines the latter as a response to the options available to a late eleventh century writer in the pentametrical and heptametrical forms of Ancient Verse Regulated Verse and Quatrains Numerous comparisons are made with Su Shi Huang Tingjian Du Fu and other important writers In a major advance over previous methodologies the author uses a clear system of metrical notation to show how sound patterns reveal the poet's artistic and emotional intentions This innovation and the author's other meticulous explorations of He Zhu's artistry allow us to experience Chinese poetry as never before From the reader's report not just an excellent study of an individual poet but also a model of reading the language of classical Chinese poetry opens up a world of interpretive territory heretofore seldom explored

The Poet's Voice Simon Goldhill, 1991 A study of ancient Greek poetry analysing the question what is a poet

Solitude and Speechlessness Andrew Mattison, 2019-07-15 Recent literary criticism along with academic culture at large has stressed collaboration as essential to textual creation and sociability as a literary and academic virtue Solitude and Speechlessness proposes an alternative understanding of writing with a complementary mode of reading literary engagement it suggests is the meeting of strangers each in a state of isolation The Renaissance authors discussed in this study did not necessarily work alone or without collaborators but they were uncertain who would read their writings and whether those readers would understand them These concerns are represented in their work through tropes images and characterizations of isolation The figure of the isolated misunderstood or misjudged poet is a preoccupation that relies on imagining the lives of wandering and complaining youths eloquent melancholics exemplary hermits homeless orphans and retiring stoics such figures acknowledge the isolation in literary experience As a response to this isolation of literary connection Solitude and Speechlessness proposes an interpretive mode it defines as strange reading a reading that merges comprehension with indeterminacy and the imaginative work of interpretation with the recognition of historical difference

It Is the Same Light Daljit Singh Jawa, 2015-03-28 Sri Guru Granth Sahib is generally known as the holy scripture of Sikhism the world's fifth largest religion But this holy scripture is neither a storybook nor just the philosophy of the Sikh saints or prophets It is more like a collection of divine revelations and hymns expressing the feelings of love and devotion of the Sikh Gurus for the Supreme Being along with the similar yearnings and longings of the devotees and saints from all faiths prevalent in Indian subcontinent during those times The beauty of this 1430 page hymnal written in 22 different languages lies in the fact that while it spiritually connects the human mind to the original source of eternal bliss it provides a very practical and effective way to live in love and harmony with other fellow human beings irrespective of their faith color caste creed or race The following are a few examples of the views of eminent writers

The Early Poetry of Robert Graves Frank L. Kersnowski, 2013-11-06 Like many men of his generation poet Robert Graves was indelibly marked by his experience of trench warfare in World War I The horrific battles in which he fought and his guilt over surviving when so many perished left Graves shell shocked and disoriented desperately seeking a way to bridge the rupture between his conventional upbringing and the uncertainties of postwar British society In this study of Graves's early poetry Frank Kersnowski explores how his war neurosis opened a door into the unconscious for Graves and led him to reject the essential components of the Western idea of reality reason and predictability In particular Kersnowski traces the emergence in Graves's early poems of a figure he later called The White Goddess a being at once terrifying and glorious who sustains life and inspires poetry Drawing on interviews with Graves's family as well as unpublished correspondence and drafts of poems Kersnowski argues that Graves actually experienced the White Goddess as a real being and that his life as a poet was driven by the purpose of celebrating and explaining this deity and her matriarchy
